DYDDIAD: 28 Gorffennaf 2022

LLEOLIAD: Siambr y Cyngor, Penmorfa

TEITL: Gwasanaethau Arbenigol Porth Cynnal (Plant ac Oedolion)

**ADRODDIAD RHEOLI PERFFORMIAD Y GWASANAETH
ADOLYGU ANNIBYNNOL
CHWARTER 3 2021 – 2022**

PWRPAS YR ADRODDIAD: Monitro cynnydd plant sy'n derbyn gofal trwy waith craffu Swyddogion Adolygu Annibynnol o'u cynlluniau a'u lleoliadau yn ystod trydydd chwarter 2021/2022. Mae'r wybodaeth hon yn cynorthwyo'r Aelodau i gyflawni eu swyddogaethau fel Rhieni Corfforaethol.

**RHESWM Y MAE'R
PWYLLGOR CRAFFU
WEDI GOFYN AM Y
WYBODAETH HON:**

Sicrhau bod yr Awdurdod Lleol a'r Aelodau yn gallu cyflawni eu dyletswyddau fel Rhieni Corfforaethol.

CEFNDIR:

Atodir Adroddiad y Gwasanaeth Adolygu Annibynnol ar gyfer Chwarter 3 2021/2022.

Caiff adroddiadau chwarterol eu rhoi gerbron y Pwyllgor Trosolwg a Chraffu Cymunedau Iachach fel rhan o'r ystyriaeth barhaus o'r pwnc i sicrhau bod yr Awdurdod Lleol yn cyflawni ei ddyletswyddau fel y Rhiant Corfforaethol.

Mae'r adroddiad hwn yn cynnwys y safonau a'r targedau cenedlaethol a lleol a ddefnyddir i fesur y canlyniadau ar gyfer plant sy'n derbyn gofal a phlant sydd wedi gadael gofal adeg eu cyfarfod adolygu, ac mae'n cynnwys Dangosyddion Perfformiad Llywodraeth Cymru.

Ar sail y wybodaeth sydd ar gael a'r hyn a fynegwyd yn ystod y cyfarfod adolygu, daw'r Swyddog Adolygu Annibynnol i farn broffesiynol ynghylch effeithiolrwydd cynllun gofal y plentyn/person ifanc o ran bodloni ei anghenion, a gall argymhell newidiadau i'r cynllun gofal.

Yn ystod y cyfarfod adolygu bydd y Swyddog Adolygu Annibynnol yn ystyried a oes angen cymorth ar y plentyn/person ifanc i adnabod pobl eraill berthnasol i gael cyngor cyfreithiol/cymryd camau ar ei ran. Roedd y Swyddog Adolygu Annibynnol o'r farn nad oedd angen cymryd y cam hwn ar gyfer unrhyw blentyn yn ystod y cyfnod dan sylw.

Yn ogystal, mae'r Swyddog Adolygu Annibynnol yn ystyried a oes unrhyw dramgwydd yn erbyn hawliau dynol y plentyn/person ifanc ac, os oes, gallai gyfeirio'r achos i CAF/CASS

Cymru. Ni chododd yr angen i wneud hynny mewn unrhyw gyfarfod adolygu yn ystod y cyfnod hwn.

Mae'r adroddiadau hyn yn cael eu hystyried o fewn Cyfarfodydd Sicrhau Ansawdd Plant sy'n Derbyn Gofal Amlasiantaethol sy'n cwrdd bob chwarter; mae'r cyfarfodydd hyn yn gyfle i nodi a gweithredu ar berfformiad a materion eraill yn ymwneud â'r maes gwaith hwn.

Mae'r adroddiadau hyn hefyd yn cael eu cylchredeg a'u hadolygu gan Grŵp Rhianta Corfforaethol yr Awdurdod Lleol dan gadeiryddiaeth y Cyngorydd Alun Williams, Aelod Cabinet ar gyfer Gwasanaethau Plant a Diwylliant, a chynhelir y cyfarfodydd hyn bob chwarter.

CRYNODEB O'R PWYNTIAU ALLWEDDOL:

- Ar ddiwedd Chwarter 3, o 31 Rhagfyr 2021 ymlaen, roedd 97 o blant yn derbyn gofal gan yr Awdurdod Lleol. Mae hyn yn gynydd o 6 yn nifer y plant sy'n derbyn gofal. Ar ddiwedd Chwarter 2, roedd 91 o blant yn derbyn gofal.
- Cafodd 72 o blant eu hadolygu yn y chwarter hwn o'i gymharu â 48 yn y chwarter blaenorol. Cafodd 95.8% eu hadolygu o fewn yr amserlen statudol yn y chwarter hwn o'i gymharu â 97.9% yn Chwarter 2.
- Roedd 7 o blant wedi gadael gofal yn y chwarter hwn o'i gymharu â 3 yn Chwarter 3. Dychwelodd 3 o blant at eu rhieni. Roedd 4 o blant yn destun dirymu gorchmynion gofal.
- Roedd y ddarpariaeth leoli ar gyfer y plant a adolygwyd yn ystod y chwarter hwn yn amrywio o 18 wedi'u lleoli mewn Darpariaeth Gofal Maeth yr Awdurdod Lleol, 14 wedi'u lleoli gyda rhieni, 10 lleoliad gyda theulu, 4 wedi'u lleoli gydag Asiantaethau Gofal Maeth Annibynnol, 6 wedi'u lleoli gyda gofalywyr sy'n berthnasau, ac 1 wedi'i leoli mewn lleoliad preswyl.
- O'r plant a adolygwyd yn y chwarter hwn, roedd 95.8% o'r plant wedi derbyn ymweliadau statudol o'i gymharu ag 87.5% o blant a dderbyniodd ymweliad statudol yn Chwarter 3.
- Roedd 48 o'r plant a adolygwyd yn destun Gorchymyn Gofal Llawn, roedd gan 11 Orchymyn Gofal Dros Dro, roedd 3 ar Orchymyn Lleoli, ac roedd 10 o dan statws cyfreithiol Adran 76.
- Roedd 62.5% o'r cynlluniau gofal a chymorth yn eu lle ar ddyddiad y lleoliad cyntaf ac roedd cynlluniau cyfredol ar gael ar gyfer yr adolygiad.
- Canran y plant (â digon o grebwyll) oedd wedi cymryd rhan neu a gafodd eu hymgyngori ynghylch eu hadolygiad oedd 94%.
- Canran y plant a gafodd wybod am eu hawl i gael Gwasanaeth Eirioli oedd 98.1%.

Tudalen 5

- Canran y bobl ifanc oedd yn gymwys i gael Cynllun Llwybr yn ei le a Chynorthwydd Personol i'w cefnogi oedd 100%.
- Cwblhawyd 17 o Adolygiadau o Gynlluniau Llwybr yn ystod y chwarter hwn. Cwblhawyd 94.1% o fewn y terfyn amser.
- Roedd 76.5% o'r Adolygiadau a gwblhawyd yn dangos bod y Cynlluniau Llwybr oedd yn eu lle yn bodloni anghenion y bobl ifanc. Lle y cofnodwyd bod y cynlluniau heb fodloni anghenion y bobl ifanc, roedd hyn oherwydd nad oedd y person ifanc yn ymgysylltu â'i gynllun.
- Mewn 94.1% o'r Adolygiadau o Gynlluniau Llwybr a gafodd eu cwblhau, roedd nail ai farn y person wedi cael ei chynrychioli yn yr adolygiad neu roedd y person ifanc wedi mynychu ei adolygiad.

Dyma oedd natur y pryderon:-

- Adroddodd 1 adolygiad fod hyn oherwydd y ffaith nad oedd y rhieni yn gweithio gyda gweithwyr proffesiynol i gefnogi'r cynllun.
- Yn achos 1 adolygiad arall y rheswm oedd bod y person ifanc heb ymgysylltu ynghyd â diffyg cydweithrediad rhieni i gefnogi'r cynllun.
- Cafodd 1 plentyn / person ifanc ei adolygu dwywaith o fewn y chwarter a chofnododd y ddau adolygiad fod y person ifanc wedi cael ei roi mewn lleoliad preswyl yn Lloegr, sydd yn bell i ffwrdd a heb unrhyw ddarpariaeth addysg yn ei lle.
- Mewn 1 adolygiad roedd pryderon ynghylch agwedd negyddol y gofalwr tuag at aelodau'r teulu a bod yn onest gyda'r person ifanc oedd yn ei ofal. Mae gwaith rhagorol yr Adran yn hyn o beth wedi cael ei briodoli i Weithiwr Cymdeithas Annibynnol, ac mae'r gwaith yn parhau i fod yn rhagorol.
- Roedd pryderon ynghylch oedi yn y cynllun a phryderon lleoliad maeth blaenorol a oedd yn cael sylw gan ofalwyr maeth presennol ar gyfer 1 adolygiad.
- Roedd pryder mewn 1 adolygiad pellach ynghylch ffordd o fyw plentyn / person ifanc ac a oedd ei anghenion yn cael eu bodloni yn y lleoliad presennol.
- Cofnodwyd ychydig o oedi o ran symud ymlaen â'r Cynllun Parhad / Mabwysiadu ar gyfer 1 adolygiad arall.

Purpose of the Programme

This programme sets out the strategic priorities of Ceredigion County Council and its partner agencies for **homelessness prevention and housing related support services over the coming 4 years (2022-26)**. It reflects existing priorities at corporate level and in relation to the Council's housing and homelessness services as well as the HSG Delivery Plan for 2021-22. It explains how these will be developed, built upon, and reviewed, over the intervening years. The priorities set out within this Programme were informed by a needs assessment exercise which is provided as an accompanying document.

The Housing Support Grant (HSG) forms a key element of the overall Programme. This is an early intervention grant programme to support activity which prevents people from becoming homeless, stabilises their housing situation or helps potentially homeless people to find and keep accommodation. The grant is designed to augment, complement, and support statutory services, thus ensuring that the overall local offer helps people into the right homes, with the right support to succeed in living independently with minimal involvement from statutory services. It makes a significant contribution to the implementation of Part 2 of the Housing (Wales) Act 2014 which focuses on homelessness prevention. The services supported through the HSG should be person centred and address a range of needs. The clients are primarily vulnerable people who are homeless or likely to become homeless through a range of issues. The problems clients often face cover a wide range of areas such as debt, unemployment, substance misuse, violence against women, domestic and sexual abuse and mental well-being. The services should ultimately reduce the need for costly intervention in these areas from other public services, including Social Care, Housing, Health, Law Enforcement, and Probation.

Strategic planning is key to ensuring the appropriate alignment of the HSG and broader homelessness services and effective commissioning, in partnership's, to ensure that homelessness is prevented, and that people's needs are supported appropriately. This will also contribute to achieving value for money in deployment of the grant.

Under the HSG Grant conditions, Welsh Government requires each authority to provide a single Programme which incorporates key elements covering;

- the local authority's homelessness prevention and support responsibility
- the statutory homeless duty (funded through the Revenue Settlement Grant)
- Non-statutory, preventative services funded through the HSG.
-

Tudalen 44

The Programme should recognise the inter-dependency between these elements, and more widely with other public services and partners, providing support to vulnerable people.

Legislative and Policy Context

National Context

Welsh Government has maintained a consistent focus on tackling homelessness in the context of the long-term impact of UK Government policy, in relation to austerity and welfare support, and also other non-devolved policy areas that have an impact on homelessness such as the work of the Police and Prison Service. Under Part 2 of the **Housing (Wales) Act 2014**, Local Authorities have a new and strengthened duty to prevent and relieve homelessness which has led to a strengthening of local partnership arrangements.

Housing and homelessness policy and practice has continued to evolve in the period since the Housing Act came into force. Among most recent developments, the current **Programme for Government 2021** includes commitments to legislate in line with the key recommendations in the documents below in relation to homelessness and care experienced young people. Specifically Welsh Government has committed to:

- Explore radical reform of current services for looked after children and care leavers;
- Fundamentally reform homelessness services to focus on prevention, rapid rehousing
- Support innovative housing developments to meet care needs
- Improve joint working across housing and social services, maximising corporate parenting responsibilities

Further intentions are set out in recent statements in November 2021, to explore options covering;

- Immediate and radical action to address the proliferation of second homes and unaffordable housing, using the planning, property and taxation systems
- Establish a national construction company, to support councils and social landlords to improve the supply of social and affordable housing.
- Reforms to legislation in line with the Homelessness Action Group's recommendations
- Publication of a White Paper outlining options for a right to adequate housing, fair rents and new approaches to affordable homes.

Further significant changes will be introduced in July 2022 when the Welsh Government enacts the provisions of its **Renting Homes (Wales) Act 2016**. Key changes planned to strengthen the rights and protection for tenants including;

Tudalen 46

- Replacement of current tenancies and licences, covering assured shorthold, assured and secure tenancies with secure occupation contracts
- Increased duties on landlords to set out the respective duties of landlords and tenants as contract holders.
- Minimum notice period of 6 months for no fault termination of a contract.
- Minimum of 6 months, from the start date of the contract before any such notice is issued
- Increased protection for contract holders(tenants) from break clauses, issued by landlords, only where certain conditions are met
- Requirement that all rented properties are fit for human habitation and that landlords keep the structure and exterior of the property in good repair
- In the case of joint tenancy contracts, protection for the remaining tenant(s), when one party leaves the property
- Enhanced contract succession rights for certain groups, including some Carers

These changes will possibly have implications for Local Authorities and other agencies with duties to prevent and relieve homelessness. The enhanced protection of existing tenants or contract holders reduces the risk of becoming homeless, in turn, may impact on private landlords' willingness to rent, reducing the availability of suitable properties in an area.

Welsh Government recently requested that all Local Authorities examine their **corporate parenting response, relating to the care experienced by children and young people, including their future accommodation needs**. Specifically, Councils must respond to the need for;

- In cooperation with children's services, there is an active identification process to ensure Young People, with Care experience, who present as homeless, can access all the support, in line with their entitlements.
- Multi-agency reviews to be undertaken to identify any gaps within the system or interventions, ensuring that future cases are managed proactively, preventing homelessness.
- Grant Young People 'local connection' status previously placed out-of-county, when considered under Housing Options.
Extending the age limit up to 25, for support from a Personal Advisor.

A full schedule of the major national policy developments considered and impacting this Programme is included in **Annexe A**.

The guiding principle remains one of preventing homelessness, but where this is not possible, ensuring it is rare, brief and non-repeated. There is a renewed commitment to fundamentally reform homelessness services to focus on prevention and rapid rehousing. Understanding what works, what is promising,

and what isn't effective will be crucial to Welsh Government in delivering its policy goals.

In turn, several key principles underpin the Welsh Government approach to homelessness prevention, and these should be enshrined across public and commissioned services. They are as follows:

- **The earliest preventions are most effective and most cost effective and should always be the interventions of first choice.**
- **Tackling and preventing homelessness is a public services matter – rather than a ‘housing matter’.**
- **All services should place the individual at the centre and work together in a trauma informed way.**
- **The duties in Part 2 of the Housing (Wales) Act 2014 should be the last line of defence – not the first - and all services should work to the spirit not simply the letter of the law.**
- **Policy, service delivery and practice should be informed and shaped in a co-productive manner and by those with lived experience.**

A person-centred, multi-agency approach to homelessness requires a contribution from, and alignment, with other services. These service areas are themselves subject to specific legislation and policy, all broadly coalescing around the key principles;

- Prevention / Early Intervention
- Person-centred support,
- Promote independence, and
- Provide sustainable, long-term solutions.

The Important areas of relevant legislation and policy are set out below.

The Wellbeing of Future Generations (Wales) Act 2015 The Act seeks to strengthen existing governance arrangements for improving the social, economic, and cultural wellbeing of Wales to ensure that present needs are met without compromising the ability of future generations to meet their own needs. Public bodies listed in the Act need to think about the longer term, work better with individuals, communities, and each other, and looking to prevent problems in a cohesive and holistic approach.

For the first time, public bodies must operate in a sustainable way, ensuring that decisions, address the future impact on people's lives across Wales.

It will expect them to:

- Improve collaborative working

- Involve people and reflect the diversity of our communities
- Look to the long term as well as addressing the current
- Take action to reduce problems escalating, ideally prevention in the first place.

Social Services and Wellbeing (Wales) Act 2014

The Act provides creates a coherent legal framework for Social Services in Wales.

It is intended to reform and integrate social services practice for people and make provision for:

- Improving the well-being outcomes for people who need care and support, and Carers who need support;
- Co-ordination and partnership by Public Authorities with a view to improving the well-being of people.

There are 6 strategic priorities outlined in the Act:

- Maintaining and enhancing the wellbeing of people in need.
- A stronger voice and real control for citizens in their care and support
- Strong Direction and Local Accountability.
- Safeguarding and Protection.
- Regulation and Inspection.
- Services (Adoption and Transition).

The Act recognises the increase in the number of people accessing Social Services. In order to help meet the demand it outlines the need for increased comprehensive early intervention and intensive support services. There is a duty for Local Authorities to maintain and enhance the wellbeing of people in need across a range of areas including education, training, recreation, social and economic wellbeing physical and mental health and emotional wellbeing.

Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015

The Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act aims to;

- Improve the public sector response in Wales to such abuse and violence.
- Improve arrangements to promote awareness, prevent, protect and support victims of gender-based violence, domestic abuse, sexual violence and modern slavery
- Introduce a needs-based approach to developing strategies which will ensure strong, clear and accountable objectives.

- Ensure National level ownership, through appointment of a Ministerial Advisor whose role is to advise The Senedd and improve joint working across agencies.
- Improve the consistency, quality and align service provision across Wales

Substance Misuse Delivery Plan: 2019 to 2022 (Wales)

A national Delivery Plan to address substance misuse was published in October 2019 setting out the Welsh Government's key policy and operational priorities for the coming years in this area. The Plan has since been reviewed to consider where it needs to be updated in light of COVID-19 particularly to meet the new challenges ahead.

The review considered the evidence highlighted by APBs and wider partners. It concluded that the original priority areas for the next three years remain relevant and have been reinforced during the pandemic. These priority areas are:

- Responding to co-occurring mental health problems which are common in substance misuse.
- Ensuring strong partnership working with housing and homelessness services to further develop the multi-disciplinary approach needed to support those with substance misuse issues who are homeless or at risk of homelessness.
- Ensuring that all prisons in Wales have a coordinated, transparent and consistent service for those with substance misuse problems.
- Providing further support for families and Carers of people who misuse substances.
- Improving access to services and ensuring people get support and treatment when needed.
- Strengthening our multiagency working and care planning to meet individual's needs
- Tackling dependence on prescription only medicines (POM) and over the counter medicines (OTC).
- Ensuring that appropriate and responsive alcohol misuse services are in place following the implementation of the Public Health (Minimum Price for Alcohol) (Wales) Act 2018 on 2 March 2020.

It is also appropriate to note the requirements of the Equalities Act 2010 when planning services to prevent homelessness and provide housing support. This Act covers the whole of the UK and provides additional assurance for people with a protected characteristic.

These characteristics are:

- Age
- Disability
- Gender reassignment

- Marriage or Civil Partnership
- Pregnancy and Maternity
- Race
- Religion or belief
- Ex
- Sexual orientation

Protection applies to the provision of services and public functions. In addition, a new Socio-Economic Duty was introduced in Wales in 2020. This requires public bodies, when making strategic decisions setting priorities and objectives, to consider how their decisions might help reduce the inequalities associated with socio-economic disadvantage.

Local/regional Context

Ceredigion - The Place

Ceredigion covers an area of 1,900km² and is mostly made up of agricultural land, moorland and forestry, with the upland areas to the east forming a significant portion of the Cambrian Mountains. There are six main towns in Ceredigion that are located on the coast or in river valley locations. The towns are Aberaeron, Aberystwyth, Cardigan, Lampeter, Llandysul and Tregaron.

The latest Welsh Government figures estimates Ceredigion's population to be 72,895 (2021), which is the fourth lowest amongst counties in Wales. The population has been decreasing since 2012. The latest Welsh Government projections suggest that it will continue to decline over the next 25 years, from 72,895 in 2021 to 68,745 in 2043, a 6% decrease and an estimated reduction of approximately 4,150 people. Out of the 22 Local Authorities in Wales, Ceredigion is predicted to have the greatest percentage decrease in population during 2018-2043.

Against this overall projected decline, Ceredigion's older population (65+) is expected to grow significantly over the next 20 years (by 23.7% or +4,305 people), whilst the working age population (16-64) and children (0-15) are expected to decrease. The largest projected increase within the 65+ age group will be those aged 75-84.

In addition, the Local Housing Market Assessment indicates that there will be a decrease in size of household, with an accompanying rise in the number of households requiring accommodating. It is identified that there is a particular need for 1 and 2 bed properties.

The latest Annual Survey of Hours and Earnings 2020 that average (median) annual earnings are over £1,637 lower in Ceredigion (£22,028) than the national average (£23,665), and with the exception of Powys, are also lower than the rest of mid and South West Wales.

Along with lower-than-average earnings, Ceredigion residents are also faced with higher-than-average house prices and rents. In April 2021 the average property price was £237,450 in Ceredigion which is far higher than the national average of £185,041. The COVID-19 pandemic has had a major impact on the housing market and housing affordability locally. The increase in demand combined with the limited stock has caused a mini housing 'boom' in the County which has subsequently been felt across most of Wales. The increased opportunities for homeworking are one of the drivers behind the increase in demand, along with the pull of Ceredigion's unique natural environment.

Detailed information on Ceredigion's population is provided in the Needs Assessment.

Strategic Context

The Housing Support Programme aligns with a range of existing strategies and plans, some of which are subsumed into it. These include:

- The County Council's **Corporate Strategy 2017-22**, which sets out the authority's vision and key priorities to deliver across 4 key areas, as follows:
 - Boosting the Economy
 - Investing in People's Future
 - Enabling Individual and Family Resilience
 - Promoting Environmental and Community Resilience

The Corporate Strategy also incorporates Wellbeing Objectives developed through the Ceredigion's Public Services Board Wellbeing Assessment. The Corporate Strategy is currently being refreshed and the new Strategy for 2022 - 2027 will be published in the coming months. The Council's Wellbeing Objectives are reviewed annually and will be reviewed again during Summer 2022.

- The Council's Through-Age and Wellbeing (TAW) Strategy, aimed at:

- Ensuring every child, young person and adult in Ceredigion will be able to reach their full potential
- Ensuring fair access to excellent universal and targeted services that safeguard and support the health and wellbeing of all citizens
- Developing skills and resilience that will last a lifetime and enable individuals to cope well with the challenges and pressures they face

Specific objectives of the Programme are to:

- Promote positive health and wellbeing and support people to self-support
- Strengthen families so that children can remain in their care
- Enable individuals to live independently in their own communities
- Provide proportionate approaches to managed care and support
- Protect individuals and keep them safe from abuse, harm and neglect

The **TAW Action Plan** has been developed alongside the Programme to provide a framework to aid delivery of the Plan. The plan will be implemented over 5 years, incorporates the ethos of prevention and early intervention and will deliver a complete delivery model spanning advice and information, low level support, maintenance of wellbeing through to social care and safeguarding. Objectives in the TAW plan which impact on the Housing Support Programme are as follows:

- Improve opportunities for Information, Advice and Assistance
- Develop focus and universal services that will be available in new wellbeing centres, established bases and through outreach provision
- Enhance community safety prevention of offending and risky behaviours via outreach projects, working closely with statutory partner organisations and the third sector
- Provide a range of life skills support/training in areas such as housing, finance and employment
- Review of provision of through age outreach support for people who have mental health difficulties in order to aid recovery
- Review of provision of through age outreach support for people who experience substance misuse
- Agreement with RSLs for the provision of a range of accommodation including opportunities for crisis accommodation
- Enhance accommodation provision for supported housing for vulnerable groups notably people experiencing Mental Health, Substance Misuse, and Learning difficulties
- Review local and regional support available for victims of domestic abuse to promote effective access of services.
- Provide information and support within the Wellbeing Centres for drop-in sessions/self-help groups

- Build/enhance/plan provision for supported housing, notably for people with Mental Health and/ or Substance Misuse problems and people with Learning Disabilities

Ceredigion's **Housing Strategy 2018-23 – Housing for All**, which commits to ensuring sufficient accommodation of the right type, in the right place, of good quality and affordable across the County, including in rural areas. Specific priorities within the Programme include:

- Providing a wide range of housing stock that can react to changing needs
- Working together to provide affordable housing options for local people
- Making sure the local development sector is better placed to deliver on housing need in the County
- Working together to ensure that Ceredigion is an affordable, vibrant, and viable place to live
Supporting rural Communities in securing affordable housing finance opportunities
- Raising the standard of the County's homes across all tenures
- Providing a range of housing services that enable people to maintain their independence and wellbeing through each stage of life

The Council's Homelessness Strategy for 2018-22 – 'Opening Doors', which was informed by a review of homelessness provision undertaken in 2018 and focuses on the following areas:

- Approaches to preventing homelessness in the County
- Support for homeless people and those facing homelessness
- Support available through resources within the Council and third sector
- Actions being taken to provide suitable accommodation for people who are, or may become, homeless

Commitments to preventing homelessness wherever possible, working across and in partnership with other organisations, placing service users at the centre of delivery and making best use of resources are carried forward into this Housing Support Programme, which supersedes 'Opening Doors'. Supporting actions have been reviewed and refined to ensure successful delivery of these continued imperatives. These are set out in the Action Plan at the end of this document.

The current Housing Support Grant Annual Delivery Plan for 2022-23, is informed by outcome data and stakeholder feedback and provides £3.9m of funding for Accommodation Based Support, Floating Support, Outreach, and drop-in support services provided through third sector partners. It also reflects regional priorities adopted by the **Mid and West Wales Regional Housing Support Collaborative Group (RHSCG)**. This will be superseded by a new Plan for 2022-23, based on the

priorities set out within this Programme. This and subsequent annual delivery plans, over the duration of this Programme, will be based on impact assessments, feedback from providers and service users, ensuring that changing needs and demand are addressed.

There are other regional strategies reflecting the national drivers listed in the previous section which also have a bearing on the Council's Housing Support approach. These are supported by local delivery plans and are listed below.

In response to the Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015, partners adopted a **Regional Violence Against Women, Domestic Abuse and Sexual Violence Strategy** in 2018.

Subsequently partners across Mid and West Wales agreed an outline **Service Specification Framework for Domestic Abuse services** in the region which covers general awareness raising activities, perpetrator programmes and specific services for children and young people. The framework also incorporates accommodation-based services, including refuges, safe houses, dispersed units and supported accommodation. There is also provision for community-based support such as floating support, outreach, counselling and mediation services.

A series of underpinning principles are designed to ensure services provided are person-centred, co-produced, promote independence, and are accessible to people from all communities with a prevention focus to reduce ACE's and future reductions. Services developed and delivered under the framework are specified locally and delivered via the HSG programme and Social Care Commissioning.

The Dyfed Area Planning Board for **Substance Misuse** has developed a strategy and action plan. Regional working in this area needs to reflect the priorities of the Welsh Government's Drug and Alcohol Strategy "Working Together to Reduce Harm", namely;

- Preventing Harm
- Support for Individuals – to improve health and aid and maintain recovery
- Supporting and Protecting families
- Tackling availability and protecting individuals and communities via enforcement activity
- Partnership

Corporate priorities for tackling substance misuse align with a Regional approach and include the following;

- Tackling alcohol related brain damage
- Co-occurring mental health and substance misuse
- Reviewing residential rehabilitation pathways

Vision and Principles

The Programme is underpinned by a local Vision which reflects both the national objective for HSG in securing 'A Wales where nobody is homeless, and everyone has a safe home where they can flourish and live a fulfilled, active and independent life' and broader corporate commitments of the County Council set out in the previous section.

Our **vision** is as follows:

'Statutory, third and private sector partners work effectively together to ensure that people in Ceredigion have access to suitable housing with timely and appropriate support within their local communities.'

Needs Assessment

Needs Assessment process

In line with Welsh Government requirements, we have undertaken a comprehensive needs assessment setting out what we know about needs and future demand for homelessness prevention and housing support services in Ceredigion. This provides a wider homelessness review as well as an assessment for the HSG. A range of quantitative and qualitative data was used, including:

- General population data and information taken from the Wales Index of Multiple Deprivation (WIMD)
- Evidence from the Population Assessment undertaken by the Regional Partnership Board (RPB) in 2017
- Findings from a regional Wellbeing survey overseen by the Public Services Board in the autumn of 2022 to inform the new Wellbeing Plan for the County
- Homelessness statistics and other housing data
- Outcome's data
- Data on needs, including those currently unmet
- Reviews undertaken by HSG providers, in some cases substantiated by service user feedback (this will be supplemented by further engagement with users in the spring of 2022)

The needs assessment has been summarised in a Statement of Need, setting out current and future demand and how needs will be met through housing support and the discharge of statutory duties. The needs assessment and Statement of Need are available as separate documents.

Key findings

Key findings from the needs assessment are summarised below:

Population

- Population assessments indicate the total population is predicted to continue to decline over the next 25 years, with a 6% expected decrease in number.
- However, this will be accompanied by the number of households increasing as household size gets smaller.
- Alongside this, the number of people over 65 is expected to rise by 23.7% over the next 20 years.

Wellbeing

- Residents are concerned about affordable housing opportunities.

- 55% of respondents suggested that insufficient housing to meet different needs.

Deprivation - WIMD

- Fewer deprived areas in the local authority compared with the national average
- These areas are concentrated in the towns of Cardigan and to a lesser extent Aberystwyth.
- The County has lower than average earnings and higher than average house prices and rents.

Homelessness

- The number and proportion of cases positively discharged (homelessness prevented or alleviated) has increased consistently.
- Single person households account for more than 60% of cases.
- The Private Rented Sector plays a significant part in preventing and relieving homelessness.
- Ceredigion performs better than the regional and national average for every duty.
- Changes to Welsh Government guidance around priority need have seen a greater number of people assisted through to full duty. Welsh Government are committed to ensuring this approach continues.
- The number of available temporary accommodation units has increased by 36% over the pandemic period. (Driven by need)
- The number of placements into temporary accommodation has almost doubled in 2020/21 compared to the previous year.
- Average length of stay in temporary accommodation is 117 days, though this ranges from a few days to 600+.

Accommodation needs

- The County has an agreed Common Allocations Policy with RSL partners.
- There is a high level of need for 1-bedroom flats in the major settlements and 2-bedroom family homes more generally.
- Social housing accounts for only 10% of Ceredigion housing, compared with a national average of 16%.
- The private rented sector accounts for 16.5% of housing in Ceredigion, compared with a national average of 14%.
- Local Housing Allowance (LHA) rates are below the equivalent lower quartile private rents.

Housing Support Grant – Current Delivery

- Greatest identified need for support is in homeless prevention (floating).
- Primary and secondary needs identified as significant include those with poor Mental Health, Substance Misuse issues, Physical or Sensory Disabilities, Chronic Health needs and Over 55's.
- Unplanned leaving of service accounts for 26% of closures. Non-engagement with support is the largest reason at 46%.
- Applications for support can be made via internal and external professionals.

Substance misuse

- Hywel Dda UHB area was below the Welsh averages for adults drinking above the guidelines and adult binge drinking.
- Of those accessing drug treatment services, 65% were male.
- There is scope for more exploration with statutory services in this area.

Mental Health

- One in four people will require support with respect to their mental health throughout their lives.
- Early intervention is crucial to prevent the need for escalation to statutory services and maintain stable living environments.
- 83% of under 25s report that the pandemic has caused deterioration in mental health and wellbeing.
- 26% said they were unable to access mental health support, peer or community-based support.
- There has been an increase in referrals for mental health services and in Mental Health Act assessments.
- Concern regarding health and wellbeing of young people aged 16- 24.

Over 65s

- The number of people over 65 is expected to rise by 23.7% over the next 20 years.

Children and Young People

- Between 2018-2043 the number of children (0-15) in Ceredigion is expected to decrease from 10,950 (15% of the total population) to 9,379 (14% of the population)¹.

¹ Stats Wales Population Projections [Population projections by local authority, variant and year \(gov.wales\)](https://gov.wales/population-projections-by-local-authority-variant-and-year)

- The County Council has specific Temporary Accommodation for young people which provides a tailored, supportive environment to meet their needs. This is supported by Youth Innovation Funding and managed by an RSL, and associated support is funded via HSG.

Learning Disabilities

- 70% of the County's learning disability service users were supported to live in the community.
- Number of persons with learning difficulties in Ceredigion set to rise over the next 10 years.
- CCC's Learning Disability Strategy identifies the need for continued focus on developing services that will promote independence wherever possible.
- The importance of appropriate housing solutions is identified in the Housing Support Programme.

VAWDASV

- The Mid and West Wales region has a joint strategy to tackle Violence against Women, Domestic Abuse and Sexual Violence.
- Early intervention and prevention are an integrated priority in Mid and West Wales.
- More work is needed with families experiencing the so called 'toxic trio' of poor mental health, substance misuse and domestic abuse.
- Ceredigion has improved accommodation opportunities in this area with the provision of 1 dispersed unit.

Offenders

- 5% of HSG service users identified criminal offending history as their primary need.
- Ex-offender numbers requiring accommodation are low in Ceredigion however there is a number of persons who cannot be accommodated despite being homeless due to the risks they pose to others associated with shared living environments.
- The Council work closely with the Police and HMPPS in a number of multi-agency settings to identify and support offenders.
- Further work should be undertaken to explore supported accommodation opportunities which are self-contained.

The range of findings within the Needs Assessment provide clear messages for the future direction of our Housing Strategy and HSG funded services. The following Strategic priorities reflect these messages and indicate how the Council and partners will work together to deliver our collective vision.

Strategic Priorities

Our high-level, strategic priorities have been derived from:

- Findings from the needs assessment undertaken to inform this Programme
- Relevant objectives within a range of corporate and service-related strategies and plans
- Review of existing regional and local priorities for preventing homelessness and supporting people under the HSG
- Duties incumbent on the Council under the Housing Act and subsequent policy drivers
- The core aim of preventing homelessness and supporting people to have the capability, independence, skills, and confidence to access and/ or maintain a stable and suitable home and the suggested mechanisms for achieving this, as stated in the Welsh Government's HSG Guidance
- Evidence of the impact of emergency response provision brought in during the pandemic, much of which should be maintained and consolidated if long-term demand is to be met effectively

Some of our priorities are by their nature long-term; whilst tangible impact is expected as implementation progresses, full benefits will often take longer to be realised.

Relevant priorities and supporting actions will also be reflected within the forthcoming **Rapid Rehousing Transition Plan** which must be submitted by September 2022.

A summary rationale, based on findings within the needs assessment, is provided for each priority.

Strategic Priority 1:

Enhance access to HSG support services and strengthen links with generic advice services to address problems early and reduce the risk of escalation

Rationale:

- Commensurate with Ceredigion's TAW model
- Need to build awareness of support available to Carers
- Need to ensure preventative support is available to all who need it and is readily accessible

Strategic Priority 2:

Provide appropriate interventions for all groups ensuring high-level support is provided where needed

Rationale:

Data evidences high levels of specialist need

Strategic Priority 3:

Maximise support for people in temporary accommodation, enabling people to move on swiftly to settled accommodation with appropriate ongoing support, in line with a Rapid Rehousing approach

Rationale:

- Evidenced impact of reduced access to statutory services during pandemic
- Everyone In approach has led to people losing informal (e.g., family) support when entering temporary accommodation
- There are also more people 'in the system' who are not currently receiving specialist support

Strategic Priority 4:

Strengthen access to PRS

Rationale:

- Increased levels of homelessness
- Low rate of social housing options within Ceredigion, exacerbated by increased use of available capacity for temporary accommodation during the pandemic
- High percentage of discharges into PRS
- As numbers have increased, more people are not able to move on from emergency accommodation
- Issues of affordability and availability of accommodation in some areas
- Private landlords can have other, more profitable options

Annexe B sets out actions under each of our Strategic Priorities

Impact Assessments

Ceredigion employs an Integrated Impact Assessment tool and a specific IIA is under production covering the full Housing Support Programme.

The full impact assessments undertaken should be recorded and saved as a separate document titled 'Housing Support Programme Impact Assessment' and be available on request. They do not need to be included within this Programme document.

This section should list the impact assessments undertaken, and a summary of any positive and/or negative impacts identified for each assessment and any action to be taken to address any negative impacts.

Impact Assessment Process

The IIA will be considered and approved as part of the Authority's approval and scrutiny process and will be considered when in the decision making process.

In line with Corporate Governance the IIA will initially be reviewed and approved by the HSG Steering Group, prior to submission for additional scrutiny as appropriate by Leadership Group, Cabinet and Full Council where applicable.

Key Findings

List the impact assessments undertaken (see above).

Summarise the positive and/or negative impacts identified for each assessment and any action to be taken to address any negative impacts.

Implementing, Monitoring and Reviewing the Programme

Working with Partners

As the Public Policy Institute for Wales summarises in its Tackling Homelessness, A Rapid Evidence Review 2015 report:

The evidence shows that homelessness is a complex problem. It often has multiple causes that interact with one another in ways that vary at the individual level and require engagement with multiple policy areas.

The root causes that lead to homelessness and/or evident housing support needs among vulnerable individuals and households are profoundly interconnected. Therefore, the successful implementation of this Programme fundamentally depends on co-ordination, joint planning, commissioning, and delivery of services

(by both internal local authority departments, statutory partners and the housing sector).

In practice, this collaborative approach is played in Ceredigion through participation in the Mid and West Wales RHSCG which covers the Powys and Hywel Dda University Health Board areas. Whilst the County Council is not directly accountable to the RHSCG, the regional structures provide a forum for practice sharing, spreading proven effective practice and addressing common opportunities and challenges. This has included joint working on the development of local HSP strategies across the region and the RHSCG will also oversee delivery of regional priorities emerging from local plans.

Similarly, the West Wales RPB provides an obvious mechanism for engaging with health, social care and other partners responsible for the delivery of care and support in the County. It provides an ideal forum for collaboration, for example in the commissioning of services which promote wellbeing of citizens through the provision of appropriate housing and related support. Current strengthening of RPBs in response to the recent White Paper 'Rebalancing Care and Support' (2021) presents an opportunity for further development of these links, ensuring that health and care services align with housing support and supporting a person-centred approach. This is reflected in the identified strategic priorities supporting actions.

Existing links will also continue with the Area Planning Board for Substance Misuse Services and the VAWDASV Strategic and Delivery Groups, to ensure alignment of services and approaches to support as well as optimisation of available resources.

Funding Sources

Implementation of this Programme and delivery against the identified strategic priorities will require significant investment. This comes from a variety of sources, including:

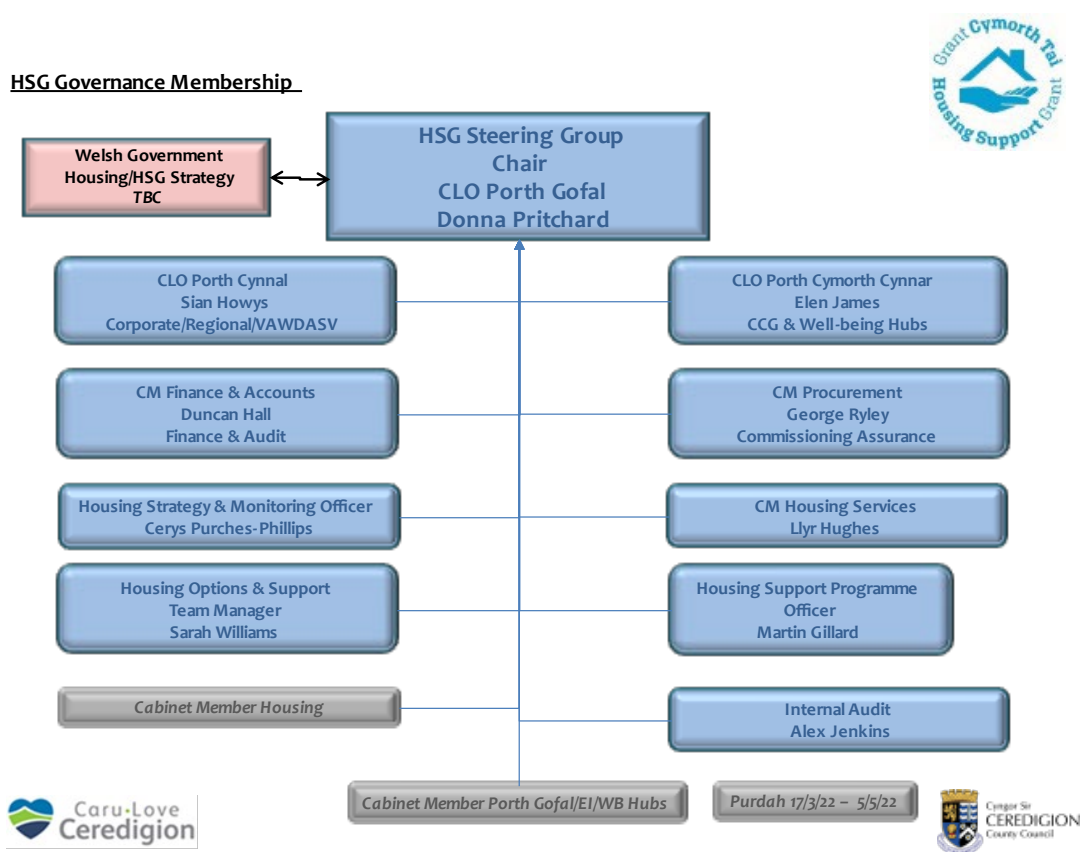

- The HSG allocation to the region, which totalled £3.972m in 2021-22 and in respect of which indicative allocations of the same amount are in place for the coming three financial years
- The Social Housing Grant
- Phase 1 and 2 of the Economic Resilience Fund and the Hardship Fund, both established in the wake of the Covid-19 pandemic
- Core funding for joint enterprises with other services, such as specialist accommodation provision
- Homeless Prevention funds (S180)
- Youth Innovation fund

Allocation of resources to support specific actions will be finalised at implementation stage and, for Housing Support Services, reflected in the forthcoming HSG Delivery Plan.

Monitoring, Reviewing and Evaluation Arrangements

The Housing Support Programme is framed over a 4-year period and implementation will be subject to ongoing review, including a formal mid-point review after 2 years.

Implementation will be overseen by the Housing Support Steering Group, which has responsibility for delivery of the HSG programme and associated resources within the wider housing and homelessness context. The Board will monitor delivery of the priorities and receive reports on outcomes and impact. It meets quarterly and is chaired by Donna Pritchard, Corporate Lead Officer.

The membership of the group ensures alignment to Corporate Strategy and direct interface with Ceredigion’s Well-being Plan.

Regular interaction also takes place with the HSG National Advisory Board, on which all local Authorities across Wales are represented. The Housing Information Network is another important forum, which promotes cross-Wales approaches to homelessness and enables sharing of experiences and information as well as arranging training and development for relevant staff.

Annex A: National Policy Landscape

The evolving homelessness policy landscape has included:

- Publication in 2016 of **'Preventing Homelessness and Promoting Independence'** – essentially a pathway to economic independence for young people through housing advice, options and homelessness prevention
- Introduction in 2016 of the **'When I'm Ready'** arrangements under the Social Services and Wellbeing (Wales) Act, which enabled young people in foster care to remain with their carers beyond the age of 18
- Publication in 2016 by Barnardo's of the **Care Leaver Accommodation and Support Framework** aimed at supporting effective planning and provision of housing and support for young people and care leavers
- Introduction by Welsh Government of the **'Housing First'** recovery-orientated approach to ending homelessness that centres on quickly moving people experiencing homelessness into independent and permanent housing and then providing additional support and services as needed.
- A series of focused campaigns including the **End Youth Homelessness Cymru Campaign 2018**, focusing on the needs of the LGBT+ community, supporting those with mental health issues and reducing links between homelessness and educational disengagement and the care system
- A renewed emphasis, in response to the Covid-19 pandemic on **reducing street homelessness by providing temporary accommodation solutions**, leading to publication by Welsh Government of **Phase 2 planning guidance** requiring local Authorities and their partners to plan to ensure that all those brought into temporary accommodation are supported into long term accommodation, that the emphasis remains on prevention and keeping homelessness a rare, brief and non-repeated experience.
- **Phase 3 planning guidance (2020)** supporting the design and development of resilient, sustainable services for the future
- Significant additional investment by Welsh Government, notably **£10m in 2019-20 to tackle youth homelessness** through enhancing current provision and developing new services; and **launch of a £4.8m innovation fund in 2019-20 supporting 26 projects across Wales to new and innovative approaches to housing support**
- A report to Welsh Government from the Homelessness Action Group in 2020 providing a holistic policy perspective to ending homelessness and the Government's response in the form of a consultation document entitled **'Ending homelessness: A high-level action plan: 2021-2026'**, building on Phase 2 planning guidance.
- A requirement on Local Authorities to finalise a **Rapid Rehousing Transition Plan** by the end of September 2022.

Introduction

The Statement of Need uses the findings of the Needs Assessment to identify the key issues for the Housing Support Programme, Ceredigion's statutory duties to prevent and alleviate homelessness and in the context of its wider strategic objectives.

Ceredigion

Ceredigion covers an area of 1,900km² and is mostly made up of agricultural land, moorland and forestry, with the upland areas to the east forming a significant portion of the Cambrian Mountains. There are six main towns in Ceredigion that are located on the coast or in river valley locations. The towns are Aberystwyth, Cardigan, Lampeter, Aberaeron, Llandysul and Tregaron.

The latest Welsh Government figures estimates Ceredigion's population to be 72,895 (2021), which is the fourth lowest amongst counties in Wales. The population has been decreasing since 2012.

Against this overall projected decline, Ceredigion's older population (65+) is expected to grow significantly over the next 20 years (by 23.7% or +4,305 people), whilst the working age population (16-64) and children (0-15) are expected to decrease. The largest projected increase within the 65+ age group will be those aged 75-84.

In addition, the Local Housing Market Assessment indicates that there will be a decrease in size of households, with an accompanying rise in the number of households requiring accommodating. It is identified that there is a particular need for 1 and 2 bed properties.

The latest Annual Survey of Hours and Earnings 2020 that average (median) annual earnings are over £1,637 lower in Ceredigion (£22,028) than the national average (£23,665), and apart from Powys, are also lower than the rest of mid and South West Wales.

Along with lower-than-average earnings, Ceredigion residents are also faced with higher-than-average house prices and rents.

Ceredigion's WIMD data suggests that there are fewer deprived areas in the local authority compared with the national average and that these areas are concentrated in

the towns of Cardigan and, to a lesser extent, Aberystwyth.

The levels of deprivation are lower than the wider region, with a much lower proportion of areas among the 30% most deprived in Ceredigion than the regional average. However, the high levels of housing deprivation and low levels of access to services suggest that Ceredigion faces similar challenges to the wider region that stem from its rural nature.

The urban areas of Ceredigion tend to have high levels of housing deprivation alongside other forms of deprivation, such as employment and income, that are likely create a higher risk of homelessness. The key areas to address in our HSP Programme include:

Homelessness

- Single person households account for more than 60% of cases.
- The Private Rented Sector plays and will need to continue to play a significant part in preventing and relieving homelessness.
- The number of placements into temporary accommodation has almost doubled in 2020/21 compared to 2019/20.
- Average length of stay in temporary accommodation is 117 days, though this ranges from a few days to 600+.

Accommodation needs

- There is a high level of need for 1-bedroom homes in the major settlements and 2 bedroom family homes more generally.
- Social housing accounts for only 10% of Ceredigion housing, compared with a national average of 16%.
- Local Housing Allowance (LHA) rates are below the equivalent lower quartile private rents.

Housing Support Grant – Current Delivery

- Greatest identified need for support is in homelessness prevention (floating).
- Primary and secondary needs identified as significant include those with poor Mental Health, Substance Misuse issues, Physical or Sensory Disabilities, Chronic Health needs and Over 55's.

Substance misuse

- Of those accessing drug treatment services, 65% were male.

- There is scope for more exploration of joint commissioning with other statutory services in this area e.g., NHS.

Mental Health

- One in four people will require support with respect to their mental health throughout their lives.
- Early intervention is crucial to prevent the need for escalation to statutory services and maintain stable living environments.
- 83% of under 25s report that the pandemic has caused deterioration in mental health and wellbeing.
- 26% said they were unable to access mental health support, peer or community-based support.
- There has been an increase in referrals for mental health services and in Mental Health Act assessments.
- Concern regarding health and wellbeing of young people aged 16- 24.

Over 65s

- The number of people over 65 is expected to rise by 23.7% over the next 20 years.

Learning Disabilities

- Number of persons with learning difficulties in Ceredigion set to rise over the next 10 years.
- CCC's Learning Disability Strategy identifies the need for continued focus on developing services that will promote independence wherever possible.
- The importance of appropriate housing solutions needs to supported living in our HSP Programme.

VAWDASV

- Early intervention and prevention is an integrated priority in Mid and West Wales.
- More work is needed with families experiencing the so called 'toxic trio' of poor mental health, substance misuse and domestic abuse.

Offenders

- 5% of HSG service users identified criminal offending history as their primary need.
- Ex-offender numbers requiring accommodation are low in Ceredigion however there are a small number of persons who cannot be accommodated despite being

homeless due to the risks they pose to others associated with shared living environments.

- Further work should be undertaken to explore supported accommodation opportunities which are self-contained.

Our Housing Support Programme Priorities

Our high-level, strategic priorities have been derived from:

- Findings from the needs assessment undertaken to inform this Programme
- Relevant objectives within a range of corporate and service-related strategies and plans
- Review of existing regional and local priorities for preventing homelessness and supporting people under the HSG
- Duties incumbent on the Council under the Housing Act and subsequent policy drivers
- The core aim of preventing homelessness and supporting people to have the capability, independence, skills and confidence to access and/ or maintain a stable and suitable home and the suggested mechanisms for achieving this, as stated in the Welsh Government's HSG Guidance
- Evidence of the impact of emergency response provision brought in during the pandemic, much of which should be maintained and consolidated if long-term demand is to be met effectively

Some of our priorities are by their nature long-term; whilst tangible impact is expected as implementation progresses, full benefits will often take longer to be realised.

Strategic Priority 1:

Enhance access to HSG support services and strengthen links with generic advice services to address problems early and reduce the risk of escalation

Prevention and early intervention are key to our Programme. We will need to ensure that our future prevention and early intervention services are accessible and closely aligned with information and advice services for people who use services and their carers. Our HSG support services must be primarily designed to address problems early and reduce the risk of escalation of needs. This aligns with our corporate Through-Age and Wellbeing (TAW) Strategy.

Strategic Priority 2:

Provide appropriate interventions for all groups ensuring high level support is provided where needed.

Support will be provided for all groups according to identified needs. This includes specifically support for younger people with struggling with substance misuse and/ or mental health.

Strategic Priority 3:

Maximise support for people in temporary accommodation, enabling people to move on swiftly to settled accommodation with appropriate ongoing support, in line with a Rapid Rehousing approach.

This will ensure that both support and having access to a better range of accommodation options are highlighted as both being an equally important part of the solution.

Strategic Priority 4:

Strengthen access to PRS

Increasing access to PRS and further developing the National Leasing Scheme will help us respond to a high demand for accommodation. Access to social housing options is limited and addressing issues of affordability and availability of accommodation in the PRS will aid stability and allow people to move on from temporary solutions.

Introduction

The Housing Support Grant (HSG) is an amalgamation of three previous grants; Supporting People Programme, Homelessness Prevention Grant, and Rent Smart Wales Enforcement.

It came into being in April 2019 following the Welsh Government funding flexibilities pathfinder project. A Ministerial decision was made in October 2018 to form two grants from the Early Intervention, Prevention and Support grant (EIPS) work, separating the housing-related grants from non-housing elements for all local authorities. Consequently, from April 2019, the Welsh Government established a Children and Communities Grant (CCG) (encompassing Flying Start, Families First, the Legacy Fund, Promoting Positive Engagement for Young People, St David's Day Fund, Communities for Work Plus and Childcare and Play), and a single Housing Support Grant (HSG) (encompassing Supporting People, Homelessness Prevention and Rent Smart Wales Enforcement).

Local authorities must undertake a comprehensive needs assessment every four years, with a light touch review every two years. This assessment is a statement of what the Authority knows about the needs and future demand for homelessness prevention and housing support services. The assessment encompasses the statutory requirement for a homelessness review as well as the full assessment for the HSG. The assessment needs to be informed by the following data:

- Population needs assessment
- Local authority well-being assessment
- Homelessness statistics and other housing data such as waiting lists.
- Welsh index of multiple deprivation
- Feedback from service users
- Regional VAWDASV needs assessments
- Any relevant research/national publication
- Outcomes data
- Needs data from providers, gateway panels
- Unmet needs data over the last 12 months from providers, homelessness reviews

Local authorities should produce a 'Statement of Need' based on findings from the needs assessment. The statement should set out the current and future demands and should include regional needs where the needs are met by the local authority.

The statement should also set out how statutory needs identified will be met through the discharge of statutory duties.

Background and National Policy Context

Welsh Government has maintained a focus on tackling homelessness in the context of the long-term impact of UK Government policy, in relation to austerity and welfare support, and also other non-devolved policy areas that have an impact on homelessness such as the work of the Police and Prisons. Local authorities have a duty to prevent and relieve homelessness that has led to a strengthening of local partnership arrangements. The guiding principle remains one of preventing homelessness, but where not possible, ensuring it is brief and non-repeated. There is a renewed commitment to fundamentally reform homelessness services to focus on prevention and rapid rehousing. Understanding what works, what is promising, and what isn't effective will be crucial to Welsh Government in delivering its policy goals.

Housing First was a change of direction for Government, in response to emerging evidence of its efficacy. The Phase 2 response during the initial phases of the pandemic sought to protect homeless people through providing temporary accommodation solutions and significantly reducing street homelessness. The gradual return to 'normality' provides the opportunity to evaluate the impact and benefits of the variously funded programmes to inform the next phase of policy development with a particular focus on prevention and rapid re-housing.

There are a number of principles that underpin the Welsh Government approach to homelessness prevention, that should be enshrined across public and commissioned services:

- The earliest preventions are most effective and most cost effective and should always be the interventions of first choice.
- Tackling and preventing homelessness is a public services matter – rather than a 'housing matter'.
- All services should place the individual at the centre and work together in a trauma informed way.
- The duties in Part 2 of the Housing (Wales) Act 2014 should be the last line of defence – not the first - and all services should work to the spirit not simply the letter of the law.
- Policy, service delivery and practice should be informed and shaped in a co-productive manner and by those with lived experience.

The summary below outlines relevant legislation and policy and their intended impact:

About Ceredigion

Headlines

Ceredigion is a largely rural County with 6 main towns in coastal and river valley locations.

The population is the fourth lowest in Wales and has been decreasing since 2012.

Alongside a continued decrease in overall population, expected to be the steepest in Wales, the number of people over 65 is expected to rise by 23.7% over the next 20 years.

Whilst population data indicates a reduction overall, the Local Housing Market Summary projects an increase in the number of households, due to a greater number of smaller households, leading to a demand for 1 & 2 bedroom properties.

The County has lower than average earnings and higher than average house prices and rents.

Ceredigion covers an area of 1,900km² and is mostly made up of agricultural land, moorland, and forestry, with the upland areas to the east forming a significant portion of the Cambrian Mountains. There are six main towns in Ceredigion that are located on the coast or in river valley locations. The towns are Aberystwyth, Cardigan, Lampeter, Aberaeron, Llandysul and Tregaron.

The latest Welsh Government figures estimates Ceredigion's **population** to be 72,895 (2021), which is the fourth lowest amongst counties in Wales. The population has been decreasing since 2012. The latest Welsh Government projections suggest that it will continue to decline over the next 25 years, from 72,895 in 2021 to 68,745 in 2043, a 6% decrease and an estimated reduction of approximately 4,150 people. Out of the 22 local authorities in Wales, Ceredigion is predicted to have the greatest percentage decrease in population during 2018-2043.

Against this overall projected decline, Ceredigion's older population (65+) is expected to grow significantly over the next 20 years (by 23.7% or +4,305 people), whilst the working age population (16-64) and children (0-15) are expected to decrease. The largest projected increase within the 65+ age group will be those aged 75-84.

The **economy** of Ceredigion is fairly typical of that of many rural and coastal areas. A high proportion of jobs are in the tourism industry (12.9%), wholesale and retail (12.9%) and human health and social work activities (12.3%). Education is the largest sector in the county, employing around 4,300 people and accounting for around 13.9% of jobs in the county.

Unlike many rural areas, the county has two universities at Aberystwyth and the University of Wales Trinity St. David's Campus at Lampeter, and national institutions such as the National Library of Wales. The knowledge economy is strong in Ceredigion, and it has a growing 'green economy' focusing on low carbon emissions, efficient use of resources and being socially inclusive.

Self-employment is an important element in the local economy, and Ceredigion often has the highest proportion of self-employed people nationally. Many are farmers with others working in a range of established small-scale enterprises such as building repair and maintenance. Around 14.9% of residents aged 16-64 are self-employed in Ceredigion which is higher than Wales' average of 8.9%, although this has been decreasing during 2021, possibly as a result of the COVID-19 pandemic.

The vast majority (99%) of enterprises in Ceredigion are 'micro' sized, i.e., up to 9 employees or 'small' (10 to 49 employees). Only 1% of enterprises in Ceredigion have fifty or more employees. Whilst this could suggest some enterprises are more risk averse than other areas, it could equally provide a reflection of the level of support and stability for new businesses in the County. The survival rates of businesses in Ceredigion, for example, are consistently above the national average and some of the highest amongst all areas in Wales. This is one of the County's strengths and unique selling points along with a strong knowledge sector, higher than average economic growth in recent years and higher than average skills and qualifications levels.

Tudalen 87

The latest Annual Survey of Hours and Earnings 2020 that average (median) annual earnings are over £1,637 lower in Ceredigion (£22,028) than the national average (£23,665), and apart from Powys, are also lower than the rest of mid and South West Wales.

Along with lower-than-average earnings, Ceredigion residents are also faced with higher than average, house prices and rents. In April 2021 the average property price was £237,450 in Ceredigion which is far higher than the national average of £185,041. The COVID-19 pandemic has had a major impact on the housing market and housing affordability locally. The increase in demand combined with the limited stock has caused a mini housing 'boom' in the County which has subsequently been felt across most of Wales. The increased opportunity for homeworking is one of the drivers behind the increase in demand, along with the pull of Ceredigion's unique natural environment.

However, the economy has several unique selling points that provide the platform to drive economic growth in the future. The survival rates of businesses in Ceredigion are consistently higher than average and some of the best in Wales, the level of skills and qualifications are much higher than average, and the economy has grown at a faster rate than across Wales over the last five years.

Ceredigion is considered as being one of the heartlands of the **Welsh language**, despite a substantial student population. Results from the 2011 Census showed that 47.3% of Ceredigion residents could speak the Welsh language. Ceredigion had the third highest percentage of Welsh speakers out of all other Welsh local authorities, with Gwynedd (64.3%) and Anglesey (56.1%) being in first and second place.

Wellbeing assessment

Headlines

The Public Services Board is currently undertaking its second Wellbeing Assessment, required under the Wellbeing of Future Generations (Wales) Act.

A public survey undertaken as part of this exercise reveals a range of concerns regarding housing. These include lack of affordable housing, insufficient housing and the continued impact of the high level of second homes across the County.

The Council has a legal duty to work together with the people of Ceredigion, for their future well-being. This duty is set out in the Well-being of Future Generations (Wales) Act. The Act includes seven national well-being goals, which the Council have to contribute to achieving:

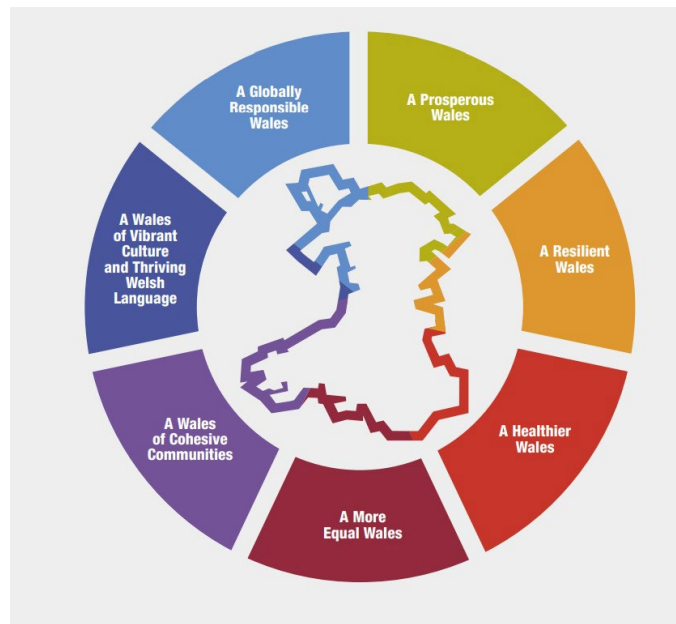

Figure 1 Seven National Well-being Goals of the Well-being of Future Generations (Wales) Act

Public Services Boards (PSB) were established under the Act, originally in each of the 22 county areas in Wales. These comprise partners from across the statutory and independent sectors and have the aim of improving joint working within their area. Each PSB has a statutory duty to carry out a wellbeing assessment and publish

an annual local wellbeing plan, setting out how they will meet their more general responsibilities under the Act. This happens on a 5-year cycle, with the first assessments having been undertaken in 2017 and the first wellbeing plans published in 2018.

Ceredigion PSB conducted its second wellbeing assessment during the late summer and autumn of 2021. It is currently consulting on the assessment with various stakeholders prior to publication in June 2022.

A key element of the wellbeing assessment was engagement with residents, in the form of an online survey made available to residents between 10 August and 8 October 2021. The survey was conducted on a regional basis, along with Carmarthenshire and Pembrokeshire, and the questions were standardised to allow for identification of wider regional issues affecting West Wales.

405 responses to the survey were received from Ceredigion residents, alongside 741 written submissions with comments and suggestions on wellbeing in the County.

Specific questions were asked around 6 themes. People were invited to consider what was important to them in respect of each and what their principal concerns were when thinking about the future.

The themes were as follows:

- A prosperous Ceredigion
- A resilient Ceredigion
- A more equal Ceredigion
- A healthier Ceredigion
- A Ceredigion of cohesive communities
- A Ceredigion of vibrant culture and thriving Welsh language

Severable variables linked to availability of housing and homelessness were identified under each theme and these were afforded varying levels of importance by respondents. These are highlighted below:

- When asked what three things' people valued most in a prosperous community, the top answer (47% of respondents) was **affordable housing opportunities**.
- Looking ahead, 62% cited **lack of affordable housing** as the primary concern in relation to local prosperity.
- 55% of respondents suggested that **insufficient housing to meet different needs** was a factor that was likely to inhibit a fairer Ceredigion in the future
- When considering what contributes to a healthier Ceredigion, 13% of those responding to the survey indicated that **having a nice place to live** was important. 26% thought that not having this in the future would be of concern to them.

In addition to the survey, the PSB held stakeholder events to capture the views of the local community on well-being, particularly the harder to reach groups and those with protected characteristics. Once again, a number of concerns relating to housing and homelessness were raised in a number of these events:

- In a session held with young people, significant concerns included poverty, finding a job and **housing**.
- **Access to housing and affordable housing** were identified as concerns in a workshop was held with the local Youth Council.
- The Corporate Equalities Working Group felt that **affordable housing to retain the younger population** was one of the key challenges to the future wellbeing and equalities in the region
- The **high number of second homes**, and the implications of this for affordability and supply of homes for local people, was raised in a number of discussions

The Housing Support Grant delivery plan for 2022/23 includes detail on further engagement with clients and stakeholders to shape and design future services which address and positively contribute to these issues. In addressing the issues and needs, the HSG Programme is seen as a key enabler to delivering the Well-being plan.

Wellbeing Plan

The PSB will be required to prepare its second Wellbeing Plan in response to the Assessment. This needs to be published by June 2023. Elements of HSP are likely to

continue to contribute to some of the objectives within the new Plan and this will be kept under review.

The consultation was completed in the Autumn of 2021 and the Engagement Feedback Report published in November 2021. This forms the basis for the Well-being plan which is being prepared for consultation.

The needs and priorities identified in the Engagement Feedback Report have been reviewed and mapped to HSG services and guidance. The delivery plan for 2022/23 and matching spend plan have been mapped to the priorities and needs identified.

Further alignment and review will take place during Q1 and Q2 22/23 to ensure needs, outcomes and support align to the authorities Well-being and Corporate priorities.

Deprivation

Headlines

Ceredigion's WIMD data suggests that there are fewer deprived areas in the local authority compared with the national average and that these areas are concentrated in the towns of Cardigan and, to a lesser extent, Aberystwyth.

The levels of deprivation are lower than the wider region, with a much lower proportion of areas among the 30% most deprived in Ceredigion than the regional average. However, the high levels of **housing** deprivation and low levels of access to services suggest that Ceredigion faces similar challenges to the wider region that stem from its rural nature.

The urban areas of Ceredigion tend to have high levels of housing deprivation alongside other forms of deprivation, such as employment and income, that are likely create a higher risk of homelessness.

The Welsh Index of Multiple Deprivation (WIMD) is the agreed measure of relative deprivation for small areas in Wales. It identifies areas with the highest concentrations of several different types of deprivation including, income, health, and education. Data in the WIMD is broken down into Lower layer Super Output Areas (LSOAs) comprised of an average of 1,500 people – in Wales there are 1,909

LSOAs. This enables community level insights into overall deprivation and specific domains, such as health, which are closely linked with people's vulnerability to homelessness.

Levels of deprivation are low across Ceredigion with the majority of areas in the Authority among the 50% least deprived in Wales. Similar to other local authorities in the Mid and West Wales region, deprivation is generally higher in urban areas, such as Aberystwyth and Cardigan, and lower in the rural hinterland. However, there are few areas of acute deprivation, with only 3 of the 46 areas in Ceredigion among the 30% most deprived in Wales. In Ceredigion, there is only a single area, Cardigan – Teifi, among the 10% most deprived in Wales.

The lowest levels of deprivation are in Aberystwyth and areas to the north and north-east of the town, with the following areas all among the 20% least deprived in Wales: Penglais, Aberystwyth Bronglais, Trefeurig, Llanbadarn Fawr North and Faenor 1.

The highest levels of deprivation are concentrated in Cardigan with the areas comprising most of the town, Cardigan–Teifi and Cardigan–Rhyd-y-Fuwch, both among the 20% most deprived in Wales, and the adjacent areas to the north, Cardigan-Mwldan and Pen-parc 1, both among the 50% most deprived.

The towns of Aberystwyth, Llandysul and Tregaron all feature areas among the 30% and 40% most deprived in Wales.

The two rural areas of Llanfihangel Ystrad (the area around Felinfach) and Lledrod (inland from Llanrhystyd) are among the 40% most deprived. No other rural towns or villages in Ceredigion are among the 40% most deprived, with the majority in the 50% least deprived or above.

Indicators for health, income, employment, and housing highlight the different pressures that people can face, which can put them at higher risk of homelessness.

The health domain is comprised of the following indicators:

- 31% GP-recorded chronic conditions (rate per 100), age-sex standardised
- 30% Limiting long-term illness (rate per 100), age-sex standardised
- 18% Premature deaths (rate per 100,000), age-sex standardised
- 10% GP-recorded mental health conditions (rate per 100), age-sex standardised
- 4% Cancer incidence (rate per 100,000), age-sex standardised

- 4% Low birth weight (live single births less than 2.5 Kg, percentage)
- 3% Children aged 4-5 who are obese (percentage)

Health deprivation is at a particularly low level and concentrated in urban areas in Ceredigion with only four areas among the 50% most deprived in Wales, and all are located in two of Ceredigion's urban hubs: Aberystwyth and Cardigan.

The employment domain is made up of one indicator, containing four elements:

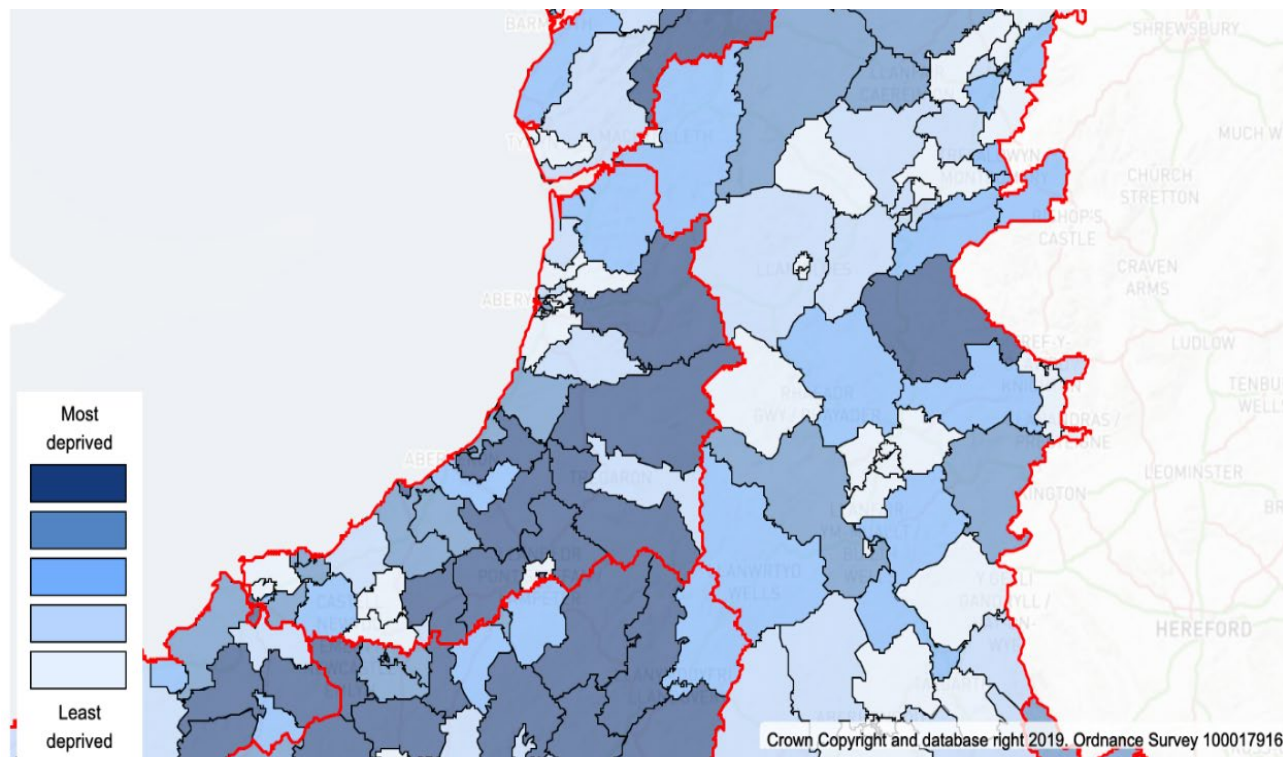

- Jobseeker's Allowance (JSA)
- Employment and Support Allowance (ESA)
- Incapacity Benefit (replaced Severe Disablement Allowance)
- Universal Credit (UC) and not in employment

Like health deprivation, employment deprivation is concentrated in urban areas, with the two main areas that comprise Cardigan, Teifi and Rhyd-y-Fuwch, both among the 10% most deprived in Wales, ranking 101st and 107th respectively out of 1,909 areas in Wales. The towns of Aberystwyth, Lampeter, Llandysul and Aberporth all contained areas ranked as among the 40% most deprived for health, with very few rural areas among the 50% most deprived, reflecting that employment deprivation is largely a challenge in urban, rather than rural, areas.

In all rural areas in Ceredigion there are very low levels of access to public services, with the vast majority ranking amongst the 10% most deprived in Wales for access to services. This is due to the high average travel times to essential public services such as GPs, schools, and pharmacies as well as lower levels of availability of broadband at 30Mb/s.

The housing domain is made up of two equally weighted measures: the likelihood of poor-quality housing (being in disrepair or containing serious hazards) and the percentage of people living in overcrowded households (bedrooms measure). Housing deprivation is present across all towns as well as the more rural areas which comprise the majority of Ceredigion, however, it is at its lowest in the rural hinterlands north of Aberystwyth and north of Cardigan.

Map of housing deprivation in Mid Wales

The levels of homelessness and accommodation insecurity draws parallels with the levels of deprivation, particularly for areas performing worse in the health, employment and housing domains identified above.

There are no areas of deep-rooted deprivation in Ceredigion. Deep-rooted deprivation is defined as an area that has remained within the top 50 most deprived, roughly equal to the top 2.6% of small areas in Wales for the last five publications of WIMD rankings (WIMD 2005, 2008, 2011, 2014 and 2019).

However, Cardigan, Teifi was ranked 125th out of 1,909 areas in 2019, making it among the 6.6% most deprived areas in Wales, and since WIMD 2011 it has fallen from 250th in the country, a decline of 125 places between 2011 and 2019.

Homelessness in Ceredigion

Headlines

Under the Housing (Wales) Act 2014 all Councils have a range of duties:

- Section 60 – Duty to provide information, advice, and assistance in accessing help
- Section 62 – Duty to assess a person's case where they have applied to a local housing authority for accommodation or help in retaining or obtaining accommodation, or it appears to the authority that the person may be homeless or threatened with homelessness
- Section 66 – Duty to help to prevent an applicant from becoming homeless
- Section 68 - Interim duty to secure accommodation for homeless applicants in priority need
- Section 73 – Duty to help to secure accommodation
- Section 75 – Duty to secure accommodation for applicants in priority need when the duty in section 73 ends

Numbers of cases closed as Section 60 (not requiring a Section 62 assessment) has declined each year since 2018-9

Section 66 outcomes have improved significantly since 2018-19 with the proportion of successful preventions rising to above pre-pandemic levels. The pandemic can be seen as having a direct impact here.

The proportion of successfully relieved Section 73 cases had declined prior to the pandemic and continued to decline during the pandemic (in 2020-21). More households are progressing from relief duty (Section 73) to final duty (Section 75). However, the number and proportion of cases positively discharged has increased consistently

The rate of presentations from single person households for support under the various duties is significant, representing more than 60% of cases, although this is just below the national average. This has clear implications given the deficit in 1-bedroomed properties within the County

There is no significant difference between the outcomes of single and multiple person households for any duty.

The Private Rented Sector plays a significant role in aiding homeless prevention and relief, especially at S66 and S73.

The WHO12 Homelessness returns, are produced by Ceredigion County Council for Welsh Government on a quarterly basis and provide the trends of levels of homelessness and how the Council discharged its duties under the Housing (Wales) Act 2014. Specifically, they provide information on the number of households for which assistance has been provided, categorised by household type, and the outcomes of the intervention.

Section 60 – Duty to provide information, advice, and assistance in accessing help

The number of cases closed as Section 60 (i.e., not requiring a Section 62 assessment) has gone down slightly over the past three years, as set out in Table 3 below:

Table 3: Numbers of cases closed as Section 60

2018-19	336
2019-20	310
2020-21	290

Section 62 – Duty to assess

The number of people assessed under Section 62 has increased slightly over the same period – see Table 4.

Table 4: Numbers of cases assessed under Section 62

2018-19	419
2019-20	427
2020-21	435

Section 66 – Duty to help to prevent an applicant from becoming homeless

In 2020-21 a total of 144 households in Ceredigion threatened with homelessness were provided with prevention assistance under the Section 66 duty. This total contrasts with a total of 198 cases in 2016-17, with a consistent decline in overall numbers over the intervening period. This is a trend reflected across the country and may be linked to a combination of factors such as;

- the ban on evictions in Wales which was in place until July 2021;

- fewer cases of family breakdown leading to evictions during the Covid-19 pandemic.

In relation to the former, there is evidence that since the eviction ban was lifted and notice periods reverted to the norm, we have seen steady approaches to homelessness due to tenancies ending.

The number of successful preventions has increased since the start of the pandemic. In 2019-20, 65% of cases were prevented, compared with an equivalent figure of 75% (108) cases in 2020-21. This followed a broad average success rate of around 70% in over recent years, except for 2018-19 where this dipped to 58%. Leaving aside cases where the application was withdrawn or contact was lost, in 2021-22 the Council was unsuccessful in preventing homelessness in around 10% of cases where assistance was provided. These cases followed the Homeless duty process and were helped further.

More details are provided in the following tables:

Figure 1: Section 66 outcomes - Eligible, threatened with homelessness, prevention assistance provided 2020-21: Ceredigion

Figure 2: Section 66 number of cases and outcomes, 2016 – 2021

Approaches which have led to successful prevention have included:

- Checking whether notices are valid and liaising with landlords as necessary, for example in relation to the 6 months requirement, RSW, deposit and EPC checks
- Supporting those in arrears through HSG services and other support
- Assisting people to alternative accommodation before Section 73 applies.

Section 73 – Duty to help to secure accommodation

In 2020-21, 189 cases received assistance in Ceredigion under the duty to help secure accommodation (Section 73). The broad level of cases has remained consistent with no significant deviation year-on-year between 2017 and 2021.

78 of these cases were successfully relieved in 2020-21 whilst the same number were unsuccessful. The proportion of cases successfully relieved has decreased slightly over the period from 2017-18 to 2020-21, from 47% in the first year to 41% in the last. In numerical terms, the number of successful cases declined from 90 to 78 over the same period.

Unsuccessful cases have risen by around 30%. Significant factors in this figure have been the legislation changes during the pandemic, along with the increased demand in the Housing Market. In turn, causing difficulties in discharging from homelessness, lack of RSL accommodation and deficits in affordable PRS

properties. Discharge to RSL accommodation has decreased markedly and remains an unlikely outcome due to levels of availability.

The following tables provide more detailed information.

Where applicants are assisted into alternative accommodation the Private Rented Sector plays a significant role in aiding discharge.

Section 75 – Duty to secure accommodation for applicants in priority need when the duty in section 73 ends

There has been an increase in cases in Ceredigion handled under Section 75, otherwise referred to as final duty, in recent years - from 21 cases in 2017-18 to 36 in 2020-21, suggesting that more people are progressing from the relief duty (Section 73) to the final duty. This can be attributed to the changes in Welsh Government introduced because of the pandemic, indicating that **all** homeless persons are now deemed vulnerable and therefore in priority need.

However, final duty cases remain a small proportion of the total number of cases in Ceredigion, representing less than 10% of cases where households received assistance or were assessed as ineligible. More details are provided in the following tables.

Figure 5: Number of Section 75 cases and number of cases positively discharged 2017-18 to 2020-21: Ceredigion

The proportion of cases positively discharged from final duty has risen significantly from 57% of total outcomes in 2017-18 to 83% in 2020-21.

Reasons for this include:

- The 'Everybody In' requirement which means that evictions from Temporary Accommodation (e.g., due to rent or service charge arrears), which would unsuccessfully end the duty, are less likely
- More people are staying in Temporary Accommodation until they find an alternative to move on to
- At award of section 75 duty, people not previously eligible for social housing e.g., due to no local connection, are given a banding where they are eligible (Band B)

Discharge to PRS/ RSL figures are provided in Table 7 below:

Table 7 % of homeless cases discharged to Private Rented Sector at s75

	PRS	RSL
2018-19	17%	58%
2019-20	19%	55%
2020-21	18%	59%

This trend contrasts with Section 73 outcomes. More people are progressing from Section 73 to final duty (Section 75), and those who are progressing through to final duty are having increasingly positive outcomes.

The number of discharges from s75 to RSL accommodation is directly attributable to Ceredigion’s Allocations Policy, which allows for previously non-eligible applicants to be eligible and banded appropriately.

Figure 6: proportion of Section 75 cases positively discharged 2017-18 to 2020-21: Ceredigion

Single person households

In 2020-21, Single person households accounted for 62% of the total (444) cases presenting as homeless in Ceredigion. The number of successful interventions for both single person and larger household was equally successful. Single people supported under Section 73 achieved a slightly higher success rate than larger households (81% compared with 76%), although there was a slightly lower success rate of 60% (compared with 67% In general) for Section 75 interventions (see table 8 below).

Table 8: Single person household as a proportion of total outcomes and successful outcomes by duty 2020-21: Ceredigion

Outcomes	Section 66	Section 73	Section 75
Total outcomes of duty	42%	76%	67%
Successful outcomes (prevention or relief)	42%	81%	60%

There was no significant difference in outcomes (rate of prevention and relief) between single and multiple person households.

The greatest difference was between the proportion of single person households subject to final duty (67%) and the proportion who were positively discharged (60%), a difference of 7%. However, single person households subject to a duty to secure accommodation (Section 73) had better outcomes than multiple person households. This could partly be due to the availability of HMO accommodation in the two University towns. Though generally students and homeless persons rarely co-exist in premises, there are a number of HMO accommodation which cater for non-students in Aberystwyth and Lampeter.

With single person households representing 81% of cases of successful relief despite comprising 76% of cases where assistance was provided under Section 73. This suggests that outcomes were broadly similar across different household types in Ceredigion in 2020/21.

National trends in Wales

Headlines

Ceredigion performs better than the regional and national average for every duty.

Ceredigion appears to be effective at securing suitable accommodation (including for those who have progressed through relief duty) and preventing homelessness.

The greater availability of HMO accommodation appears to be a contributory factor.

Using national data covering homelessness returns, comparisons can be made between Ceredigion and Wales;

- Single person households comprise a lower proportion of outcomes in Ceredigion, at 62% of total outcomes, than the national average of 68%.
- Single person households are significantly lower proportion of Section 66 (prevention duty) outcomes than the national average at 42% of total outcomes for the duty, more than 10% less than the national average.
- Single person households comprised a similar proportion of Section 73 (relief duty) and Section 75 (final duty) compared with the national average.

Table 9: Single person household as a proportion of total outcomes and successful outcomes by duty 2020-21: Ceredigion & Wales

Area	Section 66	Section 73	Section 75
Ceredigion	42%	76%	67%
Wales	54%	77%	65%

Ceredigion's proportion of successful outcomes for Section 66 is significantly higher than the West Wales region or Wales as a whole at 75% of total Section 66 outcomes. Neighbouring authorities, such as Powys (63% of outcomes) and Carmarthenshire (46% of outcomes), have a lower proportion of successful outcomes at this stage, with Gwynedd being the only neighbouring authority to have a higher proportion of successful outcomes at 82%.

41% of Section 73 outcomes are successfully relieved, a higher proportion than the regional average of 33% and in line with the national average of 39%, despite falling year-on-year.

Ceredigion outperforms both the regional and national average for final duty outcomes, with 83% positively discharged, the highest proportion out of any local authority in Mid and West Wales and significantly higher than the national average.

Impact of COVID-19

Covid-19 on homelessness has impacted homelessness in Ceredigion in a number of ways, principally:

- Both the demand and provision of Temporary Accommodation has increased following the inclusion of all cases as priority need
- An increase in evictions for end of tenancy, including increase in landlords selling the property. This dipped temporarily during the period in which the ban on evictions and increased notice period was operating Lack of affordable move-on accommodation (meaning delays in moving people on from Temporary Accommodation)

Accommodation

This section reviews the data on availability of accommodation, specifically:

- Current Housing Register demand
- Temporary Accommodation
- Private Rented Sector
- Planning and new building

Headlines

The County has agreed a Common Allocations Policy with RSL partners, which aims to strengthen the role of social housing in providing for people most in need and supporting the Welsh language.

There is a high level of need for 1 bedroom properties in the major settlements and 2 bedroom family homes more generally, alongside significant demand for 2 and 3 bedroom Wheelchair Accessible bungalows

Ceredigion Housing Services have significantly increased the volume of Temporary Accommodation to match the increased number of placements resulting from Welsh Government's 'Everybody In' policy, during the pandemic.

The market impacts have significantly reduced the progression from Temporary Accommodation over the same period.

Ceredigion's position as a non-stock holding Authority has limited flexibility to develop internal solutions to homelessness. Consequently, it relies heavily on the PRS and partner RSL's, with participation in the Welsh Government's Private Sector Leasing Scheme.

The Council's Housing Market Summary projects that by 2033:

- There will be a decrease in household size
- This will be accompanied by a rise in the number of households
- There will be an increase in demand for 1 and 2 bedrooled properties
- 28% of the total housing need will be for affordable housing

In response, Ceredigion is committed to increase the number of affordable homes across tenures, using a range of mechanisms.

Local Housing Allowance (LHA) rates were below the equivalent lower quartile private rents (although housing benefit funded tenancies are excluded from the data)

Allocations

Ceredigion County Council, in partnership with its Registered Social Landlords (Caredig, Barcud and Wales and West Housing Association), have agreed a Common Allocations Policy which reflects the growing demand on social housing coupled with the growing need to maintain and strengthen communities.

The high level aims of the policy are;

- Strengthen the role that social housing has in sustainment of both the community and Welsh language,
- To work to deliver housing to people most in need, whose housing options cannot be met outside of the Social Housing sector
- Streamline the Housing Register application process for customers and partner agencies

The Allocations Policy reflects;

- The Housing (Wales) Act 2014, and the changes in homelessness duty
- The role that the Private Rented Sector will play in the provision of good quality, affordable, stable, and sustainable housing.
- The Welfare Reform changes
- Embed the prevention agenda

The Common Allocation Policy as the main framework combines the Common Housing Register, Accessible Housing, Older Persons Housing and Affordable Housing. In conjunction this enables applicants to apply for a home that most suit their requirements.

The bandings and relevant criteria are summarised below.

- A limited but significant demand for 2 and 3 bedroom Wheelchair Accessible Bungalows for specific, known individuals.

Use of temporary accommodation

A total of 43 single units and 40 self-contained units of temporary accommodation are available across Ceredigion. Details are provided below.

Ceredigion's approach to Temporary Accommodation is in line with the requirements of the Housing (Wales) Act and the extension of priority need to all applicants in response to Covid-19. Local Connection is considered, with applicants

not being able to demonstrate this referred to another Local Authority as appropriate.

The volume of Temporary Accommodation available has risen significantly since the start of the pandemic (see Table 13). Additional provision has been funded largely through the Welsh Government's Hardship Fund.

Table 13: Number of Temporary Accommodation units

	Single room (shared)	Self-contained unit (flat or house)
Pre-pandemic	25	36
Current	44	44

Placements into Temporary Accommodation have increased markedly, with the changes in guidance around priority need thought to be a significant factor behind this increase. Table 14 provides further detail.

Table 14: Numbers of placements into Temporary Accommodation

	2018-19	2019-20	2020-21
Placements under s68/73/75	78	80	156
Placements outside s68/73/75 (for example, non-priority cases) – placements outside the legislation		45	19

Progression from Temporary Accommodation has slowed down over this period. Bed and Breakfast accommodation has been used sparingly, where necessary but this has been kept to a minimum.

Private rented sector

As a non-stock holding Local Authority, Ceredigion has less flexibility than others in developing internal solutions to help address homelessness. Partnerships with the Private Rented Sector, alongside RSLs, social letting agencies and HSG-funded homelessness providers is therefore key to minimising its incidence and impact

across the County. The forthcoming Rapid Rehousing Plan will review these arrangements and look to build upon them.

PRS levels in Ceredigion are comparatively high, the September 2020 stock estimate suggesting a figure of 5,906 out of 35,660 households or 16.6%, against a Wales average of 14.2%. This is thought to be a contributor to the higher proportion of successful discharges, as discharges to PRS are actively pursued. 75 such discharges took place in 2020-21. All PRS properties to which people are discharged are compliant with Rent Smart Wales and Minimum Energy Efficiency standards. The Council is working with Housing Standards to improve conditions across all Private Rented Sector.

The Council is actively running the Welsh Government's Private Rented Sector Leasing Scheme, which was introduced to increase access to, and affordability of, renting privately in Wales. Under the scheme, properties are leased by local authorities to help prevent and relieve homelessness, with incentives provided to property owners participating in the scheme and tenants housed through it supported to help maintain their tenancy.

Planning and building

Housing needs in Ceredigion are set out in a Housing Market Summary prepared in 2019-20 by Opinion Research Services as part of a wider exercise spanning the Mid and West Wales region. Set against population trends and projections, the Summary includes:

- Household trends and projections
- Cost of home ownership
- Cost of renting
- Overall housing need
- Requirements by bedroom size

There is an ongoing reduction in household sizes which is set to continue, and which indicates an increase in the number of households required, see Figure 7 below

Figure 7 - Household Trends and Projections (Source: Welsh Government Household Estimates and Welsh Government 2014-based Household Predictions)

Changes in household numbers are projected across four identified sub-areas, as set out in the table below:

Table 15 - Projected Household Change 2018-2033 by Sub-Area (Source: Welsh Government, ORS Model)

	Total Households				Total change 2018-33

TOTAL	32,322	33,229	33,972	34,538	+2,216

There have been changes in housing tenure over time, with a slight decrease in home ownership between 2001 and 2011, following an increase over the preceding period from 1981.

The number of private tenants rose, against a decline in social tenants, between 2001 and 2011. PRS tenants are more at risk of homelessness due to less secure tenancies. The Renting Homes (Wales) Act is looking to in part address this with the restrictions in notices, including prevention of retaliatory eviction. Unaffordability also makes homelessness a risk.

There was a sharp increase in lower quartile house prices between 2001 and 2018 from £57,400 to £136,000, albeit with some fluctuations in the intervening period – it should be noted however, that the affordability ratio for median and lower quartile housing suggests that property has become more affordable since 2008.

Local Housing Allowance (LHA) rates were below the equivalent lower quartile private rents (although housing benefit funded tenancies are excluded from the data)

Housing need by tenure (including concealed and homeless households and overcrowded households) is set to increase over the period from 2018 to 2033, as set out in the following table

Table 16 - Housing Need by Tenure 2018-33 (Source: ORS model. Note: figures may not sum due to rounding)

Increased needs by bedroom size demonstrate significant increases for 1 and 2 bedroomed properties, as illustrated in the following table:

TOTAL AFFORDABLE HOUSING	+201	+257	+161	+42	+660

The summary concludes that of the total housing need, 72% is for market tenures and the remaining 28% is for affordable. There will likely be changes in the types of dwelling required across all tenures, most notably an increase in two to four-bedroom market properties and one to three-bedroom properties in the affordable tenures.

The above affordable housing figure equates to a need for a total of 660 new affordable homes in Ceredigion.

In response to the above assessment, a key commitment of the Council is **increasing the number of affordable homes in Ceredigion, across tenures and in line with the Welsh Government's national target of 20,000 new Affordable Homes being delivered within the current Senedd term** and additional investment totalling £2bn since 2016. Specifically, the Council's stated priorities include:

- Provision of General Needs Social Rented and Intermediate Affordable Housing where appropriate in areas of highest need
- Provision of wheelchair accessible/ mobility impaired housing for pre-identified applicants as required
- Delivery of high quality, one bedroomed properties in larger towns and population centres
- Provision of purpose-built supported housing for specific client groups, including learning and physical disabilities, complex needs, and mental health, in partnership with Social Services

- Continued remodelling and repurposing of redundant existing assets and buildings
- Provision of temporary/ supported living for people aged 16 to 24 years who are homeless and/ or need support
- Utilisation of relevant funding streams to repatriate people from Ceredigion needing accommodation so as to bring them nearer to family and support networks
- Investigation of opportunities for additional Low-Cost Home Ownership Opportunities (LCHO) for Ceredigion residents, including an expanded range of affordable tenures

Delivering these priorities will help sustain recent increases in the number of affordable tenures in Ceredigion (see Table 18). Increases in the Social Housing Grant (SHG) will support these ongoing enhancements. They

Affordable home tenures currently available within Ceredigion are:

- Social Rent (via SHG)
- Intermediate Rent - (via SHG although limited take-up)
- Discounted for sale - (S106 – Planning gain)
- Intermediate Rent - (S106 – Planning Gain although limited numbers)
- Extra Care - (Via SHG)
- Rent To Own - (Via SHG)
- Section 157 Homes. (Note: These are Ex Right to buy properties for sale)

The Council is currently reviewing the range of Affordable options available and investigating any additional opportunities that may be available for creating additional affordable pathways to home ownership.

Housing Support Grant Services

This section summarises how HSG funded services are provided by the Council currently, demonstrating a range of services already meeting needs within the community.

The Housing Support Grant typically funds support activities via two types of services:

- Supported Accommodation
- Floating Support

Further details are provided below.

Referrals for Housing Support Grant Funded Services

Highlights

This section summarises the referrals for both supported accommodation and floating support.

Lead client support categories in recent data show People over 55 with support needs (28%) and Generic floating support (24%) as the highest. This was followed by people with mental health issues (10%).

Mental health issues (21%) were the leading secondary and tertiary client support category, alongside being the third most common lead client support category, suggesting that they are a common issue among service users. (Excluding People over 55 years due to the high number of sheltered accommodation units)

Similarly, physical and/or sensory disabilities were more common as a secondary client support category than as a lead category, accounting for the secondary client support category of 157 service users (15% of service users with a secondary support category). Substance misuse issues (alcohol/substance) accounted for 15% of service user's secondary client support.

81 clients recorded a lead need for VAWDASV support, (7% of service users) an additional 7 clients identified this category as secondary and tertiary needs.

The main reason for leaving support was that needs had been met (47% of clients), with 23% moved into suitable accommodation, including extra care accommodation.

A relatively large proportion of unplanned leavers (46%) did so because of non-engagement with support. The Programme and delivery plans will develop support solutions to reduce this figure.

During 2021-2022, in Ceredigion, there were 986 people in Q2 (Oct-Mar) people receiving housing support with a lead client support category, 790 with a secondary client support category and 439 with a tertiary client support category.

A summary of users and their client support category is provided in the table below.

It should be noted in relation to the above table some of the 'nil' figures could signify direct referrals and some relevant cases being included within the generic category.

Further work is ongoing during 2022/23 to refine categorisation and recording.

A further breakdown of numbers of service users across the five most common lead client support categories is provided below:

Figure 8 – Number of service users across the five most common lead client support categories

Planned and unplanned leavers

A total of 325 people left services in the second quarter of 2021/2022, of which 254 were planned (78%) and 71 were unplanned (22%). The main planned reasons for leaving were:

- Housing related support needs having been met
- Moved into sustainable accommodation
- Other (Transfer to other support or services)

Housing related support needs having been met and moving into sustainable accommodation, combined, accounted for 73 service users' reason for leaving, more than half of planned leavers.

Figure 9: Planned reasons for leaving

Non-engagement with support was by far the most common reason for unplanned leaving, accounting for 33 unplanned leavers – 46% of total unplanned leavers. This was followed by deceased (15 unplanned leavers – 21%) and other (10 unplanned leavers – 14%).

The complex nature of a few clients slightly distorts the unplanned data, with certain individuals evicted for ASB and then provided accommodation under the Authorities Homeless duty in emergency accommodation.

Further work is ongoing to refine categorisation and recording

The following were not reasons for any unplanned leavers:

- Moved into Sheltered Housing
- Moved into long term Supported Housing
- Health needs stabilised

Figure 10: Unplanned reasons for leaving

HSG in Adult Services - (through age)

There is a fair understanding of HSG services through Social Service teams. More work needs to be undertaken in respect of the referral mechanism, governance and any TAW proposed changes. New changes to the social care gateway (including proportionate assessment tool, sift and triage) provide an opportunity to review these processes.

The Housing Service, sitting within Porth Gofal, is ideally located to ensure continued close working to enable maximum alignment of HSG Programme to TAW Strategy, and deliver holistic approach. This will include better links with community connectors and universal services to create more joined-up support.

HSG in Children's Services

The Team Manager – Housing Options and Support sits on the Children's and Communities Grant Steering Group, to aid in links between the two programmes. However, there is further work to develop in this area including further exploration of the Youth Engagement and Progression Framework and young person's guarantee in relation to early identification and tracking of potential NEET young people and Care Leavers.

Population needs

This section provides an overview of needs across a range of population groups which should be considered when identifying strategic priorities and developing support services. The information is drawn from a number of sources, namely:

- The statutory Population Assessment undertaken by the West Wales Care Partnership in 2017 in accordance with Part 2 of the Social Services and Wellbeing Act, which identifies levels of need for care and support (although it should be noted that this information is now dated, and a new Population Assessment is currently under development)
- In advance of the new Population Assessment, more recent data available at national, regional, and local level
- Specific information on the impact of Covid-19 and implications for future homelessness-related provision

This information will be important in shaping future strategic priorities in relation to homelessness and associated support.

Substance Misuse

The effects of alcohol and drug misuse are far-reaching; impacting on children, young people, adults, whole families, and communities. Partnership work to address this agenda is taken forward through the Dyfed Area Planning Board for Substance Misuse, their needs assessment, strategy, and action plan. Regional working in this area needs to reflect the priorities of the Welsh Government's Drug and Alcohol Strategy "Working Together to Reduce Harm", namely:

- Preventing Harm

- Support for Individuals – to improve health and aid and maintain recovery
- Supporting and Protecting families
- Tackling availability and protecting individuals and communities via enforcement activity
- Partnership

The 2017 Population Assessment indicated that:

- In West Wales region the percentage of adults drinking above the recommended guidelines had declined by 5% since 2010/11 and from 40% to 37% in 2014/15 (Welsh Government, 2016). Similarly, the percentage of adult's binge drinking had reduced by 4% over the same time period from 24% to 20%. The Hywel Dda UHB area was below the Welsh average for both indicators.
- In 2015/16 there were 1137 referrals for alcohol treatment across the region, with 82% successfully completing treatment. In the same year there were 713 referrals for drug treatment with 79% completing treatment. The figures for those successfully completing treatment are above the Welsh baseline. Of those accessing drug treatment 65% were male and the largest number of referrals were in the 30-39 years age group (27%), followed by 24% in the 40-49 year age group and 13% in the 50-59 year age group.
- Incidences of Children in Need cases where substance misuse if a factor were low in Ceredigion (likely to be due in part to Hidden Harm and Integrated Family Support Services (IFSS) provision. National data (Public Health Wales, 2016) indicates that permanent exclusions as a result of drug or alcohol related incidents across Wales was 20.2% in 2015/16. Exclusion from school is a key vulnerability for young people and can result in lack of meaningful daily learning and activities.

The effect of substance misuse on household stability and resulting risks regarding homelessness are clear.

Mental Health

The mental health needs of society have changed significantly over the past decade. Treatment advances have also changed with delivery of services moving away from a reliance on hospital care and instead providing services in community settings where people can remain supported primarily by families and friends or, when required, by services delivered by health, social care and the third sector.

Since 2012 and the introduction of the Mental Health (Wales) Measure 2010 (the Measure), the vast majority of people with mental health problems are treated at a primary care level, either through their GP or Primary Care Mental Health Services. This promotes early intervention for people experiencing mental health difficulties, the aim being to reduce the likelihood of their condition deteriorating and the need for secondary mental health services.

The introduction of the Local Primary Mental Health Support service (LPMHSS) has enabled closer integration of mental health services with primary care and GP services to provide short term psychological interventions, both individual and group, to individuals with a mild to moderate mental health problem. In addition, the LPMHSS also provide support and training to professionals working within primary care teams in relation to their management of individuals on their caseloads with mental health issues.

Evidence suggests that:

- One in four people will require support with respect to their mental health throughout their lives whether this is low intensity support for difficulties such as low-level anxiety / depression or longer-term support.
- Mental illness can develop from a number of factors including social traumas, illegal drug use and genetic predisposition. Mental health does not discriminate and can affect anyone often leading to debilitating conditions.
- Early intervention is crucial, and this can take the form of providing information or referral to community or third sector services. Admissions to inpatient services may occur in extreme situations, where the individual cannot be treated in the community and presents a risk to themselves and / or others.
- It has been estimated that the economic and social costs of mental health problems in Wales is estimated to be £7billion a year.

As well as increasing demand, Hywel Dda University Health Board has been hit with challenges from different factors such as difficulties in the recruitment and retention of staff and the shift in focus to a more preventative and recovery-based approach to mental health issues. The demand for mental health services has been increasing in recent years and the COVID-19 pandemic is predicted to have an impact on these services going forward. Although the majority of this increased demand is felt on primary care services, often, housing and housing support needs are a common factor affecting many people accessing mental health services.

Evidence further suggests the following impacts of Covid-19 on mental health:

- 1 in 5 people in Wales were unable to access mental health support at the start of lockdown, leading to possible escalation of need and need for emergency care.
- Doubling of depressive symptoms during lockdown with 1 in 5 adults experiencing some form of depression
- Disproportionate effect of Covid-19 on the mental health of people from Black and Minority Ethnic (BAME) communities, those facing financial insecurity and lower income households
- 83% of under 25s report that the pandemic has caused deterioration in mental health and wellbeing; 26% said they were unable to access mental health support, peer, or community-based support
- Worsening of mental health for those with existing mental health conditions during the pandemic
- Increase in referrals
- Increase in Mental Health Act Assessments
- Concern regarding health and wellbeing of young people aged 16- 24
- Impact of economic repercussions on mental health and potential suicide ideation in high-risk groups

In Ceredigion in 2015-16:

- 1130 individuals were referred to Primary Mental Health Support Services
- There were 520 referrals to Mental Health Crisis Resolution Home Treatment Teams

Learning Disability

Learning Disability can be defined as:

- A significantly reduced ability to understand new or complex information and to learn new skills (impaired intelligence)
- A reduced ability to cope independently (impaired social functioning); or
- These are in evidence before adulthood and have a lasting effect on development

The way in which the needs of people with a Learning Disability are met has changed over the last twenty years. People who would historically have been placed in institutional care are increasingly being supported to live in their communities.

Health and social care services along with the third sector collaborate to maximise the independence and potential of those who use our services. Local authorities submit numbers of all persons identified as having a learning disability currently known to the authority and included in a register of records for the purpose of planning or providing services. Note: the register of people with learning disabilities may be an underestimate of the total number of people with learning disabilities as registration is voluntary. Research suggests that below-average learning ability is a risk factor for homelessness and a predisposing factor for vulnerability among rough sleepers.

Covid-19 is recognised to have had an impact on people with a Learning Disability, including autistic people. Effects, which are likely to give rise to increased emotional and mental health support and which could affect housing status, include:

- Increased isolation and loneliness
- Reduced confidence to leave home
- Employment vulnerability

Ceredigion's Learning Disability Strategy 2018-23 identified the following:

- As of 31st March 2018, 194 people with a learning disability were supported by service provided and / or commissioned by Ceredigion County Council.
- Of these, 135 (70%) were supported to live in the community with 59 (30%) supported in residential care.
- This percentage for residential care is the highest in Wales and the HDUHB region.
- By 2035, it is predicted that there will be 1538 adults aged 18 and over who have learning disabilities living in Ceredigion.
- By 2035, it is predicted that people aged 75 and over who have learning disabilities is set to rise by 60%.

The Programme plan identified a number of implications for future service provision. These include:

- The need to ensure that there are a range of opportunities available to people with learning disabilities of all ages to enable them to lead a full and active life as valued members of their communities

- Requirement for alternative commissioning strategies to be developed that build community capacity and resilience so that future services are self-sustaining, recognising the financial challenges faced by the public sector
- The need for statutory and other partners to work with people with a learning disability to design and grow sustainable, resilient, and innovative services, recognising the benefit of co-production
- The need for continued focus on developing services that will promote independence wherever possible

The importance **of appropriate housing solutions** is obvious in relation these implications and any actions the Council and partners take to address them.

Children and Young People

The County Council has specific Temporary Accommodation for young people which provides a tailored, supportive environment to meet their needs. This is supported by Youth Innovation Funding and managed by an RSL. Support at the project is funded via HSG.

The accommodation provided covers a number of options;

- 6 units of Supported Accommodation providing client's own room with shared facilities and access to support 24/7, to develop independent living skills
- 9 units of Supported Accommodation with support ad-hoc and as needed with increased independence
- 4 units of Supported Accommodation for Care Leavers/Looked after Children with needs focused support
- 6 flats providing "Housing First for Youth" with support for individuals on the first step of independent living

Further detail relating to HSG supported projects with youth elements, reflecting the number of service users, pathways, mediation, and joint approaches will be reflected in our Rapid Rehousing Plans.

Older People

Key facts

The Population Assessment highlighted the high level of and predicted significant growth in the numbers of older people in the region over the coming period, as follows:

- The proportion of older people (aged over 65) is higher in West Wales than in Wales as a whole (21.3% compared with 18.6%)
- An increase of approximately 60% in the numbers of people over 65 in West Wales is predicted by 2035
- An even higher rate of increase in the number of people over 85 in West Wales – 122% - is predicted over the same period
- Disability-free life expectancy is rising more slowly than life expectancy, suggesting an increased need for care and support over time
- Significantly higher numbers of older people undergo emergency admission to hospital in West Wales than the population as a whole with a similar discrepancy in the number of people receiving inpatient care for chronic conditions
- Rates of dementia in older people are also set to rise
- Rurality can be an accelerating factor in exacerbating the needs of older people, due to social isolation, higher levels of deprivation and poor access to services

Evidence suggests that Covid-19 has had a number of impacts on older people, including mental health problems and accelerated cognitive decline. These factors could precipitate housing vulnerability and lead to increased levels of need for those seeking advice and support.

Physical Disability and/ or Sensory Impairment

Whilst HSG provides support services for people with impairments or disabilities, more detail and analysis are required to identify service gaps and opportunities. In partnership with Social Care and Health

A full stakeholder review will be held to identify service needs and gaps for future service design and commissioning during 2022/23.

Carers

Carers in Ceredigion are supported with a Carers Information Service which provides a regular magazine with useful information, a regular carers forum, training events and support for those who provide unpaid care to others.

During the pandemic carers received additional service from the Council, including two wellbeing packs to provide a wellbeing boost during this period.

All HSG services are open to Carers and the Dementia Support service, provides families and Carers with direct support to enable independent living as well as future option planning.

This is an area that has been identified that needs wider communication across the authority with clearer access to enable direct applications for support from Carers and professionals alike. During 22/23, a wider communication campaign is planned to advise on the support and pathways for HSG.

Violence Against Women, Domestic Abuse and Sexual Violence (VAWDASV)

The enactment of the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 requires the public sector in Wales to work together in a consistent and cohesive way to improve the outcomes for individuals and their families subjected to Violence against women, Domestic Abuse or Sexual Violence. The Act sits alongside the Social Services and Well-Being (Wales) Act 2014 which provides a legal framework for transforming social services and improving the well-being of adults and children who need care and support and the Well-being of Future Generations (Wales) Act 2015 which requires public bodies to think about what actions and activities are required to improve the well-being of current and future generations. Collaboration, preventative activity, the involvement of individuals, and long-term incremental improvements in the services delivered are threaded throughout our legislative landscape.

The Mid and West Wales' joint strategy to tackle Violence against Women, Domestic Abuse and Sexual Violence outlines how the region will support victims and survivors, tackle perpetrators, ensure professionals have the tools and knowledge to act, increase awareness of the issues and help children, young people, and other vulnerable groups to understand inequality in relationships and that abusive behaviour is always wrong.

- Strategic Priority 1: Increase knowledge and awareness and challenge attitudes towards equality and violence against women domestic abuse and sexual violence amongst citizens of Mid and West Wales

- Strategic Priority 2: Increase awareness of children and young people of the importance of safe, equal, and healthy relationships and that abusive behaviour is always wrong
- Strategic Priority 3: Increase focus on holding perpetrators to account and provide opportunities to change their behaviour based around victim safety
- Strategic Priority 4: Make early intervention and prevention an integrated priority in Mid and West Wales
- Strategic Priority 5: Relevant professionals are trained to provide effective, timely and appropriate responses to victims and survivors
- Strategic Priority 6: Provide victims with equal access to appropriately resourced, high quality, needs led, strength based, gender responsive services throughout the region.

A recent audit report by Oxford Brookes undertaken for the regional group identified that there was a good understanding of local need shared between both providers and service commissioners.

This included acknowledgement that more work is needed with families experiencing the so called 'toxic trio' of poor mental health, substance misuse and domestic abuse in order to safeguard children. The report also recognised the importance of ensuring VAWDASV is included in service area strategic planning and stronger links with Safeguarding.

The rurality of the location of support and the availability of move on accommodation was felt to be an issue.

Ceredigion have recently improved their accommodation offer for refuge placements increasing provision through acquiring 1 additional unit, fully accessible for disabled victims and their families.

Across Mid and West Wales, the Housing Support Grant invests approximately £1.7 million in services for women and men who have experienced domestic abuse. These services include refuge provision for men and women, floating support, drop-in services, family support and target hardening. In addition, the programme

funding across the region enables people to receive other support that reduces their risk of becoming homeless including direct financial support and support for people with needs that often co-occur with violence against women, domestic abuse, and sexual violence e.g., mental health, substance misuse, debt etc.

Impact of COVID-19

Current figures for Ceredigion demonstrate that the accommodation restrictions reduced the capacity for refuge places in line with safe distancing. This resulted in a significant increase for the floating support services and in some cases, clients remained in their own accommodation, longer than ideal. In all cases where there was a significant threat to personal safety, alternative accommodation was sourced.

The movement restrictions also adversely impacted the Older Women's (OWLS) as many clients couldn't leave home to meet or discuss support. Since the cessation of movement restrictions, there is evidence for a rise in clients re-engaging with support.

Offenders

The Council runs a dedicated ex-offender's project providing accommodation (totalling 5 rooms) and HSG-funded support for ex-offenders leaving the secure estate. Thorough risk assessments are carried out prior to offering a placement.

Whilst numbers are generally manageable, occasionally ex-offenders need to be housed in regular Temporary Accommodation. Further, there can be occasions where, due to the risks associated with the offenders and in particular in a shared environment, accommodation cannot always be identified.

The Council work closely with the Police and HMPPS in a number of multi-agency settings to identify and support offenders. This can be through IOM, MAP, Wisdom and MAPPA platforms. The current prisoner pathway is being redefined by Welsh Government in conjunction with Local Authorities input and this has offered the opportunity to further clarify the route for HSG support to be provided to this cohort.

Housing First

Currently Housing First is provided in partnership with both RSL's and providers, with a clear selection and vetting process to ensure that the most complex/chaotic cases are given an equal opportunity.

At present, 3 adults are supported via Housing First, living in independent accommodation and working as part of a wider MDT, led by the relevant Social Worker, with links to Health through CDAT and CMHT. The support is funded via HSG and there are plans to expand the service for another 4 clients during 2022/23.

Whilst still in its infancy, the support has proved effective for the clients with 1 person now living independently with minimal floating support.

Housing First for Youth is based on a partnership approach with a provider, match funding S180 funds from WG. During the pandemic, significant issues occurred with substance misuse and ASB. HSG support has been increased with access to specialist substance misuse support, plus increasing support workers developing skills, plans and outcomes for resident.

Stakeholder Engagement

During 2020/21, monthly meetings were held with providers through the Housing Support Framework and were asked to undertake a review of their services, aimed at:

- Assessing the impact of Covid-19 on services and implications for the future
- Identifying potential service improvements, short-term efficiencies, and longer-term solutions for inclusion in the HSP Programme.

Structured discussions were then held between commissioners and providers to explore emerging issues. Providers were also required to engage with service users as part of this exercise.

A summary of key issues emerging from these reviews by providers is provided below:

- The pandemic has had a range of impacts on provision, for example:
- Inability to hold face to face consultations, increasing isolation of vulnerable people and causing deterioration of mental health for some

- Many providers have adapted their services to make them available online
- There are connectivity issues in parts of the County and for some groups and also difficulties around levels of IT literacy
- Face to face support hampered by PPE which makes communication more difficult and general anxiety for some people around meeting physically
- Whilst funded services seek to provide holistic support to their users, improved links with broader services would be helpful. This would enable the 'baton to be passed' and appropriate support be identified for people once the crisis intervention has ended
- Mainstream services are not always sufficiently responsive to the needs of the individual, giving rise to avoidable crisis and jeopardising ongoing recovery and wellbeing after the homelessness intervention
- There are gaps in intensive services, for example substance misuse support and complex mental health
- Some people are still moved from 'pillar to post' to obtain the support they need – this includes some people suffering from domestic violence. Better join-up of services is required

This engagement with providers was followed up with a separate exercise undertaken in March and April 2022. A questionnaire was produced and circulated among a range of stakeholders providing them with the opportunity to comment on:

- Their awareness of how HSG services are utilised in Ceredigion
- What they feel works well
- Identified gaps and duplication
- What they feel should be the priorities for HSG services moving forward, generally, and specifically in relation to their service area
- What works well in relation to homelessness prevention
- What could be improved in relation to the above
- Homelessness relief in the County and where improvements could be made
- Effectiveness of partnership working
- Suggested future priorities for the HSP Programme

The questionnaire was sent to 13 managers within the Council in service areas that have an interface with homelessness services and to representatives of the following partner organisations:

- Hywel Dda University Health Board
- Dyfed Powys Police
- Probation Service
- Barcud
- Wales and West Housing Association

Four questionnaires were returned by Ceredigion County Council managers and one from an external housing provider. Separate workshops or one to one meetings were also offered to both internal and external partners, although this invitation was taken up by just one RSL partner and a one to one conversation took place with their representative on that basis.

Summary findings of the engagement are provided below.

HSG services

Responses suggested a high level of general awareness among Council managers of the HSG and supported services.

Aspects of HSG services that are considered to work well include:

- Management of housing issues not covered by statutory providers
- Collaborative planning with other services
- Close working between HSG and other services to meet needs of individuals
- Wrap-around support provided by HSG partners for individuals with complex needs

Identified gaps include:

- Support for people with dementia, including early onset of the condition
- Low level support for individuals not requiring a statutory care plan
- Resources and staffing generally
- Specialist accommodation to house individuals who are unwilling or unable to manage even the most basic accommodation
- Lack of provision of supported accommodation for clients with complex needs and chaotic lifestyles

Responses indicated that future priorities for the HSG should include:

- Maintaining current provision and enhancing the range of specialist accommodation available
- Support for older people who have their own homes rather than tenancies
- Use of the proportionate assessment undertaken by Porth Gofal to be referral tool for HSG support, rather than another form being required
- Increased support for those at risk of homelessness
- Extended range of affordable accommodation
- Investment in training around trauma-informed practice and for school pupils
- Improved training to help staff support people with complex needs
- Alignment of the Youth Engagement and Progression Framework and young person's guarantee in relation to early identification and tracking of potential NEET young people
- Enhanced working with schools and other education providers to support identification and referral of pupils at risk of being affected by homelessness and assessment of the impact of exclusions and Education Other Than at School in terms of homelessness
- More person-centred support with identified personal outcomes
- Focus on preventative work including for people living with dementia, to help keep people in their homes
- Better links with community connectors and universal services to create more joined-up support
- Development of a strategy for care leavers in terms of tenancy support and establishing links with relevant statutory and non-statutory support
- Stronger links between HSG and the police, health, and other areas of the local authority
- Better support for care leavers with complex needs
- Increased staff resources

Homelessness prevention

Areas identified as working well include:

- Sustaining tenancies
- Strong performance of the Ceredigion Housing Register in achieving the right balance and prioritising secure accommodation needs appropriately
- Training for early help and prevention workforce within the County Council

- Regular meetings between housing, other Council services and partner agencies
- Range of services
- Proactive housing service
- Help and prevention support accessible to secondary schools
- Clear communication, pathways, and support services for schools
- Strong links between homelessness and front door services
- Support provided by HSG providers for people with complex mental health needs and substance misuse issues
- Numbers of drop-in centres providing information and advice

Areas for improvement were identified as follows:

- Earlier identification
- Stronger links with health to support people with mental health problems
- Clearer strategy for accommodating young people leaving care
- Further support around social isolation and mental health
- Raising of awareness of homelessness among children and young people – a previous initiative between local theatre company Arod Goch, the Council and a housing provider to create a film highlighting support available to individuals provides a helpful precedent
- Mobile youth support
- More information and awareness session for Council colleagues
- A more strategic approach to commissioning and more resources for third sector organisations to support homelessness prevention for young people
- Provision of learning event/s on housing first

Homelessness relief

Areas identified as working well include:

- Close links with front door services and the Emergency Duty Team through Porth Gofal
- Multi-agency homelessness cell meetings which provide a forum for sharing information so that early interventions can be made
- Strong links with the community enabling early identification of risk
- Housing options team providing support for vulnerable people
- Good links with mental wellbeing and safeguarding services

- Range of provision
- Cooperation between agencies
- Communication

Areas suggested for improvement included:

- More engagement from the University Health Board in relation to mental health
- Greater recognition of the wider health benefits of preventing homelessness
- Expansion of bond schemes, RSL capacity and housing first schemes
- Increased out of hours support
- Provision of accommodation for clients with chaotic lifestyles

Partnership working

The following additional observations were made:

- Collaborative working is facilitated by close networks between corporate managers within the local authority
- There is good and open partnership working between housing and HSG in the County Council and with provider agencies
- Scheme coordinators work creatively with clients in identifying and implementing solutions
- There are some examples of poor communication across agencies, including feedback to non-statutory agencies on safeguarding issues
- Ceredigion's (relatively small) size and corresponding small numbers of users makes joint working easier
- Covid-19 has encouraged closer joint working within and across agencies, for example through multi-agency Silver Command arrangements – these need to be consolidated during the recovery phase
- Close working between those providing services for vulnerable children and housing, for example HSG colleagues and programme lead for the St David's Day Fund
- Housing services have an opportunity to inform deployment of the youth support grant in relation to youth homelessness

HSP Plan future priorities

Suggestions included:

- Supporting care leavers with complex needs
- Strategy for supporting people with dementia
- Development of 9 sheltered schemes into community hubs providing a range of accessible services to tenants and tenure-neutral residents
- Enabling and empowering older people to live safely at home
- Responding clearly to client feedback
- Specialist supported accommodation for clients with chaotic lifestyles
- Ensuring equity of provision across all service providers
- Increasing level of staff resources
- Training staff to support adults with more complex needs
- Broader range of specialist accommodation
- Working with school and education providers to place greater emphasis on restorative approaches rather than exclusions
- Aligning the YEPF with youth homelessness prevention
- Prioritising provision of universal support for children and young people in both rural and urban settings
- Focus on value for money and return on investment in relation to HSP

In addition, a health needs assessment of homeless people undertaken by Hywel Dda University Health Board was submitted in response to the engagement exercise. This includes detailed analysis of (1) the complex health needs of homeless people and the impact of these on services and (2) policies and evidence base that impact on and prevent homelessness. Highlights of this report include:

- The prevalence of mental health and substance misuse problems among homeless people
- High incidence of risky sexual behaviour among people who are homeless
- Evident gaps in access to healthcare by people affected by homelessness
- The importance of Psychologically Informed Environments (PIEs) in helping reduce the risk of homelessness
- Suggested effective interventions, including early help, supportive housing, and housing first approaches

The report includes several recommendations, which include:

- Improved data collection by the Health Board and its partners regarding homelessness in primary care settings, admission to hospital and in Accident and Emergency Departments, to identify people at risk
- Changed registration processes with GP practices to allow homeless people to access care
- Measures to enable health staff to receive medical communications on behalf of homeless people and to pass these on as appropriate
- An 'assertive outreach' approach to improve healthcare for homeless people
- Better sharing of local authority processes to support an integrated approach with health

Ways of addressing these recommendations should be explored further in multi-agency discussions between the County Council, Health Board, and other relevant partners.

Feedback from service users

Feedback from service users was sought by individual providers as part of the original review exercise outlined above.

This initial engagement revealed generally high levels of satisfaction with the services provided. Examples of feedback are provided below.

"I was so happy and very surprised when I was entitled to PIP. I always doubted I would qualify"

"I am now able to accept that I need help were before I wasn't able to ask. Thank you so much."

"My support worker has been a star. Consistent support, hearing me and enabling me to take control and helped to keep me alive. They have also reduced my isolation by referring me to other agencies. Good at networking and bringing all my agencies together to support me. The support worker has always done what they said you would do. They have been very supportive around my sexual identity and have provided me with pragmatic and honest support."

"Had there been six stars on this question the staff would have qualified. They have followed rigorous rules but have also been able to meet the needs of clients to provide support while ensuring maximum safety."

"You are always doing things for me; I can trust you"

This engagement was followed up by a further exercise in March/ April in which a short survey was distributed to service users by the Council and provider agencies. All responses received (29) were from users of Mental Health floating support in the Lampeter area.

When asked what currently helps them most with your situation, responses from users included the following:

"Knowing everything possible has been done to help me and you have built a team around us to help"

"Having consistent, regular support from my support worker"

"Having counselling support"

"Regular weekly visits bring stability"

"Benefit support has brought finances under control"

"Regular training sessions, a great help was sorting 10 years' letters and filing them"

"More money with benefits and grant help"

"Having regular appointments with various health professionals including diabetic nurse, psychiatrist, respiratory specialist and haematologist"

"Support from my support worker to contact various agencies, [e.g.] Ceredigion County Council, DWP"

"Weekly support to help achieve goals"

"Managing money, and support to communicate with homeless team"

“Attending craft workshops once a week and having regular check-ups with my GP/nurse”

“I feel much better and have changed my life during floating support”

Whilst some respondents identified things that would help them live without the support of services, such as ‘a place to live and debts resolved’, “for my mental health to be stable” and “to be free of debt”, many respondents felt that they would always need services, if perhaps at a lower level than those currently received. This is potentially something that needs to be looked at when developing services in the future.

Whilst these engagement exercises with providers and service users have been invaluable and key findings are reflected in the strategic priorities identified for the Programme, the Council acknowledges that further engagement will be necessary with providers and housing colleagues to help shape future provision and ensure an aligned strategic approach to homelessness moving forward. It commits to further engagement in the first Quarter of 2022-23, and this is reflected in the Programme Delivery Plan.

Housing Support Outcomes

In line with the national outcomes' framework, the Outcomes monitoring data for the 6-month period **October 2021 to March 2022** is summarised below in line with the returns to Welsh Government for Housing Support Grant conditions.

The data summarises the Outcomes that people have achieved through HSG support and gives a clear baseline for future comparison and reviews.

The highest needs for support focus on Managing Accommodation and Managing Money, whilst feeling safe and being part of the community are significant needs. These compare significantly with the results from the Well-being survey.

Outcome category	Outcome Achieved	Number of people
Promoting personal and community safety	Feeling safe	496
	Contributing to the safety and well-being of themselves and of others	289

Tudalen 155

Promoting independence and control	Managing accommodation	643
	Managing relationships	310
	Feeling part of the community	415
Promoting economic progress and financial control	Managing money	576
	Engaging in educational learning	50
	Engaging in employment/voluntary work	26
Promoting health and well-being	Physically healthy	312
	Mentally healthy	292
	Leading a healthy and active lifestyle	236

In addition, the information gathered on people completing support in line with the planned activity is shown below. Notably, 47% of clients achieved their housing related support needs with 20% moving to sustainable accommodation.

Main reason for leaving	No. of Planned leavers
Entered a long stay hospital or hospice	0
Entered a mental health unit	0
Entered a residential detox facility	0
Entered prison/young offenders institution	0
Health needs stabilised	5
Housing related support needs have been met	119
Moved in to a care home	4
Moved in to long term supported housing	2
Moved in to sheltered housing	8
Moved in to short term supported housing	2
Moved in to sustainable accommodation	51
Moved out of the area	9
Non-engagement with support	18
Now in extra care scheme	7
Receiving direct payments	1
Transfer to another HSG agency	6
Moved on to longer term service e.g., Homecare	22
Other	0

Total number of planned leavers	254
---------------------------------	-----

The outcomes data also identifies the changes in personal circumstances during the period and following the support intervention and partnership with Housing Options and Homelessness to accommodate the people, most in need. Considering the significant movement in the Housing Market during and post pandemic, this is a noteworthy achievement. In particular, there has been a reduction of 46% in people needing support to manage their tenancies, with an 82% reduction of people at threat of homelessness within 56 days. Overall, 168 people have maintained stable accommodation for over 6 months.

Status	Homelessness Status at start - No.	Homelessness status at exit - No.
Homeless	57	37
At threat of Homelessness within 56 days	39	7
In interim accommodation	33	11
Need support to remain in own home	235	128
Maintaining stable accommodation independently (6mths +)		168
Total	364	351

Unmet Needs

Under the approved Governance, HSG has a planned cycle of Continuous Improvement cycle. The service is monitored through quarterly reviews with all providers using Key Performance data, Outcomes Monitoring information and support plan audits. In conjunction with quarterly stakeholder meetings, the aim is to ensure that services flex in line with demand changes over the 4 years. Where significant gaps or service shortfalls are identified, in partnership with providers and stakeholders, service will be re-commissioned. Regular client feedback via providers will also be incorporated to ensure people have a voice in the design of services.

Whilst not specifically Unmet needs, HSG is proactively working to streamline pathways to support and improve the interfaces with external and internal services to ensure alignment with the TAW model and strategic priorities.

Whilst there are clearly identified needs in this report which will be addressed through the Programme Action Plan, and re-commissioning of services, the intention is to create a

programme which can be flexible to accommodate shifting trends as they emerge. This will shape future direction of travel, in line with Welsh Government's policy through the light touch review after 2 years, and a full review at the end of the programme.

Summary

The needs assessment carried out in preparation for the Housing Support Programme Plan has identified that that Housing Support Grant contributes to local, regional, and national strategies. Locally the needs assessment has highlighted several areas to focus on in the coming period, which links with the Corporate Through Age and Wellbeing Strategy and Action Plan and the Housing Strategy as well as identifying some areas where there is a need for continued discovery.

Conclusions drawn from the needs assessment include the following;

Population

- Population assessments indicate the total population is predicted to continue to decline over the next 25 years, with a 6% expected decrease in number.
- However, this will be accompanied by the number of households increasing as household size gets smaller.
- Alongside this, the number of people over 65 is expected to rise by 23.7% over the next 20 years.

Wellbeing

- Residents are concerned about affordable housing opportunities.
- 55% of respondents suggested that insufficient housing to meet different needs.

Deprivation - WIMD

- Fewer deprived areas in the local authority compared with the national average
- These areas are concentrated in the towns of Cardigan and to a lesser extent Aberystwyth.

Homelessness

- The number and proportion of cases positively discharged (homelessness prevented or alleviated) has increased consistently.
- Single person households account for more than 60% of cases.
- The Private Rented Sector plays a significant part in preventing and relieving homelessness.
- Ceredigion performs better than the regional and national average for every duty.
- Changes to Welsh Government guidance around priority need have seen a greater number of people assisted through to full duty. Welsh Government are committed to ensuring this approach continues.
- The number of available temporary accommodation units has increased by 36% over the pandemic period. (Driven by need)
- The number of placements into temporary accommodation has almost doubled in 2020/21 compared to 2019/20.
- Average length of stay in temporary accommodation is 117 days, though this ranges from a few days to 600+.

Accommodation needs

- The County has agreed a Common Allocations Policy with RSL partners.
- There is a high level of need for 1 bedroom homes in the major settlements and 2 bedroom family homes more generally.
- Social housing accounts for only 10% of Ceredigion housing, compared with a national average of 16%.
- The private rented sector accounts for 16.6% of housing in Ceredigion, compared with a national average of 14%.
- Local Housing Allowance (LHA) rates are below the equivalent lower quartile private rents.

Housing Support Grant – Current delivery

- Greatest identified need for support is in homeless prevention (floating).
- Primary and secondary needs identified as significant include those with poor Mental Health, Substance Misuse issues, Physical or Sensory Disabilities, Chronic Health needs and Over 55's.

- Unplanned leaving of service accounts for 26% of closures. Non-engagement with support is the largest reason at 46%.
- Applications for support can be made via internal and external professionals.

Substance misuse

- Hywel Dda UHB area was below the Welsh averages for adults drinking above the guidelines and adult binge drinking.
- Of those accessing drug treatment services, 65% were male.
- There is scope for more exploration with statutory services in this area.

Mental Health

- One in four people will require support with respect to their mental health throughout their lives.
- Early intervention is crucial to prevent the need for escalation to statutory services and maintain stable living environments.
- 83% of under 25s report that the pandemic has caused deterioration in mental health and wellbeing.
- 26% said they were unable to access mental health support, peer or community-based support.
- There has been an increase in referrals for mental health services and in Mental Health Act assessments.
- Concern regarding health and wellbeing of young people aged 16- 24.

Over 55's

- The number of people over 65 is expected to rise by 23.7% over the next 20 years.

Learning Disabilities

- 70% of the County's learning disability service users were supported to live in the community.
- Number of persons with learning difficulties in Ceredigion set to rise over the next 10 years.

- CCC's Learning Disability Strategy identifies the need for continued focus on developing services that will promote independence wherever possible.
- The importance of appropriate housing solutions is identified in the strategy.

VAWDASV

- Mid and West Wales have a joint strategy to tackle Violence against Women, Domestic Abuse and Sexual Violence.
- Early intervention and prevention is an integrated priority in Mid and West Wales.
- More work is needed with families experiencing the so called 'toxic trio' of poor mental health, substance misuse and domestic abuse
- Ceredigion have improved their accommodation opportunities in this area with the provision of 1 dispersed unit for victims with disabilities and their families

Offenders

- 5% of HSG service users identified criminal offending history as their primary need.
- Ex-offender numbers requiring accommodation are low in Ceredigion however there is a number of people who cannot be accommodated despite being homeless due to the risks they pose to others associated with shared living environments.
- The Council work closely with the Police and HMPPS in several multi- agency settings to identify and support offenders.
- Further work should be undertaken to explore supported accommodation opportunities which are self-contained.

Unmet Needs

Areas of future discovery to enhance service planning over the term include;

Carers

- There are 1468 carers in Ceredigion is with 121 receiving Outreach Support
- Unpaid carers receive support via Carers Information Service.
- There is an opportunity to raise awareness of HSG services with the carers unit and unpaid carers to ensure they receive additional support.

Physical and/ or Sensory Disabilities

- There is a lack of data collated in this area and required further exploration in the future in conjunction with the Extended Support and Occupational Therapy teams.

Chronic illnesses

- There is a lack of data collated in this area and required further exploration in the future in conjunction with the Extended Support and Occupational Therapy teams.

Continued Focus

Areas where the Authority are already focussed as a result of both the development of HSG and other strategic aims, and which require a continued focus include;

- Limiting the increase in TA, by developing Rapid Rehousing solutions.
- Lack of affordable accommodation, developing the PRS offer
- Lack of 1 and 2 bed accommodation – use of SHG to increase supply.
- Homeless prevention
- Mental Health is a key area of concern, adversely impacted by pandemic
- Older persons – proportion higher than Wales and set to increase by 60% by 2035
- Substance Misuse (despite apparently reducing, regional data) due to its large adverse impact
- Learning Difficulties, 70% were supported to live in the community – older LD set to increase by 60% by 2035
- Young persons – working with the Through Age Model
- Non-engagement, working to counter this

Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

This **Integrated Impact Assessment tool** incorporates the principles of the Well-being of Future Generations (Wales) Act 2015 and the Sustainable Development Principles, the Equality Act 2010 and the Welsh Language Measure 2011 (Welsh Language Standards requirements) and Risk Management in order to inform effective decision making and ensuring compliance with respective legislation.

1. PROPOSAL DETAILS: (Policy/Change Objective/Budget saving)

Proposal Title	Housing Support Programme (HSP) Impact Assessment
----------------	---

Service Area	Porth Gofal, Housing Services	Corporate Lead Officer	Donna Pritchard	Strategic Director	Sian Howys
--------------	-------------------------------	------------------------	-----------------	--------------------	------------

Name of Officer completing the IIA	Martin Gillard	E-mail	martin.gillard@ceredigion.gov.uk	Phone no	01545 574008
------------------------------------	----------------	--------	----------------------------------	----------	--------------

Please give a brief description of the purpose of the proposal

The Housing Support Programme sets out the Authorities plans for the next 4 years (2022-2026), affirming the strategic priorities of Ceredigion County Council and its partner agencies for homelessness prevention and housing related support services. It reflects existing priorities at corporate level and in relation to the Council's housing and homelessness services as well as the HSG Delivery Plan for 2022-23. It explains how these will be developed, built upon, and reviewed, over the intervening years. The priorities set out within this programme were informed by a needs assessment exercise which is provided as an accompanying document. The priorities have also been integrated with the implementation of the Through Age & Well-being and directly linked to Ceredigion's Strategic Priorities.

Who will be directly affected by this proposal? (e.g. The general public, specific sections of the public such as youth groups, carers, road users, people using country parks, people on benefits, staff members or those who fall under the protected characteristics groups as defined by the Equality Act and for whom the authority must have due regard).

The Housing Support Grant (HSG) forms a key element of the overall programme. HSG is an early intervention grant programme to support activity which prevents people from becoming homeless, stabilises their housing situation or helps potentially homeless people to find and keep accommodation. The grant is designed to augment, complement and support statutory services, thus ensuring that the overall local offer helps people into the right homes, with the right support to succeed in living independently with minimal involvement from statutory services. It makes a significant contribution to the implementation of Part 2 of the Housing (Wales) Act 2014 which focuses

Tudalen 162

on homelessness prevention. The services supported through the HSG are person centred and address a range of needs, with specific regard for people within the full range of protected characteristics.

The clients are primarily vulnerable people who are homeless or likely to become homeless through a range of issues. The problems client often face cover a wide range of areas such as debt, unemployment, substance misuse, violence against women, domestic and sexual abuse and mental well-being. The services should ultimately reduce the need for costly intervention in these areas from other public services, including Social Care, Housing, Health, Law Enforcement, and Probation.

VERSION CONTROL: The IIA should be used at the earliest stages of decision making, and then honed and refined throughout the decision making process. It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable development, Welsh language and equality considerations wherever possible.

COUNCIL STRATEGIC OBJECTIVES: Which of the Council's Strategic Objectives does the proposal address and how?

Boosting the Economy	Through support, 13% of people working with HSG providers are taking steps to increase employment and volunteering opportunities, along with 8% of respondents engaging in education and skills increase.
Investing in People's Future	Over 70% of people being supported through HSG are receiving help to manage money and ensure their incomes are maximised, enabling them to maintain their tenancies and also support the lowest income households to minimise the impact of current cost of living rises.
Enabling Individual and Family Resilience	HSG provides a range of support focused on individual and family resilience, with the primary focus to maintain stable accommodation and live as independently as feasible, with minimal involvement of statutory services. Overall, 71% of people achieved an outcome improvement across a range of

	measures, improving their wellbeing and wellbeing of others, feeling part of the community and managing relationships.
Promoting Environmental and Community Resilience	HSG will deliver an increasing range of services at community level, with increased support for “drop-in” support and development of Peer network support. In turn, the aim is to reduce the volume of one to one support, except for crisis and remote cases, reducing miles travelled and contributing to reduce carbon emissions. Additionally, the development of peer support networks will provide a vital contribution to community resilience and crisis prevention

NOTE: As you complete this tool you will be asked for **evidence to support your views**. These need to include your baseline position, measures and studies that have informed your thinking and the judgement you are making. It should allow you to identify whether any changes resulting from the implementation of the recommendation will have a positive or negative effect. Data sources include for example:

- *Quantitative data - data that provides numerical information, e.g. population figures, number of users/non-users*
- *Qualitative data – data that furnishes evidence of people’s perception/views of the service/policy, e.g. analysis of complaints, outcomes of focus groups, surveys*
- *Local population data from the census figures (such as Ceredigion Welsh language Profile and Ceredigion Demographic Equality data)*
- *National Household survey data*
- *Service User data*
- *Feedback from consultation and engagement campaigns*
- *Recommendations from Scrutiny*
- *Comparisons with similar policies in other authorities*
- *Academic publications, research reports, consultants’ reports, and reports on any consultation with e.g. trade unions or the voluntary and community sectors, ‘Is Wales Fairer’ document.*
- *Welsh Language skills data for Council staff*

2. SUSTAINABLE DEVELOPMENT PRINCIPLES: How has your proposal embedded and prioritised the five sustainable development principles, as outlined in the Well-being of Future Generations (Wales) Act 2015, in its development?

Sustainable Development Principle	Does the proposal demonstrate you have met this principle? If yes, describe how. If not, explain why.	What evidence do you have to support this view?	What action (s) can you take to mitigate any negative impacts or better contribute to the principle?

Having due regards in relation to the three aims of the Equality Duty - determine whether the proposal will assist or inhibit your ability to eliminate discrimination; advance equality and foster good relations.

3.6.2. How could/does the proposal help advance/promote equality of opportunity?

You should consider whether the proposal will help you to: ● Remove or minimise disadvantage ● To meet the needs of people with certain characteristics ● Encourage increased participation of people with particular characteristics

All HSG services are openly accessible, and promote equality of service. HSG providers are required to be assessed and join the Housing Support Framework. As part of the assessment, all providers are required to provide compliant equality statements, policies and procedures.

In addition, specialist HSG services are provided for particular groups and characteristics to ensure the promotion of equality of service.

3.6.3. How could/does the proposal/decision help to eliminate unlawful discrimination, harassment, or victimisation?

You should consider whether there is evidence to indicate that: ● *The proposal may result in less favourable treatment for people with certain characteristics* ● *The proposal may give rise to indirect discrimination* ● *The proposal is more likely to assist or impeded you in making reasonable adjustments*

Under the Housing Support Framework, all providers must provide statements and policies which mirror or better the standards covering discrimination, harassment and victimisation.

3.6.4. How could/does the proposal impact on advancing/promoting good relations and wider community cohesion?

You should consider whether the proposal will help you to: ● *Tackle prejudice* ● *Promote understanding*

Promotion of community safety and well-being is a key outcomes monitored as well as Managing Relationships and feeling part of the community.

Having due regard of the Socio-Economic Duty of the Equality Act 2010.

Socio-Economic Disadvantage is living in less favourable social and economic circumstances than others in the same society.

As a listed public body, Ceredigion County Council is required to have due regard to the Socio-Economic Duty of the Equality Act 2010. Effectively this means carrying out a poverty impact assessment. The duty covers all people who suffer socio-economic disadvantage, including people with protected characteristics.

3.6.5 What evidence do you have about socio-economic disadvantage and inequalities of outcome in relation to the proposal?

Describe why it will have a positive/negative or negligible impact.

HSG provides Support to help people improve money management, covering income maximisation, budgeting, healthy lifestyle and managing accommodation. All factors which provide a positive contribution to the authority's Socio-Economic duty.

What evidence do you have to support this view?

Through the Outcomes monitoring and reporting, HSG can demonstrate the impact and evidence.

What action(s) can you take to mitigate any negative impacts or better contribute to positive impacts?

Any negative aspects of HSG Support will be identified in the needs assessment and quarterly monitoring and reporting to WG as well as the HSG Steering Group. Through the involvement of stakeholders, partners and providers, any impacts can be mitigated, Managed and removed through Development and Re-design of Services.

3.7. A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh Language are promoted and protected. <i>In this section you need to consider the impact, the evidence and any action you are taking for improvement. This in order to ensure that the opportunities for people who choose to live their lives and access services through the medium of Welsh are not inferior to what is afforded to those choosing to do so in English, in accordance with the requirement of the Welsh Language Measure 2011.</i>				Describe why it will have a positive/negative or negligible impact. Mae angen cytuno ar y ffioedd newydd hyn er mwyn iddynt gael eu cyflwyno, a bod gwerthwyr anifeiliaid anwes yn cael eu trwyddedu.

Y SEFYLLFA BRESENNOL:

Cafwyd cyflwyniad i'r ddeddfwriaeth newydd drwy'r broses ddemocrataidd yn 2021. Mae'r adroddiad i'w weld yn Atodiad 1 er mwyn rhoi cefndir y ddeddfwriaeth yn llawn.

Mae'r broses o gyfrifo ffioedd yn seiliedig ar sail adennill costau ac mae'n dilyn y polisi Cynyddu Incwm y cytunwyd arno gan y Cyngor. Mae adolygiad o awdurdodau eraill wedi canfod bod y ffioedd yn gyson o ran lefel.

Ffioedd Arfaethedig

Mawr - eiddo masnachol mawr			

Mae'r ffi orfodi yn gynwysedig yn ffioedd 2022/2023 er mwyn cwmpasu'r gwaith ychwanegol yr ymgwymerodd yr awdurdod ag ef wrth ddynodi gweithredwyr sy'n gweithredu heb drwydded. Wrth i'r gweithredwyr nad oeddent yn destun trwyddedu'n flaenorol gael eu cynnwys, yna bydd yr angen am y ffi hon yn lleihau. Rhestrir y taliadau am ffioedd gorfodi ychwanegol yn y ddeddfwriaeth.

Mewn perthynas â phenderfynu pwy fydd angen trwydded o dan y ddeddfwriaeth newydd, mae'r canlynol a gymerir o'r canllawiau statudol yn darparu meini prawf ar gyfer asesu.

Beth sydd i mewn ac allan o'r cwmpas: Gwerthu Anifeiliaid fel Anifeiliaid Anwes

Mae Atodlen 1 i Reoliadau Lles Anifeiliaid (Trwyddedu Gweithgareddau sy'n Ymwneud ag Anifeiliaid) (Cymru) 2021 ("y rheoliadau") yn diffinio gweithgareddau trwyddedadwy gwerthu anifeiliaid anwes. Mae'r gweithgaredd trwyddedadwy wedi'i gyfyngu i fusnesau neu'r rhai sy'n gweithredu ar sail fasnachol. Prawf Busnes

Mae'r rheoliadau'n pennu dau Brawf Busnes enghreifftiol i'w hystyried wrth benderfynu a ddylai gweithgaredd gael ei ddynodi'n fasnachol, ac felly o fewn cwmpas y rheoliadau. Nid dyma'r unig ffactorau i'w hystyried ond maent yn enghreifftiau, ac mae ffactorau eraill, fel y

rhai a restrir yn y naw bathodyn masnach a nodir gan CThEM, hefyd yn berthnasol. Mae'r rheoliadau'n cynnwys y canllawiau canlynol ar y mater hwn:

Mae'r amgylchiadau y mae'n rhaid i awdurdod lleol eu hystyried wrth benderfynu a yw gweithgaredd yn cael ei gynnal fel rhan o fusnes at ddibenion yr Atodlen hon yn cynnwys, er enghraifft, a yw'r gweithredwr—

(a) yn gwneud unrhyw werthiant drwy'r gweithgaredd, neu'n cynnal y gweithgaredd fel arall, gyda'r bwriad o wneud elw, neu

(b) yn ennill unrhyw gomisiwn neu ffi o'r gweithgaredd.

Bwriad y canllawiau hyn yw cynorthwyo arolygwyr i bennu a yw gweithgaredd yn ddarostyngedig i'r rheoliadau ai peidio, gan nodi y bydd angen elfen o wneud dyfarniad yn y pen draw.

Isod, nodir enghreifftiau o'r math o weithgaredd y dylid neu na ddylid ei ystyried o fewn cwmpas y rheoliadau a'r dangosyddion y dylid eu hystyried wrth bennu a oes angen trwydded.

Dylai arolygwyr Awdurdodau Lleol ystyried holl elfennau'r cyngor isod a'u pwysu a'u mesur yn erbyn ei gilydd cyn penderfynu a yw gweithgaredd yn dod o fewn cwmpas y rheoliadau.

Gwerthu anifeiliaid fel anifeiliaid anwes: Testun y diffiniad yn Atodlen 1 i'r rheoliadau

Mae gwerthu anifeiliaid fel anifeiliaid anwes (neu gyda'r bwriad o'u hailwerthu yn ddiweddarach fel anifeiliaid anwes) wrth gynnal busnes yn cynnwys cadw anifeiliaid wrth gynnal busnes gyda'r bwriad o'u gwerthu neu eu hailwerthu.

Nid yw gweithgaredd a ddisgrifir ym mharagraff 2 yn cynnwys-

(a) gwerthu anifeiliaid wrth gynnal busnes cynhyrchu dyframaethol a awdurdodir o dan reoliad 5(1) o Reoliadau Iechyd Anifeiliaid Dyfrol (Cymru a Lloegr) 2009(2), neu

(b) Person sydd yn dal trwydded dan Reoliadau Lles Anifeiliaid (Bridio Cŵn) (Cymru) 2014 sy'n gwerthu:

i ci bach y mae'r person wedi ei fridio ei hunan o'r fangre lle magwyd y ci bach hwnnw; neu

ii ci llawndwf y mae'r person wedi ei fridio ei hun.

Meini prawf sydd o fewn y cwmpas

Mae gweithgareddau sy'n bodloni un neu fwy o'r meini prawf canlynol yn destun trwyddedu:

1. Mewnforio, dosbarthu a gwerthu anifeiliaid gan fusnes.
2. Busnesau sydd wedi cofrestru gyda Tŷ'r Cwmnïau.
3. Busnesau neu unigolion sy'n gweithredu o eiddo domestig at ddibenion masnachol (dylid nodi efallai na fydd llawer ohonynt wedi'u rhestru dan Dŷ'r Cwmnïau).

4. Mangreoedd sydd ar agor i aelodau o'r cyhoedd neu i fusnesau eraill lle mae anifeiliaid ar gael i'w prynu.

Canllaw i ddangosyddion rhedeg busnes gwerthu anifeiliaid fel anifeiliaid anwes

Gall y canlynol helpu wrth ystyried y meini prawf a restrir uchod:

- Mewnforio, dosbarthu a gwerthu anifeiliaid drwy gyfrwng ffi sefydlog;
- Prynu anifeiliaid gyda'r bwriad penodol o'u gwerthu ymlaen;
- Lle caiff anifeiliaid eu prynu ac yna eu hail-hysbysebu i'w gwerthu neu eu gwerthu o fewn cyfnod byr o amser;
- Nifer, amllder a/neu gyfaint gwerthiannau - mae trafodion systematig ac ailadroddus gan ddefnyddio'r un dull o hysbysebu yn debygol o ddangos gweithgaredd masnachol;
- Gallai nifer fawr o anifeiliaid yn cael eu gwerthu neu eu hysbysebu i'w gwerthu neu nifer uchel o doreidiau neu epil fod yn arwydd o fusnes;
- Gallai nifer isel o anifeiliaid yn cael eu gwerthu neu eu hysbysebu fod yn arwydd o fusnes sy'n gysylltiedig â phrisiau gwerthiant uchel neu elw mawr;
- Dewis ac amrywiaeth helaeth o anifeiliaid yn cael eu masnachu. Gallai amrywiaeth eang o rywogaethau neu ddsbarthiadau yn cael eu masnachu fod yn arwydd o natur fasnachol y gweithgaredd;
- Gallai nifer uchel o hysbysebion am anifeiliaid sydd ar werth, gan gynnwys ar wefannau mân hysbysebion, fod yn arwydd o ymddygiad masnachol, hyd yn oed lle nad oes gwerthiant gwirioneddol yn digwydd drwy'r rhyngwyd. Gallai hyn fod yn nifer uchel o hysbysebion ar unrhyw adeg neu dros gyfnod byr o amser, a/neu'n rheolaidd;
- Gallai hysbysebu drwy amrywiaeth o safleoedd, fforymau neu gyfryngau fod yn arwydd o weithgaredd masnachol.

Meini prawf sydd y tu allan i'r cwmpas

Mae gweithgareddau sy'n bodloni un neu fwy o'r meini prawf canlynol yn destun trwyddedu:

1. Gwerthiant anaml nifer fach o epil dros ben/stoc ormodol gan unigolyn preifat sy'n bridio anifeiliaid fel hobi, er pleser, i'w harddangos am wob, neu ar gyfer addysg, astudio neu ddatblygiad gwyddonol. Efallai nad yw bridwyr hobi yn bridio gyda'r bwriad o wneud elw. Efallai eu bod yn bridio er mwyn gwella iechyd eu brîd, cynhyrchu stoc arddangos newydd neu annog parhad brîd prin. Ar gyfer hywogaethau gwerth isel sy'n gallu cynhyrchu nifer fawr o stoc ormodol, dylid ystyried gwerth y stoc a'r tebygolrwydd y bydd y gwerthwr yn gwneud elw. Os gwneir elw, dylid ystyried maint yr elw ac a oedd bwriad gwneud elw
2. Digwyddiadau wedi'u trefnu lle mae pobl yn cyfarfod i werthu anifeiliaid dros ben sydd wedi eu bridio ganddynt, neu anifeiliaid sydd y tu hwnt i'w gofynion, os ydynt ar agor i'r

cyhoedd ai peidio. Gwaherddir gwerthu anifeiliaid anwes fel busnes o farchnad neu stondin o dan Adran 2 Deddf Anifeiliaid Anwes 1951.

3. Busnesau Cynnyrch Dyframaethu sydd wedi'u hawdurdodi o dan reoliad 5(1) o Reoliadau Iechyd Anifeiliaid Dyfrol (Cymru a Lloegr) 2009, ac sy'n cael eu harolygu gan yr Arolygiaeth Iechyd Pysgod.
4. Ail-letya anifeiliaid ar sail anfasnachol, gan gynnwys cŵn bach a chathod bach.

Dangosyddion canllaw o weithgareddau sydd “y tu allan i'r cwmpas”

Gall y canlynol helpu wrth ystyried y meini prawf a restrir uchod:

- Mae nifer, amllder a/neu gyfaint gwerthiant – trafodion afreolaidd, nifer isel a/neu afreolaidd o hysbysebion/gwerthiannau neu nifer/gwerth isel yr anifeiliaid a werthir yn debygol o ddangos nad yw'r gweithgaredd yn fasnachol ei natur.
- Lle gall unigolyn ddangos bod y gweithgaredd yn cael ei gynnal fel hobi neu ar yfer addysg neu ddatblygiad gwyddonol, ac mai dim ond stoc dros ben sy'n cael ei werthu.

Gellid dangos hyn drwy ddangos tystiolaeth megis:

- (a) Adroddiadau neu astudiaethau a baratowyd gan yr unigolyn mewn perthynas â'r rhywogaethau a gedwir, gan gynnwys gwaith hunangyhoeddedig, gwaith a gyhoeddwyd ar gyfer cyfnodolion gwyddonol, gwaith a gyhoeddwyd yn y cyfryngaumasnach anifeiliaid anwes neu hobi, neu gyfraniadau amlwg i brosiectau cadwraeth.
- (b) Ffurflenni cais i gystadlaethau ar gyfer yr anifeiliaid a gedwir gan yr unigolyn.
- (c) Aelodaeth gofrestredig clwb neu gymdeithas sy'n berthnasol i'r anifeiliaid a gedwir gan yr unigolyn.
 - Wrth asesu a oes elw wedi'i wneud o werthu stoc dros ben, dylai arolygwyr ystyried y costau sy'n gysylltiedig â bridio a magu'r anifeiliaid, ochr yn ochr â'r costau sy'n gysylltiedig â chymryd rhan yn y gweithgaredd, boed hynny fel hobi, addysg neu ddatblygiad gwyddonol.
 - Weithiau, mae'n gallu bod yn gymhleth pennu a oes angen trwydded ar fridiwr cŵn gan fod llawer sydd ond yn bridio un neu ddau o doreidiau fel hobi, er y gallai'r cŵn bach na chedwir gan y bridiwr fod o werth uchel. Gall bridiwr hobi wario symiau mawr yn bridio i gael ci bach i barhau â llinach neu i'w arddangos, felly gallai'r elw fod yn isel mewn gwirionedd. Mae CThEM yn cyfeirio at “ddangosyddion masnach” i bennu a yw bridiwr yn rhedeg busnes. Dyma'r prif ddangosyddion i'w hystyried wrth geisio pennu a yw hobi wedi troi'n fasnach neu'n fusnes:

1) a ydynt yn bwriadu gwneud elw ac

2) a yw mynychder a nifer y trafodion (llawer ac yn aml) yn awgrymu eu bod yn rhedeg busnes?

- Lle gall unigolyn ddangos bod y gweithgaredd o ail-letya yn cael ei wneud ar sail nid er elw, ac nad yw'n bodloni'r prawf busnes. Mae Sefydliad Lles Anifeiliaid anfasnachol cyfreithlon yn cael ei ddiffinio fel:
- Person neu sefydliad sy'n derbyn anifeiliaid agored i niwed yn rheolaidd, boed yn anifeiliaid anwes, anifeiliaid sy'n cael eu ffermio, anifeiliaid gwyllt, anifeiliaid a warchodir neu anifeiliaid eraill, gyda'r nod o'u hailsefydlu a naill ai eu hail-letya neu eu rhyddhau (yn ôl i'r gwyllt), neu ddarparu gofal hirdymor.
- Wrth asesu hyn, dylech ystyried statws Elusennol y sefydliad neu ei statws fel Cwmni,
- Yng Nghyllideb 2016, cyhoeddodd Llywodraeth y DU lwfans newydd o £1,000 ar gyfer incwm masnachu o fis Ebrill 2017. Ni fyddai angen ystyried unrhyw un sy'n dod o dan y trothwy hwn yng nghyd-destun penderfynu a ydynt yn fusnes.
- Nid yw'r trothwy incwm masnachu o £1,000 yn nenfwd gan efallai nad yw rhywun ag incwm masnachu o dros £1,000 yn werthwr anifeiliaid anwes masnachol ac efallai nad yw'n gwneud elw

Portffolio Cabinet ac Aelod Cabinet:

Y Cyngorydd Gareth Lloyd – Cyllid ac Amddiffyn y Cyhoedd

CEFNDIR:

Yn 2018 bu i'r Pwyllgor Trosolwg a Chraffu Cymunedau Iachach a'r Cyngor gymeradwyo cynnig i gefnogi'n llawn yr Ymgyrch Genedlaethol ar Gyfraith Lucy i wahardd trydydd parti rhag gwerthu cwn bach. Bydd Rheoliadau Lles Anifeiliaid (Trwyddedu Gweithgareddau sy'n Ymwneud ag Anifeiliaid) (Cymru) 2021 yn sicrhau bod y gwahardd yma'n ddeddfwriaeth ar 10 Medi 2021. Bydd y ddeddfwriaeth yn gwahardd trydydd parti rhag gwerthu cwn bach a chathod bach ac yn ogystal mae'n gofyn am safonau lles uwch ar "siopau anifeiliaid anwes".

Y SEFYLLFA GYFREDOL

Mae ar hyn o bryd 6 siop anifeiliaid anwes trwyddedig, a 25 sefydliad magu cân trwyddedig yng Ngheredigion. Cânt eu trwyddedu'n flynyddol a chânt eu archwilio gan Swyddogion Amddiffyn y Cyhoedd o'r Tîm Amddiffyn y Cyhoedd. Gwnaed y ddeddfwriaeth o dan Ddeddf Lles Anifeiliaid 2006 felly ffocws y drwydded yw diogelu iechyd a lles anifeiliaid sy'n magu a'r ifanc a ddaw o hynny.

Yn y gorffennol bu i nifer o fridwyr cân trwyddedig masnachol werthu cân bach i'r rheiny a oedd yn delio ynddynt a oedd yn eu tro yn eu gwerthu i siopau anifeiliaid anwes. O'r herwydd effeithir ar y busnesau hynny gan y ddeddfwriaeth newydd am y bydd yn rhaid i bob un o'u cân bach gael eu gwerthu o'r eiddo. Hefyd ni fydd hawl gan y sawl sy'n deilio a siopau anifeiliaid anwes werthu cân bach na chathod bach o dan y ddeddfwriaeth.

Y Sefyllfa newydd

Mae potensial felly y bydd yn ofynnol i nifer o sefydliadau lleol sy'n gwerthu anifeiliaid fel anifeiliaid anwes i feddu ar drwydded. Mae'r canllawiau statudol yn awgrymu nad yw'r canlynol yn rhan o'r meini prawf cwmpas:-

- Gwerthiant anaml nifer fach o epil dros ben/stoc ormodol gan unigolyn preifat sy'n bridio anifeiliaid fel hobi, er pleser, i'w harddangos am wobr, neu ar gyfer addysg, astudio neu ddatblygiad gwyddonol. Efallai nad yw bridwyr hobi yn bridio gyda'r bwriad o wneud elw.
- Digwyddiadau wedi'u trefnu lle mae pobl yn cyfarfod i werthu anifeiliaid dros ben sydd wedi eu bridio ganddynt, neu anifeiliaid sydd y tu hwnt i'w gofynion.
- Busnesau Cynnyrch Dyframaethu sydd wedi'u hawdurdodi o dan reoliad 5(1) o Reoliadau Iechyd Anifeiliaid Dyfrol (Cymru a Lloegr) 2009
- Ail-letya anifeiliaid ar sail anfasnachol, gan gynnwys cŵn bach a chathod bach.

Wrth benderfynu a oes angen i unigolyn feddu ar drwydded bydd prawf busnes mewn lle a bydd yn sicrhau nad yw pawb sy'n gwerthu anifeiliaid anwes angen trwydded (bydd hyn yn darparu eithriad i rywun sy'n gwerthu yr hyn y mae eu hanifeiliaid anwes wedi eu magu ayb)

- (a) yn gwneud unrhyw werthiant drwy'r gweithgaredd, neu'n cynnal y gweithgaredd fel arall, gyda'r bwriad o wneud elw, neu
- (b) yn ennill unrhyw gomisiwn neu ffi o'r gweithgaredd

Gwerthwyr Trydydd Parti (Cyfraith Lucy)

Bydd y ddeddfwriaeth newydd yn darparu eithriad i fridwyr cŵn sydd wedi eu trwyddedu o dan Rheoliadau Lles Anifeiliaid (Bridio Cŵn) (Cymru) 2014. Mae hyn yn osgoi'r angen i sefydliadau magu cŵn feddu ar ddwy drwydded (a'r costau cysylltiedig a'r gyfer pob un ohonynt). Fodd bynnag bydd gwerthu cŵn bach fe trydydd parti yn parhau wedi ei wahardd ar gyfer bridwyr cŵn trwyddedig o dan y ddeddfwriaeth newydd.

Mae'r ddeddfwriaeth yn nodi amodau i'w gosod ar drwydded a nodir eu manylion isod fel a ganlyn:-

Ni chaniateir i unrhyw anifail o'r disgrifiadau a ganlyn gael ei werthu fel anifail anwes, neu ei werthu gyda'r bwriad o'i ailwerthu fel anifail anwes, gan ddeiliad y drwydded neu ar ei ran—

- (a) mamaliaid heb eu diddyfnu;
- (b) mamaliaid a diddyfnwyd ar oedran na ddylent fod wedi eu diddyfnu arno;
- (c) anifeiliaid nad ydynt yn famaliaid nad ydynt yn gallu bwydo eu hunain;
- (d) cŵn bach, cathod bach, ffuredau neu gwningod iau nag 8 wythnos oed;
- (e) cŵn bach neu gathod bach nad oeddent wedi eu bridio gan ddeiliad y drwydded yn y fangre.

Mae'r canllawiau statudol yn esbonio ymhellach

- Gall y bridwr ond werthu cŵn bach neu gathod bach oddi ar eu heiddo. Rhaid i'r bridwr fod yr un unigolyn penodol â deiliad y drwydded ar y drwydded gwerthu anifeiliaid anwes.
- Er mwyn dangos ei fod wedi bridio'r anifeiliaid, rhaid i ddeiliad y drwydded allu dangos tystiolaeth bod ganddo reolaeth dros y penderfyniadau a wnaed ar gyfer y broses atgenhedlu gyflawn o ddethol mam/tad, beichiogi, y cyfnod cario, i'r esgor.
- Bydd yn ofynnol i'r Arolygydd weld manylion o'r paru (gan gynnwys lle y gallai hyn fod wedi digwydd mewn mangre arall), manylion adnabod y tad (lle y bo'n hysbys), yn ogystal â dangos sut a ble cafodd yr anifeiliaid eu geni, eu magu a'u cadw nes eu gwerthu.
- Disgwylir y bydd prynwyr posib yn gofyn i weld y cŵn bach gyda'i mam cyn gwneud unrhyw benderfyniadau i brynu, a dylai'r arolygydd hefyd weld y fam a'r epilyn yr amgylchedd a fydd yn cael ei ddefnyddio ar gyfer darpar brynwyr.
- Gall deiliaid trwyddedau ddarparu tystiolaeth gefnogi eraill megis lluniau, cofnodion microsglodynau a chofnodion milfeddygol i ddangos eu bod wedi rhoi llety a gofal i'r anifail a'i fam am 8 wythnos gyntaf ei fywyd.

Ymgysylltu, Addysg, Anogaeth a Gorfodaeth

Mae'n bosib y bydd y system trwyddedu newydd yn achosi gwaith ychwanegol i'r Tîm Amddiffyn y Cyhoedd am y bydd o bosib yn golygu y bydd yn rhaid i rai bridwyr llai dderbyn trwydded. Gall y bridwyr hynny sy'n disgyn yn is na'r trothwy o angen trwydded bridio cŵn basio "prawf busnes" a bod angen iddynt feddu ar drwydded i werthu anifeiliaid anwes. Yn ogystal mae'n bosib y bydd hyn yn achosi mwy o lwyth gwaith i fridwyr anifeiliaid caiff eu cadw fel anifeiliaid anwes. Mae'n debygol y bydd y broses o asesu prawf busnes yn un llafurus fodd bynnag mi fyddai o fudd i bawb sy'n gwerthu anifeiliaid anwes (yn enwedig cŵn bach) fod yn hysbys/ wedi eu cofrestru/ eu trwyddedu er sicrhau safonau lles.

Ar hyn o bryd mae nifer fach o fridwr cŵn trwyddedig sydd hefyd yn meddu ar drwydded siop "anifeiliaid anwes". Byddent yn gwerthu cŵn bach bridwyr eraill fel rhan o'u busnes eu hunain. Fodd bynnag mae'r newidiadau mewn deddfwriaeth yn glir yn atal hyn rhag ddigwydd ymhellach. Nid oes unrhyw bryderon na fydd y deiliaid trwyddedau hynny yn cydymffurfio â'r gofynion.

Mae'r diwydiant magu cŵn lleol wedi bod yn ymwybodol o'r ddeddfwriaeth sy'n dod i rym sy'n atal pobl rhag gwerthu fel trydydd parti ac y maent wedi addasu mewn ymateb i hynny. Mae nifer y bridwyr sy'n gwerthu cŵn bach i'r rheiny sy'n delio ynddynt wedi lleihau'n fawr iawn ac y mae bridwyr wedi bod yn buddsoddi mewn mannau i arddangos cŵn yn eu sefydliadau eu hyn er mwyn eu dangos i brynwyr posib.

Sefyllfa gyffredinol ar Drwyddedau Magu Cŵn

Mae'r Tîm Amddiffyn y Cyhoedd wedi gweithio'n galed iawn gyda'r sefydliadau magu cŵn i sicrhau eu bod i gyd yn ymwybodol o'r hyn sy'n ddisgwylidig o ran safonau'r drwydded. O ganlyniad i waith diweddar bu i'r Swyddogion Amddiffyn y

Cyhoedd adrodd bod cydymffurfio ag amodau'r drwydded wedi gwella ar draws pob sefydliad trwyddedig. Mae rhai wedi mabwysiadu safonau lles uwch drwy sicrhau achrediad gan y Kennel Club. Er enghraifft mae nifer o sefydliadau yn ymddeol ast fagu ar ôl cael 4 tored (yn unol ag argymhellion y Kennel Club) ac mae'n bosib y gall ast gael 6 tored yn ei gyrfa. Yn ogystal bydd nifer o sefydliadau yn darparu ardal fagu ac ystafelloedd chwarae sy'n ychwanegol i ardaloedd cenau er mwyn gwella cymdeithasu i gŵn bach. Yr unig beth sy'n ofynnol iddynt wneud yw darparu ardal genau ar gyfer cŵn bach. Mae dealltwriaeth y diwydiant o'r pwysigrwydd o gymdeithasu ayb er mwyn sicrhau bod cŵn bach yn gweddu â bywyd teuluol wedi gwella.

Bridwyr Heb Drwydded

Bydd yr awdurdod yn parhau i fonitro ar gyfer bridwyr heb drwydded yn yr ardal. Ymdrinnir ag unrhyw fridwyr a nodwyd fel rhai fyddai o bosib angen trwydded o dan Bolisi Gorfodi'r Cyngor.

Crynodeb

Bydd gweithredu "Cyfraith Lucy" yn gwella safonau lles y bydd Cyngor Sir Ceredigion yn ceisio eu cynnal ar draws holl sectorau'r diwydiant anifeiliaid. Mae cyflwyno Cyfraith Lucy yn dod i'r adwy ar ôl i'r awdurdod weithio'n galed i weld gwir welliant o fewn y diwydiant magu cŵn yng Ngheredigion ac y mae hyn yn fater sy'n galonogol iawn i adrodd.

Fodd bynnag mae deddfwriaeth newydd trwyddedu anifeiliaid anwes yn cyflwyno pryderon o ran goblygiadau adnoddau ychwanegol ac o'r herwydd bydd angen monitro gofalus i asesu'r effaith ar y gwasanaeth.

NODYN ESBONIADOL

(Nid yw'r nodyn hwn yn rhan o'r Rheoliadau)

Mae'r Rheoliadau hyn yn darparu ar gyfer trwyddedu personau sy'n ymwneud yng Nghymru â gwerthu anifeiliaid fel anifeiliaid anwes.

Mae rheoliad 3 yn pennu'r gweithgareddau hyn at ddibenion adran 13(1) o Ddeddf Lles Anifeiliaid 2006 ("Deddf 2006") ac yn darparu i awdurdodau lleol fod yr awdurdodau trwyddedu. Canlyniad y pennu hwn, yn ddarostyngedig i feini prawf cymhwysu, yw bod rhaid i unrhyw berson sy'n dymuno cynnal unrhyw un neu ragor o'r gweithgareddau hyn yng Nghymru gael trwydded oddi wrth yr awdurdod lleol o dan y Rheoliadau hyn. Mae'r gofynion hyn yn disodli'r gofynion, yng Nghymru, i gael trwydded o dan Ddeddf Anifeiliaid Anwes 1951.

Mae person sy'n cynnal unrhyw un neu ragor o'r gweithgareddau hyn yng Nghymru heb drwydded o dan y Rheoliadau hyn yn cyflawni trosedd o dan adran 13(6) o Ddeddf 2006 ac yn agored i gael ei garcharu am gyfnod hyd at 6 mis, neu i gael dirwy, neu'r ddau. O dan adran 30 o Ddeddf 2006, caiff awdurdodau lleol erlyn am unrhyw drosedd o dan y Ddeddf honno.

Mae Rhan 2 o'r Rheoliadau yn nodi sut y caiff person wneud cais i'r awdurdod lleol am drwydded ac yn nodi materion y mae rhaid i awdurdod lleol fod wedi ei fodloni mewn cysylltiad â hwy wrth ystyried rhoi trwydded neu adnewyddu trwydded. Mae'n darparu i awdurdod lleol godi ffioedd i dalu'r costau y

mae'n mynd iddynt wrth gyflawni'r swyddogaeth hon, gan ystyried cydymffurfedd deiliad trwydded â'r Rheoliadau hyn, gorfodi a gweinyddu. Mae'n pennu bod rhaid i awdurdod lleol osod amodau trwydded penodol ar bob trwydded a roddir neu a adnewyddir. Mae'n darparu bod rhaid i awdurdod lleol benodi arolygydd pan fydd yn ystyried bod hynny'n briodol, at ddiben sicrhau cydymffurfedd ag amodau'r drwydded. Mae'n ei gwneud yn ofynnol i awdurdod lleol roi sylw i ganllawiau a ddyroddir gan Weinidogion Cymru wrth gyflawni eu swyddogaethau o dan y Rheoliadau hyn. Mae'n darparu pwerau i arolygwyr gymryd samplau o anifeiliaid.

Mae Rhan 3 yn nodi'r amgylchiadau a'r gweithdrefnau y caniateir atal dros dro, amrywio neu ddirymu trwydded oddi tanynt. Mae hefyd yn darparu bod torri amod trwydded neu rwystro unrhyw arolygydd a benodir at ddibenion gorfodi'r Rheoliadau hyn yn drosedd ac mae'n cymhwyso pwerau perthnasol yn dilyn euogfarn sydd wedi eu cynnwys yn Neddf 2006.

Mae Rhan 4 yn darparu ar gyfer apelau yn erbyn penderfyniadau trwyddedu gan awdurdodau lleol.

Mae Rhan 5 yn gwneud diddymiadau, diwygiadau canlyniadol a darpariaeth arbed.

Mae Rhan 6 yn nodi bod rhaid i awdurdodau lleol ddarparu gwybodaeth benodol i Weinidogion Cymru.

Mae Atodlen 1 yn disgrifio pob math o weithgaredd trwyddedadwy.

Mae Atodlen 2 yn nodi'r amodau cyffredinol sy'n gymwys i'r holl weithgareddau trwyddedadwy.

Mae Atodlen 3 yn nodi'r amodau penodol sy'n gymwys i bob gweithgaredd trwyddedadwy.

Mae Atodlen 4 yn rhestru personau na chaniateir iddynt wneud cais am drwydded.

Mae Atodlen 5 yn darparu ar gyfer diddymiadau a diwygiadau canlyniadol.

Ystyriwyd Cod Ymarfer Gweinidogion Cymru ar gynnal Asesiadau Effaith Rheoleiddiol mewn perthynas â'r Rheoliadau hyn. O ganlyniad, lluniwyd asesiad effaith rheoleiddiol o'r costau a'r manteision sy'n debygol o ddeillio o gydymffurfio â'r Rheoliadau hyn yng Nghymru. Gellir cael copi oddi wrth Swyddfa'r Prif Swyddog Milfeddygol, Llywodraeth Cymru, Parc Cathays, Caerdydd, CF10 3NQ neu drwy e-bostio cais i: LlesAnifeiliaidAnwes@llyw.cymru.

Trwyddedu gweithredwyr

3.—(1) Mae pob gweithgaredd trwyddedadwy yn weithgaredd penodedig at ddibenion adran 13(1) o'r Ddeddf.

(2) Yr awdurdod lleol yw'r awdurdod trwyddedu ar gyfer unrhyw weithgaredd trwyddedadwy a gynhelir mewn mangre yn ei ardal.

RHAN 2

Rhoi, adnewyddu ac amrywio trwydded â chydsyniad ac arolygu mangre

Amodau rhoi neu adnewyddu trwydded

4.—(1) Mae'r rheoliad hwn yn gymwys—

(a) pan fo awdurdod lleol wedi cael cais ysgrifenedig oddi wrth weithredwr i roi neu adnewyddu trwydded i gynnal gweithgaredd trwyddedadwy ar fangre yn ardal yr awdurdod lleol, a

(b) pan fo'r cais yn rhoi'r wybodaeth honno sy'n ofynnol gan yr awdurdod lleol.

(2) Rhaid i'r awdurdod lleol—

(a) penodi un neu ragor o arolygwyr sy'n meddu ar gymwysterau addas i arolygu unrhyw fangre y mae'r gweithgaredd trwyddedadwy,

(1) 1971 p. 80.

neu unrhyw ran ohono, yn cael ei gynnal neu i'w gynnal arni, a

- (b) yn dilyn yr arolygiad hwnnw, roi trwydded i'r gweithredwr, neu adnewyddu trwydded y gweithredwr, yn unol â'r cais, os yw'r awdurdod lleol wedi ei fodloni—

- (i) y caiff amodau'r drwydded eu bodloni,
- (ii) bod unrhyw ffi briodol wedi ei thalu yn unol â rheoliad 12, a
- (iii) bod rhoi neu adnewyddu'r drwydded yn briodol ar ôl ystyried yr adroddiad a gyflwynir iddo yn unol â rheoliad 9.

(3) Rhaid i awdurdod lleol atodi i bob trwydded a roddir neu a adnewyddir—

- (a) yr amodau cyffredinol, a
- (b) yr amodau penodol perthnasol.

(4) Wrth ystyried pa un a gaiff amodau'r drwydded eu bodloni, rhaid i awdurdod lleol ystyried ymddygiad y ceisydd fel gweithredwr y gweithgaredd trwyddedadwy y mae'r cais am roi neu adnewyddu trwydded yn ymwneud ag ef, pa un a yw'r ceisydd yn berson addas a phriodol i fod yn weithredwr y gweithgaredd hwnnw ac unrhyw amgylchiadau perthnasol eraill.

(5) Ni chaniateir i awdurdod lleol roi trwydded i weithredwr, neu adnewyddu trwydded gweithredwr, o dan unrhyw amgylchiadau ac eithrio'r rhai a ddisgrifir yn y Rheoliadau hyn.

(6) Mae pob trwydded a roddir neu a adnewyddir mewn perthynas ag unrhyw un neu ragor o'r gweithgareddau trwyddedadwy hyn yn ddarostyngedig i amodau'r drwydded.

Cyfnod trwydded

5. Caiff awdurdod lleol roi neu adnewyddu trwydded am unrhyw gyfnod hyd at 1 flwyddyn.

Pŵer i gymryd samplau o anifeiliaid

6. Caiff arolygydd, at ddibenion sicrhau y cydymffurfir ag amodau'r drwydded, gymryd samplau ar gyfer profion labordy o unrhyw anifeiliaid ar fangre a feddiennir gan weithredwr.

Dyletswydd i gynorthwyo o ran cymryd samplau o anifeiliaid

7. Rhaid i weithredwr gydymffurfio ag unrhyw gais rhesymol gan arolygydd i hwyluso adnabod ac archwilio anifail a chymryd samplau yn unol â rheoliad 6 ac, yn benodol, rhaid iddo drefnu i anifail gael ei atal mewn ffordd addas os gofynnir iddo wneud hynny gan arolygydd.

Amrywio neu ddirymu trwydded ar gais deiliad trwydded, neu â chydsyniad deiliad trwydded

8. Caiff awdurdod lleol ar unrhyw adeg amrywio neu ddirymu trwydded—

- (a) ar gais ysgrifenedig deiliad y drwydded, neu
- (b) ar ei gymhelliad ei hun, gyda chydsyniad ysgrifenedig deiliad y drwydded.

Adroddiad yr arolygydd

9.—(1) Pan fo awdurdod lleol yn trefnu arolygiad yn unol â rheoliad 4(2)(a), rhaid iddo drefnu i'r arolygydd gyflwyno adroddiad iddo.

(2) Rhaid i adroddiad yr arolygydd—

- (a) cynnwys gwybodaeth am y gweithredwr, unrhyw fangre berthnasol, unrhyw gofnodion perthnasol, cyflwr unrhyw anifeiliaid, ac unrhyw faterion perthnasol eraill, a
- (b) datgan pa un a yw'r arolygydd yn ystyried y caiff amodau'r drwydded eu bodloni ai peidio.

Personau na chaniateir iddynt wneud cais am drwydded

10.—(1) Ni chaniateir i'r personau a ganlyn wneud cais am drwydded mewn cysylltiad ag unrhyw weithgaredd trwyddedadwy—

- (a) person a restrir yn berson anghymwys ym mharagraffau 2 i 8 o Atodlen 4 pan fo'r terfyn amser ar gyfer unrhyw apêl yn erbyn yr anghymwysio hwnnw wedi dod i ben neu, os cyflwynwyd apêl, pan fo'r apêl honno wedi ei gwrthod;
- (b) person a restrir ym mharagraff 1 o Atodlen 4 yn berson a oedd yn ddeiliad trwydded a ddirymwyd pan fo'r terfyn amser ar gyfer unrhyw apêl yn erbyn y dirymu hwnnw wedi dod i ben neu, os cyflwynwyd apêl, pan fo'r apêl honno wedi ei gwrthod.

(2) Mae unrhyw drwydded a roddir neu a adnewyddir, neu a ddelir, gan berson a grybwyllir ym mharagraff (1)(a) neu (b) wedi ei dirymu yn awtomatig.

Marwolaeth deiliad trwydded

11.—(1) Os bydd deiliad trwydded yn marw, bernir bod y drwydded wedi ei rhoi i gynrychiolwyr personol y deiliad trwydded blaenorol hwnnw, neu wedi ei hadnewyddu mewn cysylltiad â chynrychiolwyr personol y deiliad trwydded blaenorol hwnnw.

(2) O dan yr amgylchiadau a ddisgrifir ym mharagraff (1), mae'r drwydded i barhau mewn grym

am 3 mis gan ddechrau â dyddiad marwolaeth deiliad blaenorol y drwydded neu am ba hyd bynnag yr oedd i barhau mewn grym oni bai am y farwolaeth (pa gyfnod bynnag yw'r byrraf) ond mae'n parhau i fod yn ddarostyngedig i'r darpariaethau yn Rhan 2.

(3) Rhaid i'r cynrychiolwyr personol hysbysu yn ysgrifenedig yr awdurdod lleol a roddodd neu a adnewyddodd y drwydded mai hwy yw deiliaid y drwydded bellach o fewn cyfnod o 28 o ddiwrnodau sy'n dechrau â dyddiad marwolaeth deiliad blaenorol y drwydded.

(4) Os yw'r cynrychiolwyr personol yn methu â hysbysu'r awdurdod lleol yn unol â hynny o fewn y cyfnod a bennir ym mharagraff (3), bydd y drwydded yn peidio â chael effaith pan ddaw'r cyfnod hwnnw i ben.

(5) Caiff yr awdurdod lleol a roddodd neu a adnewyddodd y drwydded, ar gais y cynrychiolwyr personol, estyn y cyfnod a bennir ym mharagraff (2) am hyd at 3 mis os yw wedi ei fodloni bod angen yr estyniad at ddiben dirwyn i ben ystad deiliad blaenorol y drwydded a bod hynny'n briodol o dan yr holl amgylchiadau.

Ffioedd

12.—(1) Caiff awdurdod lleol godi'r ffioedd hynny y mae'n ystyried eu bod yn briodol am—

- (a) ystyried cais i roi, adnewyddu neu amrywio trwydded gan gynnwys unrhyw arolygiad sy'n ymwneud â'r ystyried hwnnw, ac ar gyfer rhoi, adnewyddu neu amrywio trwydded,
- (b) costau disgwylidig rhesymol ystyried cydymffurfedd deiliad y drwydded â'r Rheoliadau hyn ac amodau'r drwydded y mae deiliad y drwydded yn ddarostyngedig iddynt o dan amgylchiadau ac eithrio'r rhai a ddisgrifir yn is-baragraff (a) gan gynnwys unrhyw arolygiad sy'n ymwneud â'r ystyried hwnnw,
- (c) costau disgwylidig rhesymol gorfodi mewn perthynas ag unrhyw weithgaredd trwyddedadwy gan weithredwr didrwydded, a
- (d) costau disgwylidig rhesymol cydymffurfio â rheoliad 26.

(2) Ni chaniateir i'r ffi a godir am ystyried cais i roi, adnewyddu neu amrywio trwydded ac ar gyfer unrhyw arolygiad sy'n ymwneud â'r ystyried hwnnw fod yn fwy na chostau rhesymol yr ystyried hwnnw a'r arolygiad cysylltiedig.

Canllawiau

13. Rhaid i awdurdod lleol, wrth gyflawni ei swyddogaethau o dan y Rheoliadau hyn, roi sylw i unrhyw ganllawiau a ddyroddir gan Weinidogion Cymru.

RHAN 3

Gorfodi a hysbysiadau

Seiliau dros atal trwydded dros dro, amrywio trwydded heb gydsyniad neu ddirymu trwydded

14. Caiff awdurdod lleol, heb unrhyw ofyniad i sicrhau cydsyniad deiliad y drwydded, benderfynu atal dros dro, amrywio neu ddirymu trwydded ar unrhyw adeg os yw wedi ei fodloni—

- (a) na chydymffurfir ag amodau'r drwydded,
- (b) y torrwyd y Rheoliadau hyn,
- (c) bod gwybodaeth a roddir gan ddeiliad y drwydded yn ffug neu'n gamarweiniol,
- (d) bod hynny'n angenrheidiol i ddiogelu lles anifail, neu
- (e) na fyddai deiliad y drwydded wedi gallu gwneud cais am drwydded newydd yn unol â rheoliad 10.

Y weithdrefn ar gyfer atal dros dro neu amrywio heb gydsyniad

15.—(1) Ac eithrio fel y darperir fel arall yn y rheoliad hwn, mae atal dros dro neu amrywio trwydded yn dilyn penderfyniad o dan reoliad 14 yn cael effaith ar ddiwedd cyfnod o 7 niwrnod gwaith sy'n dechrau â'r dyddiad y dyroddir hysbysiad am y penderfyniad i ddeiliad y drwydded neu, os nad yw'r dyddiad hwnnw yn ddiwrnod gwaith, y diwrnod gwaith nesaf.

(2) Os yw hynny'n angenrheidiol i ddiogelu lles anifail, caiff yr awdurdod lleol bennu yn yr hysbysiad am ei benderfyniad bod yr atal dros dro neu'r amrywio yn cael effaith ar unwaith.

(3) Mewn perthynas â phenderfyniad i atal dros dro neu amrywio trwydded, rhaid—

- (a) hysbysu deiliad y drwydded yn ysgrifenedig amdano,

(14) Rhaid cofnodi unrhyw arwyddion poen, dioddefaint, anafiadau, clefydau neu ymddygiad annormal, a rhaid gofyn am gyngor, a chynghor pellach (os oes angen) gan filfeddyg (neu yn achos pysgod, gan berson cymwys priodol) a dilyn y cyngor hwnnw.

Argyfyngau

10.—(1) Rhaid i gynllun argyfwng ysgrifenedig sy'n dderbyn i'r awdurdod lleol fod yn ei le, yn hysbys ac ar gael i'r holl staff ar y fangre lle y cynhelir y gweithgaredd trwyddedadwy, a rhaid dilyn y cynllun hwnnw pan fo'n angenrheidiol i sicrhau y cymerir camau priodol i ddiogelu yr holl bobl ac anifeiliaid ar y fangre yn achos tân neu pe bai systemau gwresogi, awyru ac awyriad neu hidlo hanfodol yn torri i lawr, neu argyfyngau eraill yn codi.

(2) Rhaid i'r cynllun gynnwys manylion y camau sydd i'w cymryd mewn argyfwng i fynd â'r anifeiliaid ymaith pe bai'r fangre yn mynd i gyflwr nad yw'n

addas i fyw ynddo, a rhestr o rifau ffôn mewn argyfwng sy'n cynnwys y gwasanaeth tân a'r heddlu.

(3) Rhaid i ddrysau a gatiau allanol fod yn gloadwy.

(4) Rhaid i ddeiliad allweddi dynodedig sydd â mynediad i'r holl fannau i anifeiliaid ar bob adeg fod o fewn pellter teithio rhesymol i'r fangre ac ar gael i fod yn bresennol mewn argyfwng.

ATODLEN 3

Amodau penodol: gwerthu anifeiliaid fel anifeiliaid anwes

Dehongli

1. Yn yr Atodlen hon—

ystyr “darpar berchennog” (“*prospective owner*”) yw person sy’n prynu anifail i’w gadw neu i gael ei gadw fel anifail anwes;

ystyr “mangre” (“*premises*”) yw’r fangre lle y cynhelir y gweithgaredd trwyddedadwy o werthu anifeiliaid fel anifeiliaid anwes (neu gyda’r bwriad o’u hailwerthu’n ddiweddarach fel anifeiliaid anwes);

ystyr “prynwr” (“*purchaser*”) yw person sy’n prynu anifail i’w gadw fel anifail anwes neu gyda’r bwriad o’i ailwerthu’n ddiweddarach fel anifail anwes.

Cofnodion a hysbysebion

2.—(1) Rhaid cadw cofrestr o’r holl anifeiliaid, neu yn achos pysgod, yr holl grwpiau o bysgod, ar y fangre, a rhaid iddi gynnwys—

- (a) enw llawn cyflenwr yr anifail,
- (b) rhyw yr anifail (pan fo’n hysbys),
- (c) (ac eithrio yn achos pysgod) oedran yr anifail (pan fo’n hysbys),
- (d) manylion unrhyw driniaeth filfeddygol (pan fo’n hysbys),
- (e) dyddiad geni’r anifail neu, os caffaelwyd yr anifail gan ddeiliad y drwydded, dyddiad ei gaffael,
- (f) dyddiad gwerthu’r anifail gan ddeiliad y drwydded, ac
- (g) dyddiad marwolaeth yr anifail (os yw’n gymwys).

(2) Pan fo anifail yn cael unrhyw driniaeth feddygol—

- (a) rhaid nodi’r ffaith honno yn glir—
 - (i) yn ysgrifenedig nesaf ato, neu
 - (ii) (pan fo’n briodol) drwy ei labelu yn unol â hynny, a
- (b) ni chaniateir ei werthu.

(3) Rhaid i unrhyw hysbyseb ar gyfer gwerthu anifail—

- (a) cynnwys rhif trwydded deiliad y drwydded,

- (b) pennu'r awdurdod lleol a ddyroddodd y drwydded,
- (c) cynnwys ffotograff adnabyddadwy o'r anifail sy'n cael ei hysbysebu,
- (d) (ac eithrio yn achos pysgod) dangos oedran yr anifail sy'n cael ei hysbysebu,
- (e) datgan ym mha wlad y mae'r anifail yn byw ac y mae'n cael ei werthu ohoni, ac
- (f) datgan y wlad y mae'r anifail yn tarddu ohoni.

Darpar werthiannau: gofal anifeiliaid anwes a chyngor ynghylch hynny

3.—(1) Rhaid i ddeiliad y drwydded a'r holl staff sicrhau bod unrhyw gyfarpar ac ategolion sy'n cael eu gwerthu gydag anifail yn addas i'r anifail.

(2) Rhaid i ddeiliad y drwydded a'r holl staff sicrhau bod gwybodaeth yn cael ei darparu i'r darpar berchennog ar ofal priodol yr anifail gan gynnwys mewn perthynas â—

- (a) bwydo,
- (b) llety,
- (c) trin,
- (d) hwsmonaeth,
- (e) disgwyliad oes ei rywogaeth,
- (f) darparu ategolion addas, ac
- (g) gofal milfeddygol.

(3) Rhaid i ddeunyddiau cyfeirio priodol ynghylch gofal yr holl anifeiliaid sydd ar werth gael eu harddangos a'u darparu i'r darpar berchennog.

(4) Rhaid bod deiliad y drwydded a'r holl staff wedi cael hyfforddiant addas i roi cyngor i ddarpar berchnogion ynghylch yr anifeiliaid sy'n cael eu gwerthu.

(5) Rhaid i ddeiliad y drwydded a'r holl staff sicrhau bod y prynwr yn cael ei hysbysu ynghylch y wlad y mae'r anifail yn tarddu ohoni a'i rywogaeth, a phan fo'n hysbys, oedran, rhyw a chofnod milfeddygol yr anifail sy'n cael ei werthu.

Llety addas

4.—(1) Rhaid cadw anifeiliaid mewn llety sy'n lleihau straen, gan gynnwys straen a achosir gan anifeiliaid eraill a'r cyhoedd.

(2) Pan fo aelodau o'r cyhoedd yn gallu gweld yr anifeiliaid neu ddod i gysylltiad â hwy, rhaid bod arwyddion wedi eu gosod i annog pobl i beidio ag aflonyddu ar yr anifeiliaid.

(3) Rhaid cadw anifeiliaid gwyllt peryglus (os oes rhai) mewn caetsys sy'n ddiogel ac y gellir eu cloi ac sy'n addas ar gyfer y rhywogaeth.

(4) At ddibenion is-baragraff (3), ystyr “anifail gwyllt peryglus” yw anifail o fath a bennir yng ngholofn gyntaf yr Atodlen i Ddeddf Anifeiliaid Gwyllt Peryglus 1976(1).

Gwerthu anifeiliaid

5.—(1) Ni chaniateir i unrhyw anifail o'r disgrifiadau a ganlyn gael ei werthu fel anifail anwes, neu ei werthu gyda'r bwriad o'i ailwerthu fel anifail anwes, gan ddeiliad y drwydded neu ar ei ran—

- (a) mamaliaid heb eu diddyfnu;
- (b) mamaliaid a ddidddyfnwyd ar oedran na ddylent fod wedi eu diddyfnu arno;
- (c) anifeiliaid nad ydynt yn famaliaid nad ydynt yn gallu bwydo eu hunain;
- (d) cŵn bach, cathod bach, ffuredau neu gwningod iau nag 8 wythnos oed;
- (e) cŵn bach neu gathod bach nad oeddent wedi eu bridio gan ddeiliad y drwydded yn y fangre.

(2) Rhaid cwblhau gwerthiant ci yng ngŵydd y prynwr ar y fangre.

Diogelu rhag poen, dioddefaint, anafiadau a chlefydau

6.—(1) Rhaid i'r holl anifeiliaid sydd ar werth fod mewn cyflwr da o ran eu hiechyd.

(2) Ni chaniateir i unrhyw anifail sydd â chyflwr sy'n debygol o effeithio ar ansawdd ei fywyd gael ei symud, ei drosglwyddo neu ei gynnig ar werth, ond caniateir ei symud i gyfleuster ynysu neu gyfleuster gofal milfeddygol os yw hynny'n angenrheidiol hyd nes i'r anifail wella.

(3) Wrth drefnu i dderbyn anifeiliaid, rhaid i ddeiliad y drwydded wneud ymdrechion rhesymol i sicrhau y cânt eu cludo mewn dull addas.

(4) Rhaid cludo anifeiliaid neu eu traddodi i brynwyr mewn cynwysyddion addas ar gyfer y rhywogaeth a hyd disgwyliedig y daith.

Cyngor Sir CEREDIGION County Council

ADRODDIAD I:	Cabinet
DYDDIAD:	02 11 2021
LLEOLIAD:	Cyfarfod Rhithiol
TEITL:	Cyflwyniad i Reoliadau Lles Anifeiliaid (Trwyddedu Gweithgareddau sy'n Ymwneud ag Anifeiliaid) (Cymru) 2021; sy'n cyflwyno gwaharddiad gwerthiant trydydd parti o ran cŵn bach (a chathod bach) (Cyfraith "Lucy") yng Nghymru. Trosolwg o'r sefyllfa gyfredol o ran sefydliadau trwyddedig i fagu cŵn yng Ngheredigion.

PWRPAS YR ADRODDIAD: I roi adborth gan y Pwyllgor Trosolwg a Chraffu Cymunedau lachach a gynhaliwyd ar 22 Medi 2021.

CEFNDIR:

Yn ei gyfarfod ar 22 Medi 2021, bu Aelodau Pwyllgor Trosolwg a chraffu Cymunedau lachach yn ystyried yr Adroddiad Lles Anifeiliaid.

Ar 19 Medi 2018, cyflwynodd Aelodau'r Pwyllgor Trosolwg a Chraffu Cymunedau lachach gynnig i'r Cyngor Lawn yn cefnogi Ymgyrch Genedlaethol Cyfraith Lucy i wahardd gwerth cŵn bac gan drydydd partïon. Mae Rheoliadau Lles Anifeiliaid (Trwyddedu Gweithgareddau sy'n Ymwneud ag Anifeiliaid) (Cymru) 2021, yn dod â'r gwaharddiad hwn i mewn i ddeddfwriaeth a daeth i rym ar 10 Medi 2021. Mae'r ddeddfwriaeth hon yn gwahardd gwerthu cŵn bach a chathod bach gan drydydd partïon ac yn ogystal â gosod safonau uwch o lesiant ar 'siopau anifeiliaid anwes.

Cyflwynodd Heddwyn Evans wybodaeth ar sefyllfa bresennol Ceredigion ac esboniodd bet fyddai'r sefyllfa newydd.

Yn dilyn trafodaeth, gofynnwyd i Aelodau'r Pwyllgor ystyried yr argymhelliad canlynol:

ARGYMHELLIAD:

- Argymell cymeradwyo'r cynnwys a goblygiadau'r adroddiad; a
- Bod y gofynion gorfodi ychwanegol ar y Gwasanaeth Diogelu'r Cyhoedd yn cael eu nodi

Cytunodd yr aelodau i argymell bod y Cabinet yn cymeradwyo fel y nodir uchod.

Diolchodd y Cadeirydd i'r Swyddogion am ddod a chyflwyno mewn modd clir a chryno.

Cynghorydd Bryan Davies
Cadeirydd y Pwyllgor Trosolwg a Chraffu Cymunedau lachach

**Cofnodion Cyfarfod o Pwyllgor Trosolwg A Chraffu Cymunedau Iachach

Aelodau'r Cabinet yn Bresennol: Y Cynghorwyr Rhodri Evans, Catherine Hughes, Gareth Lloyd ac Alun Williams.

Swyddogion yn bresennol: Sian Howys (Swyddog Arweiniol Corfforaethol: Porth Cynnal); Elen James (Swyddog Arweiniol Corfforaethol: Porth Cymorth Cynnar); Carwyn Young (Rheolwr Corfforaethol: Porth Cymorth Cynnar); Dwynwen Jones (Swyddog Trosolwg a Chraffu); Neris Morgans (Swyddog Gwasanaethau Democrataidd); Carol Thomas and Rhidian Jones, (Cyfieithwyr).

(2.00pm - 3.11pm)

1 Ymddiheuriadau a Materion Personol

- i) Ymddiheurodd y Cynghorydd Keith Evans am na allai fynychu'r cyfarfod oherwydd y newid dyddiad.
- ii) Ymddiheurodd y Cynghorydd Mark Strong am na allai fynychu'r cyfarfod.
- iii) Ymddiheurodd y Cynghorwyr Marc Davies ac Alun Lloyd Jones y gallai fod yn rhaid iddyn nhw adael y cyfarfod yn gynnar.
- iv) Cydymdeimlodd y Cynghorydd Catherine Hughes yn ddiffuant â theulu Gethin Bennett, cyn Aelod Cabinet a Chadeirydd olaf Cyngor Sir Dyfed, a fu farw'n ddiweddar.

2 Datgelu buddiant personol (gan gynnwys datganiadau chwipio) Atgoffir aelodau am eu cyfrifoldeb personol yn datgan unrhyw fudd personol a budd sydd yn rhagfarnu yn gysylltiedig â materion a gynhwysir yn yr agenda hwn yn unol â darpariaethau Deddf Llywodraeth Leol 2000, Cyfansoddiad y Cyngor a Chod Ymddygiad Aelodau. Yn ogystal, mae'n rhaid i Aelodau ddatgan unrhyw chwip plaid gwaharddedig a roddwyd ar Aelod yng nghyswllt y cyfarfod yn ôl Mesur Llywodraeth Leol (Cymru) 2011.

Ni ddatgelwyd dim Buddiannau Personol a Buddiannau sy'n rhagfarnu (gan gynnwys datganiadau chwipio) gan Aelodau'r Pwyllgor.

3 Adroddiad Rheoli Perfformiad y Gwasanaeth Adolygu Annibynnol Chwarter 2 2021 - 2022

Cyflwynodd y Cynghorydd Alun Williams (Aelod y Cabinet dros Borth Cynnal) Adroddiad y Gwasanaeth Adolygu Annibynnol Chwarter 2 2021/2022. Caiff adroddiadau chwarterol eu rhoi gerbron y Pwyllgor Trosolwg a Chraffu Cymunedau Iachach fel rhan o'r ystyriaeth barhaus o'r pwnc i sicrhau bod yr Awdurdod Lleol yn cyflawni ei ddyletswyddau fel y Rhiant Corfforaethol. Mae'r adroddiad hwn yn cynnwys y safonau a'r targedau cenedlaethol a lleol a ddefnyddir i fesur y canlyniadau ar gyfer plant sy'n derbyn gofal a phlant sydd wedi gadael gofal adeg eu cyfarfod adolygu, ac mae'n cynnwys Dangosyddion Perfformiad Llywodraeth Cymru.

Ar sail yr wybodaeth sydd ar gael a'r hyn a fynegwyd yn ystod y cyfarfod adolygu, daw'r Swyddog Adolygu Annibynnol i farn broffesiynol ynghylch effeithiolrwydd cynllun gofal y plentyn/person ifanc o ran bodloni ei anghenion, a gall argymhell newidiadau i'r cynllun gofal. Yn ystod y cyfarfod adolygu bydd y Swyddog Adolygu Annibynnol yn ystyried a oes angen cymorth ar y plentyn/person ifanc i adnabod pobl eraill berthnasol er mwyn cael cyngor cyfreithiol/cymryd camau ar ei ran. Roedd y Swyddog Adolygu Annibynnol o'r farn nad oedd angen cymryd y cam hwn ar gyfer unrhyw blentyn yn ystod y cyfnod dan sylw. Yn ogystal, mae'r Swyddog Adolygu Annibynnol yn ystyried a oes unrhyw dramgwydd yn erbyn hawliau dynol y plentyn/person ifanc ac, os oes, gallai atgyfeirio'r achos at CAF/CASS Cymru. Nid oedd angen y cymryd y cam hwn yn unrhyw un o'r cyfarfodydd adolygu yn ystod y cyfnod.

Aeth y Cyngorydd Alun Williams ymlaen i gyflwyno Crynodeb o'r Pwyntiau Allweddol a nodwyd ar dudalen 2 yr adroddiad.

Nododd Sian Howys fod effaith Covid-19 yn parhau, sydd wedi arwain at fwy o lwythi gwaith a dyletswyddau statudol ond mae'r cydweithio ar draws y Model Gydol Oed a Lles wedi bod yn gadarnhaol. O ystyried yr amgylchiadau a'r pwysau ar staff, roedd yr adroddiad yn plesio ac roeddent yn ymwybodol o'r meysydd yr oedd angen eu gwella.

Mewn ymateb i gwestiwn, nododd Sian Howys fod yna brinder cenedlaethol o ofalwyr maeth yn gyffredinol, ond annog dwyieithrwydd oedd y nod. Roedd ymgyrch recriwtio sy'n mynd rhagddi ar gyfer gofalwyr maeth.

Oherwydd prinder gofalwyr maeth, roedd plant naill ai'n cael eu lleoli yn y sir neu gyda gofalwyr maeth sy'n gweithio i Asiantaethau Maethu Annibynnol sy'n byw yng Ngorllewin Cymru neu gerllaw. Ni chafodd dim plant eu lleoli gyda gofalwyr maeth yn Lloegr, fodd bynnag, roedd plant wedi'u lleoli gydag aelodau o'r teulu y tu allan i Gymru.

Roedd rhywfaint o ddefnydd o leoliadau preswyl yn Lloegr oherwydd diffyg argaeledd yng Ngheredigion. Mae Caniatâd Cynllunio wedi ei roi ar gyfer cartref gofal preswyl bychan yn ardal Dyffryn Aeron. Mae swyddi wedi'u hysbysebu. Bydd rhagor o wybodaeth yn cael ei rhannu maes o law. Roedd yr angen am leoliadau oherwydd troseddu yn gyffredinol isel yng Ngheredigion ac felly hefyd yr angen am leoliadau arbenigol megis cyfnodau yn yr ysbyty.

Mae ymchwil i Ofal Cymdeithasol Plant gan Brifysgol Caerdydd wedi'i gyhoeddi. Bydd swyddogion yn cael eu hannog i ddarllen yr adroddiad. Mae Llywodraeth Cymru wedi nodi bod lleihau nifer y plant mewn gofal yn flaenoriaeth; pwysleisiodd Sian Howys fod yn rhaid gwneud hyn yn ddiogel

Ers dechrau pandemig Covid-19, sydd wedi arwain at fwy o bwysau ar deuluoedd, mae nifer y plant sy'n derbyn gofal wedi cynyddu. Awgrymwyd bod cynnydd mewn niferoedd yn adlewyrchu bod plant yn cael eu gweld gan weithwyr proffesiynol a bod swyddogion yn gwneud eu gwaith yn dda.

Eglurodd Sian Howys fod y cynnig rhagweithiol o eiriolaeth yn cael ei bennu nid yn unig gan oedran, ond hefyd gweithrediad gwybyddol neu emosiynol. Rhoddir cryn dipyn o amser ac ymdrech gan ofalwyr neu unigolyn yr ymddiriedir ynddo i gael barn pob plentyn. Lle bo angen, gall y Swyddog Adolygu Annibynnol drefnu cyfarfod 1-1 gyda'r plentyn neu rywun y mae'r plentyn yn ei adnabod.

Mae adolygiadau wedi'u cynnal yn rhithwir. Cynhaliwyd un adolygiad o ofalwr maeth y tu allan i'r amserlenni oherwydd problem staffio. Gan fod adolygiadau'n cael eu cadeirio gan aelod o'r tu allan i'r tîm ar gyfer gwrthrychedd, mae wedi bod yn heriol cadw at amserlenni o ran absenoldebau a llenwi bylchau mewn staffio.

Diolchodd Aelodau'r Pwyllgor i Sian Howys am adroddiad cynhwysfawr a gofynasant iddi fynegi eu diolch i'r adran am ei gwaith caled.

Yn dilyn cwestiynau gan Aelodau'r Pwyllgor, cytunwyd i nodi cynnwys yr adroddiad a lefelau'r gweithgarwch o fewn yr Awdurdod Lleol.

4 Gwasanaethau y Canolfannau Lles - Cynigion Hyrwyddo

Cyflwynodd y Cynghorydd Catherine Hughes (Aelod y Cabinet dros Borth Gofal, Ymyrraeth Gynnar, Hybiau Lles a Diwylliant) gefndir yr adroddiad. Nodwyd bod y cynnig wedi ei drafod cyn y gyllideb. Mae Gwasanaeth y Canolfannau Lles sydd o dan Borth Cymorth Cynnar yn chwarae rôl allweddol wrth ddarparu cyfleoedd sy'n cyfrannu at ganlyniadau iechyd a lles ein trigolion. Un elfen o Wasanaethau'r Canolfannau Lles yw rhedeg cyfleusterau hamdden y Cyngor. Mae annog trigolion i gymryd rhan yn rheolaidd mewn gweithgareddau corfforol yn cyfrannu'n uniongyrchol at well iechyd meddwl a chorfforol ein cymunedau ac yn cynorthwyo i feithrin cydnerthedd unigolion a lleihau dibyniaeth ar wasanaethau iechyd.

Mae'r gwasanaeth yn creu incwm trwy godi tâl am ddefnyddio ei gyfleusterau a mynediad i raglenni'r gweithgareddau y mae'n eu darparu. Yn 2018/19 (cyn y pandemig) roedd yr incwm a grëwyd gan y gwasanaeth yn cyfateb i £752,673 gyda thua £176,000 ohono o ganlyniad i becynnau aelodaeth (ffi fisol benodol ar gyfer lefelau defnydd amrywiol o ran nofio, yr ystafell ffitrwydd a dosbarthiadau ymarfer). Roedd yr incwm a grëwyd ac Arian grant yn 55% o gyfanswm cost darparu Gwasanaeth y Canolfannau Lles gyda'r gweddill yn cael ei ddarparu gan arian craidd y cyngor. Fel gwasanaeth anstatudol, rhaid i Wasanaeth y Canolfannau Lles ddenu pobl i ddefnyddio ei gyfleusterau. Mae yna nifer o ffactorau a all ddylanwadu ar ble a phryd y mae person yn dewis bod yn heini ac mae prisio yn un ohonynt.

Dywedodd Elen James yr effeithiwyd yn ddifrifol ar y gwasanaeth yn ystod y 2 flynedd ddiwethaf ond yn wahanol i rai awdurdodau lleol, cafodd staff eu hadleoli ac maent wedi dychwelyd i'r gwasanaeth ers hynny. Mae pob canolfan hamdden a phwll nofio yn y sir wedi ail-agor a thros 350 o blant wedi cofrestru ar gyfer gwersi nofio gyda 70+ o blant ychwanegol ar y rhestr aros. Cyn y pandemig, roedd gan y gwasanaeth dros 900 o aelodaethau, dim ond tua 400+ sydd ganddyn nhw erbyn hyn, felly mae angen gwaith i farchnata'r Canolfannau Lles, er mwyn annog pobl i ddychwelyd i ymarfer

corff a theimlo'n ddiogel wrth wneud. Y cynnig yw cyflwyno cynigion tymor byr tebyg i awdurdodau lleol eraill, i gynyddu defnyddwyr gwasanaethau o bob oed i ddychwelyd i ddefnyddio'r cyfleusterau. Mae'n anodd rhoi enghreifftiau o ffioedd gan y bydd y cynigion yn dibynnu ar y data a gesglir, ond cyflwynwyd enghreifftiau o gynigion i'r pwyllgor.

Nodwyd na ddylai fod llawer o gostau ychwanegol ynghlwm wrth redeg y canolfannau gyda'r cynigion hyrwyddo ar waith. Y pwrpas yw denu rhagor o bobl yn rheolaidd.

Mewn ymateb i gwestiwn ynghylch Bwrdd Iechyd Prifysgol Hywel Dda, eglurodd Elen James fod yr awdurdod lleol yn parhau i gael cyfraniadau i gefnogi'r Cynllun Cenedlaethol i Atgyfeirio Cleifion i Wneud Ymarfer Corff. Dywedwyd ddoe yn y Bwrdd Perfformiad bod dros 300 o atgyfeiriadau newydd. Rhoddir 16 wythnos o gymorth a'r bwriad yw annog cleientiaid i barhau i ddefnyddio'r cyfleusterau, ar ôl yr 16 wythnos hyn, i helpu i atal problemau pellach o ran iechyd.

Nid oes dim taflenni gwybodaeth yn cael eu hanfon gyda Bil Treth y Cyngor ond mae gan y gwasanaeth wefan, mae gwybodaeth hefyd ar gael ar y cyfryngau cymdeithasol ac mae swyddfa'r wasg yn rhannu straeon. Pwysleisiwyd y dylid gwneud y cynghorau cymuned yn ymwybodol o'r hyn sydd ar gael i bob oedran, er mwyn gallu hysbysebu'r gwasanaeth yn lleol.

Codwyd manteision sesiynau ymarfer corff i iechyd meddwl unigolion gan Aelodau'r Pwyllgor. Nododd Elen James, er bod y canolfannau lles wedi bod ar gau, mae miloedd o bobl wedi cymryd rhan / wedi mynychu sesiynau dros y 2 flynedd ddiwethaf, yn rhithwir ac yn bersonol. Mae dros 2,000 o bobl wedi cymryd rhan yn y teithiau cerdded lles.

Anogir grwpiau a gynhelir mewn canolfannau cymunedol i barhau. Bydd yn bwysig i'r awdurdod lleol weithio gyda nhw i sicrhau bod y cyhoedd yn cael cyfleoedd amrywiol i wella eu hiechyd a'u lles.

Yn dilyn cwestiynau gan Aelodau'r Pwyllgor CYTUNWYD i ddirprwyo awdurdod i'r Cyfarwyddwr Corfforaethol a'r Swyddog Arweiniol Corfforaethol Porth Cymorth Cynnar, mewn ymgynghoriad ag Aelod Cabinet y portffolio i amrywio'r Ffioedd a Chostau ar gyfer 2022/23 i redeg cynigion hyrwyddo tymor byr/â chyfyngiad amser i gymell rhagor o blant, pobl ifanc, unigolion a theuluoedd i gymryd rhan mewn gweithgarwch corfforol rheolaidd a byw bywydau iachach.

Y WYBODAETH HON: diweddarau ymhob cyfarfod**CEFNDIR:**

Mae'r Pwyllgorau Trosolwg a Chraffu'n goruchwyllo gwaith y Cyngor er mwyn sicrhau y darperir gwasanaethau yn y ffordd orau posib a hynny er budd y gymuned leol. Swyddogaeth Trosolwg a Chraffu yw ystyried y gwasanaethau a'r materion sy'n effeithio ar bobl yng Ngheredigion. Mae'r broses yn rhoi cyfle i Gynghorwyr archwilio amryw swyddogaethau'r Cyngor, holi cwestiynau am sut y gwnaethpwyd penderfyniadau, ystyried os ellir gwneud gwelliannau i wasanaethau a gwneud argymhellion yn unol â hynny. Mae craffu'n hanfodol wrth hyrwyddo atebolrwydd, effeithlonrwydd ac effeithiolrwydd wrth i'r Cyngor fynd ati i wneud penderfyniadau a'r ffordd mae'n darparu gwasanaethau. Prif swyddogaethau'r Pwyllgorau Trosolwg a Chraffu yw'r canlynol:

- Galw'r Cabinet a'r Swyddogion i gyfrif ynghylch eu penderfyniadau
- Bod yn 'gyfaill beirniadol', drwy holi cwestiynau am sut y gwnaethpwyd penderfyniadau, fel bod y bobl sy'n penderfynu'n destun 'rhwystrau a gwrthbrysau', gan wneud y drefn o benderfynu yn fwy dilys
- Cynnal adolygiadau o wasanaethau a pholisïau'r Cyngor
- Cynnal adolygiadau ar gyfer datblygu gwasanaethau a pholisïau'r Cyngor
- Ystyried unrhyw fater arall sy'n effeithio ar y sir
- Sicrhau bod Ceredigion yn perfformio hyd eithaf ei allu ac yn darparu gwasanaethau o'r radd flaenaf i'w ddinasyddion
- Asesu effaith polisïau'r Cyngor ar gymunedau lleol, ac argymhell ffyrdd o wella
- Gweithio gyda'r cyhoedd i ddatblygu polisïau a gwasanaethau sy'n canolbwyntio ar y dinasyddion.

Gall trefn effeithiol o Drosolwg a Chraffu arwain at y canlynol:

- Penderfyniadau gwell
- Gwelliant o ran Darparu Gwasanaethau a Pherfformiad
- Trefn gadarn ar gyfer Datblygu Polisïau, yn seiliedig ar ymgynghori â'r cyhoedd a chyfraniad arbenigwyr annibynnol

- Gwelliant o ran Democratiaeth, Cynhwysiant, Arweinyddiaeth Gymunedol ac Ymgysylltu
- Ychwanegu haen eglur o dryloywder ac atebolrwydd i brosesau gwleidyddol y Cyngor
- Rhoi cyfle i bob Aelod feithrin sgiliau a gwybodaeth arbenigol a allai fod o fudd yn y dyfodol wrth lunio polisiau a monitro perfformiad
- Creu diwylliant o hunan-herio ar sail tystiolaeth.

Y SEFYLLFA BRESENNOL:
