Bydd gan y Cynllun newydd cysylltiadau clir â Strategaeth Atal, Lles a Gydol Oed y mae'r Cyngor wedi ei ddatblygu er mwyn trawsnewid sut y mae lles a diogelwch pobl Ceredigion yn cael ei gefnogi. Bydd y Cynllun hefyd yn ystyried canfyddiadau'r asesiad o les lleol a gwneir y gwaith yma ar hyn o bryd.

## **Canolfan Lles Llanbedr Pont Steffan**

Mewn cyfarfod a gynhaliwyd ar 01/12/2020, bu i Cabinet gytuno i Ganolfan Hamdden Llanbedr Pont Steffan fod yn lleoliad ar gyfer Canolfan Lles gyntaf y Cyngor. Yn dilyn y penderfyniad yma bu gwaith yn mynd yn ei flaen er mwyn sicrhau fod y cyfleusterau yn medru gwasanaethu'n effeithiol y Rhaglen Lles a Gydol Oed a gwneud y mwyaf o'i gyfraniad o ran y Weledigaeth .

Cyflwynwyd y prosiect i Banel Rheoli Prosiectau Corfforaethol y Cyngor a chynhaliwyd cyfarfodydd gyda nifer o wasanaethau'r Cyngor gan gynnwys Iechyd a Diogelwch, Gwasanaethau Cludiant, Teithio Actif a Phennaeth Ysgol Bro Pedr er mwyn codi ymwybyddiaeth o'r prosiect a chlustnodi unrhyw feysydd sydd angen eu hystyried yn ystod y datblygiad.

Mae'r prosiect hefyd yn faes ffocws ar gyfer Is-grwp Integreiddio Gwasanaeth a Chydaleoli y Bwrdd Gwasanaethau Cyhoeddus a darperir diweddariadau bob cyfarfod.

Un o'r prif bethau a wnaed oedd ymgynghori â holl wasanaethau o fewn rhaglen Lles Gydol Oed er mwyn cael dealltwriaeth o ddefnydd posib Canolfan Lles Llanbedr Pont Steffan a chlustnodi'r cyfleusterau byddai eu hangen er mwyn darparu gwasanaethau o'r cyfleusterau yma. O ganlyniad crëwyd dau is-grwp gweithredol, sef Is-grŵp Adeiladu ac Is-grŵp Gwasanaethau er mwyn cefnogi datblygiad y prosiect yma.

Ystyriwyd y wybodaeth a gasglwyd law yn llaw â gofynion grant Llywodraeth Cymru ac o ganlyniad crëwyd cynllun arfaethedig ar gyfer Canolfan Lles Llanbedr Pont Steffan.  
(Atodiad B,C,D)

Darparwyd syniad o'r costau a dderbyniwyd oddi wrth y gwasanaethau eiddo yn seiliedig ar y cynllun arfaethedig ac amcangyfrifwyd y dylai'r grant fod yn ddigon ar gyfer y costau adeiladu er ni fydd y costau a gadarnhawyd yn hysbys hyd nes bydd y broses dendro wedi dod i ben. Nid yw'r costau yma'n cynnwys unrhyw welliannau allanol i olwg allanol y cyfleusterau er mwyn sicrhau mynediad diogel i ddisgyblion ysgol. Caiff prisiau ar gyfer gosodiadau, ffitiadau, cyfarpar a chelfi rhydd eu hychwanegu wedi hynny. Bydd angen ymgymryd ag archwiliad pellach er mwyn sefydlu cyflwr ac oes y boeler cyfredol a'r systemau goleuadau.

## Y SEFYLLFA GYFREDOL:

Yn dilyn y broses dendro penodwyd *Quattro Design Architects* i oruchwylio'r prosiect ac ar ôl ymgymryd ag ymweliad safle byddant bellach yn cyflwyno cynllun arfaethedig terfynol ar gyfer y gwaith o dendro am elfen adeiladu'r prosiect.

Mae'r prosiect ar hyn o bryd yn gweithredu yn unol â'r amserlen ganlynol (aros am gadarnhad oddi wrth *Quattro Design*):

## Adolygiad Swyddogion Cyngor Sir Ceredigion o Strategaeth Chwaraeon a Gweithgareddau Hamdden 2014-2020

### Crynodeb

Mae hyd oes y strategaeth hon wedi cyd-daro gyda chyfnod o newid sylweddol ar lefel genedlaethol a lleol, yn bennaf yn sgil cyflwyno Deddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015. Efallai fod hyn wedi peri bod y strategaeth hon wedi cael llai o sylw yn ystod y blynyddoedd diwethaf wrth i agendâu strategol eraill gael blaenoriaeth.

Er gwaethaf hyn, gwnaethpwyd cynnydd sylweddol mewn nifer o feysydd yn ystod oes y strategaeth a dylai'r cynnydd hwn gael ei gydnabod a'i ddathlu, yn enwedig:

- ☑ Y cynnydd yn nifer y plant cynradd sy'n cymryd rhan
- ☑ Y gwaith partner yng Ngrŵp y Blynyddoedd Cynnar
- ☑ Y ffaith bod darpariaeth gynhwysol yn cael ei chynnig ac yn datblygu
- ☑ Datblygiad gwaith y 'Llysgenhadon Ifanc'
- ☑ Twf y Cynllun Cenedlaethol i Atgyfeirio Cleifion i Wneud Ymarfer Corff
- ☑ Y ffaith y nodwyd yr angen i fuddsoddi er mwyn sicrhau bod Adnoddau Hamdden yn addas ar gyfer y dyfodol

Mae hyn yn golygu bod y sail yn gadarn ac y gall y cynllun strategol newydd adeiladu ar y sail honno.

Felly, ni fydd yn cael ei datblygu fel strategaeth sy'n sefyll ar ei phen ei hun ond fel cynllun gweithredu strategol sy'n asio wrth y modd y cyflawnir amcanion y cynlluniau canlynol:

- ☑ Cynllun Llesiant Lleol Ceredigion
- ☑ Cynllun Corfforaethol ac Amcanion Llesiant Cyngor Sir Ceredigion
- ☑ Strategaeth Ceredigion ar gyfer mynd i'r afael â chaledi
- ☑ Strategaeth Gydol Oes a Llesiant Ceredigion
- ☑ Cynllun Gofal Cymdeithasol Gorllewin Cymru

Yn ystod y broses adolygu hon gan swyddogion y cyngor, clustnodwyd y **Meysydd Gwelliant** canlynol a dylid mynd i'r afael â nhw yn y cynllun strategol newydd.

- ☑ Gweledigaeth hir dymor wedi ei hategu gan Gamau Gweithredu Strategol Tymor Byrrach o 3-4 blynedd
- ☑ Gwelliant yn y modd y cesglir data (ansoddol a meintiol) er mwyn dangos tystiolaeth o effaith y cynllun
- ☑ Sicrhau bod y 5 Dull o Weithio yn rhan annatod o'r cynllun
- ☑ Gwella perchnogaeth ac atebolrwydd
- ☑ Monitro cynnydd yn rheolaidd

# Cyngor Sir Ceredigion County Council - Integrated Impact Assessment (IIA)

An integrated tool to inform effective decision making

This **Integrated Impact Assessment tool** incorporates the principles of the Well-being of Future Generations (Wales) Act 2015 and the Sustainable Development Principles, the Equality Act 2010 and the Welsh Language Measure 2011 (Welsh Language Standards requirements) and Risk Management in order to inform effective decision making and ensuring compliance with respective legislation.

## 1. PROPOSAL DETAILS: (Policy/Change Objective/Budget saving)

Proposal Title	Ceredigion County Council Physical Activity Strategic Plan
----------------	--

Service Area	Porth Cymorth Cynnar	Head of Service	Elen James	Strategic Director	Caroline Lewis
--------------	----------------------	-----------------	------------	--------------------	----------------

Name of Officer completing the IIA	Carwyn Young	E-mail	Carwyn.young@ceredigion.gov.uk	Phone no	07812 487800
------------------------------------	--------------	--------	--------------------------------	----------	--------------

Please give a brief description of the purpose of the proposal

Development of a new strategic plan to replace the current "Sport and Recreational Activity Strategy 2014-2020" it's primary aim will be to increase physical activity levels within the county as a contributor to promoting positive health and wellbeing for the county citizens.

Who will be directly affected by this proposal? (e.g. The general public, specific sections of the public such as youth groups, carers, road users, people using country parks, people on benefits, staff members or those who fall under the protected characteristics groups as defined by the Equality Act and for whom the authority must have due regard).

All the residents of Ceredigion

**VERSION CONTROL:** The IIA should be used at the earliest stages of decision making, and then honed and refined throughout the decision making process. It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable development, Welsh language and equality considerations wherever possible.

<b>COUNCIL STRATEGIC OBJECTIVES:</b> Which of the Council's Strategic Objectives does the proposal address and how?	
Boosting the Economy	Promotion of the county's natural environment to be physically active can boost tourism in the county. The Wellbeing Centres service of the council is income generating and also employs a significant number of staff on a full and part time basis. The capital expenditure to create the Wellbeing Centres could also benefit local businesses if they are awarded the contract.
Investing in People's Future	The strategic plan will support and identify how we intend to support and develop both community volunteers and the paid workforce that support others to be physically active
Enabling Individual and Family Resilience	The strategic plan will identify how we plan to increase the levels of physical activity in a through age approach amongst the citizens of Ceredigion in order to derive the various benefits to an individual's health and wellbeing.
Promoting Environmental and Community Resilience	The strategic plan will identify how we plan to support community organisations to develop their provision of opportunities for people to be physically active and to ensure that they are able to sustain their provision into the future

**NOTE:** As you complete this tool you will be asked for **evidence to support your views**. These need to include your baseline position, measures and studies that have informed your thinking and the judgement you are making. It should allow you to identify whether any changes resulting from the implementation of the recommendation will have a positive or negative effect. Data sources include for example:

- *Quantitative data - data that provides numerical information, e.g. population figures, number of users/non-users*
- *Qualitative data – data that furnishes evidence of people's perception/views of the service/policy, e.g. analysis of complaints, outcomes of focus groups, surveys*
- *Local population data from the census figures (such as Ceredigion Welsh language Profile and Ceredigion Demographic Equality data)*
- *National Household survey data*
- *Service User data*
- *Feedback from consultation and engagement campaigns*
- *Recommendations from Scrutiny*
- *Comparisons with similar policies in other authorities*
- *Academic publications, research reports, consultants' reports, and reports on any consultation with e.g. trade unions or the voluntary and community sectors, 'Is Wales Fairer' document.*
- *Welsh Language skills data for Council staff*

<b>2. SUSTAINABLE DEVELOPMENT PRINCIPLES:</b> How has your proposal embedded and prioritised the five sustainable development principles, as outlined in the Well-being of Future Generations (Wales) Act 2015, in its development?			
Sustainable Development Principle	Does the proposal demonstrate you have met this principle? If yes, describe how. If not, explain why.	What evidence do you have to support this view?	What action (s) can you take to mitigate any negative impacts or better contribute to the principle?
<b>Long Term</b> Balancing short term need with long term and planning for the future.	Our intention is to agree a long term Aim for Physical Activity in Ceredigion underpinned by a series of Strategic Key Areas and Objectives	It follows an accepted approach to strategic planning that enables delivery to adapt to changes in policy and society	Ensure a formal review of progress is undertaken midway through the duration of the strategic plan to ensure that it's content remains relevant and appropriate.

<b>Collaboration</b> Working together with other partners to deliver.	<p>The strategic plan will certainly act as a driver for increased collaboration across the council as services recognise the contribution that they are able to make to getting people physically active.</p> <p>The strategic plan will also direct the council's future work with Community Managed Leisure facilities in Aberaeron, Cardigan, Llandysul and Tregaron and also with Aberystwyth University as we seek to maximise the contribution that they can make within the county.</p> <p>Community organisations provide a considerable amount of opportunities for people to be physically active and the strategic plan will direct our engagement with them.</p> <p>The strategic plan will contribute to the local Wellbeing plan and will be reported to the <b>Public Service Board (PSB) via the Integration and Co-location of Services Sub Group</b>. This, it is hoped, will influence the work of other PSB members i.e. Aberystwyth University, Natural Resources Wales and Hywel Dda Local Health Board and encourage them to explore new delivery partnerships with the council.</p>	<p>The delivery and development of Physical Activity cannot be the sole responsibility of the council.</p> <p>The council does not operate facilities within all the communities in the county therefore is dependent on other providers.</p> <p>The approach is intended to avoid unnecessary competition and duplication of effort, maximising effectiveness and efficiency.</p>	Ensure consistent and frequent engagement with key partners which incorporates the reporting of progress against the Strategic Plan.
<b>Involvement</b> Involving those with an interest and seeking their views.	<p>We will look to follow the Gunning Principles in developing the strategic plan starting with an online engagement exercise which outlines the challenges the council / county is facing in relation to the Development of Physical Activity and ask some set questions to gauge the opinion of the county's citizens.</p> <p>These responses will then be used to develop the Strategic Objectives which will be consulted on. During this consultation the opportunity will</p>	It supports the approaches identified in the new Ceredigion County Council engagement strategy.	<p>We need to monitor the effectiveness of our consultation approaches to ensure that we are getting a response that reflects the diversity of our county's citizens.</p> <p>We also need to ensure that due consideration is giving to the responses received and any pre conceived ideas avoided.</p>

	<p>also be sought to prioritise actions and inform delivery.</p> <p>We will also take into account the responses received to the review of the Assessment of Local Wellbeing planned for this year.</p> <p>The format of the second phase of consultations onwards will be determined by the covid regulations at that time and whether facilitated sessions and focus groups are possible at that time.</p> <p>We have also started to facilitate numerous internal discussion within the council to initially review the progress made against the current strategy as well as identifying future priorities.</p> <p>Following the review of the Assessment of Local Wellbeing, our intention is to hold a number of focus groups to seek feedback on the proposed <i>Framework</i> of the Strategic Plan and to start to identify the delivery priorities for the residents of the county. We will work with CAVO and other council departments to ensure that our engagement is as broad as possible and includes people with protected characteristics.</p> <p>We are also looking to improve our Customer Relationship Management capabilities within the Wellbeing Centre service which will enable us to proactively engage with users, gauge their satisfaction with the Service being provided and identify ways to improve.</p>		
<p><b>Prevention</b> Putting resources into preventing problems occurring or getting worse.</p>	<p>For every £1 in sport in Wales there is a return of £2.88, according to the Sport Wales Social Return on Investment in sport report</p>	<p>UK Chief Medical Officers Physical Activity Guidelines (2019)</p> <p>Sport Wales Social Return on Investment in Sport Report</p>	<p>Ensure we keep up to date with the latest research and insight</p>

The social value of improved health is £295.17m.</p> <p>Subjective wellbeing accounts for a significant proportion of the social value generated in Wales (60.6%).</p> <p>The <i>Healthy Weight Healthy Wales</i> Strategy aims to address the growing obesity problem that exists in Wales. Physical Activity is a contributor to tackling obesity</p> <p>Prevention and Early Intervention is one of the fundamental principles of the Social Services and Wellbeing (Wales) Act 2014. The aim is to increase preventative services within the Community to minimise the escalation of critical need.</p> <p>Physical inactivity can result and escalate numerous health conditions amongst individuals.</p> <p>Evidence show's that being physically active can make a positive contribution to people living healthier and longer lives</p> <p>The purpose of this strategic plan is to ensure that all the residents of Ceredigion have the opportunity and confidence to be physically active, by addressing the barriers that currently exist for people to be active through an activity of their choice.</p>	<p>The Wales SROI model estimates the value of the following outcomes:</p> <ul style="list-style-type: none"> <li>• Health (reduced risk of coronary heart disease and stroke; breast cancer; colon cancer; Type 2 diabetes; dementia, clinical depression and improved good health for participants)</li> <li>• Subjective well-being (improved subjective well-being for participants and volunteers)</li> <li>• Social capital (improved social capital for communities)</li> <li>• Education (improved educational attainment and enhanced human capital);</li> <li>• Crime (reduced criminal incidences)</li> <li>• Non-market benefits acquired by sports organisations utilising volunteers</li> </ul> <p>Healthy Weight Healthy Wales Strategy and Action Plan</p> <p>Social Services and Wellbeing (Wales) Act 2014</p> <p>Ceredigion County Council Throughage and Wellbeing Strategy</p>

<p><b>Integration</b> Positively impacting on people, economy, environment and culture and trying to benefit all three.</p>	<p>This strategic plan aims to strengthen the relationship and contribution that physical activity makes to wider corporate agendas and day to day life in Ceredigion.</p> <p>By prioritising the focus of council services it will enable other physical activity providers to identify where they can make the greatest contribution to this agenda.</p> <p>The Wellbeing Centres Service within Porth Cymorth Cynnar is the council's primary service for the development and delivery of physical activity and it will seek to increase it's contribution to the delivery of other council service areas.</p> <p>The council's leisure facilities are currently amongst the most energy inefficient buildings in the council's portfolio and investment in improving their energy efficiency will have a positive impact on the environment.</p> <p>The county is blessed with an outstanding natural environment and increasing the amount of walking and cycling that takes place will have a positive impact on the environment.</p> <p>Evidence show's that young people who are welsh speaking have higher participation rates than non welsh speakers therefore the opportunity exists to increase the range of opportunities available to be active through the medium of the welsh language.</p> <p>Ceredigion has an above average number of self employed individuals however this has not translated to individuals in the physical activity field, there is an opportunity to increase physical activity as a viable means of self employment.</p>	<p>Ceredigion County Council Business Plans and annual reports Sport Wales School Sport Survey results</p> <p>Evidence via Ceredigion County Council's Net Zero Carbon Programme and procurement data.</p>	<p>Monitor and improve reporting mechanisms to effectively evidence this principle.</p>

### Please give a brief description of the purpose of the proposal

As part of its commitment to form a Through Age Wellbeing Programme CCC plan to establish Wellbeing Hubs in North, Mid and South Ceredigion. Each Wellbeing Hub (the area) will host a 'Wellbeing Centre' - a facility that enhances its core Physical Activity and Leisure offer with meeting, consultation and treatment spaces. The Wellbeing Centre will incorporate services that consider and improve the Physical, Mental and Social aspects of an individual's wellbeing and contribute to them achieving their full potential.

These will include health and wellbeing services (inc. mental health support), skills and employment advice, hardship and housing support, services for young people and also support for carers. There will be new and immediate factors that will need to be considered in light of the Covid-19 pandemic that were perhaps not at the top of the agenda 12 months ago.

The Hub will be enhanced through a network of other venues and outreach provision to provide an integrated delivery of Wellbeing Services to Ceredigion's residents.

This IIA relates to the creation of the first Wellbeing Centre in the county which it is proposed will be created at Lampeter Leisure Centre. The Porth Cymorth Cynnar service of the Through-Age Wellbeing Programme will lead on this development.

From the point of first contact through to receiving support and service delivery, the programme model is designed to be accessible and to provide equality of opportunity for all, including people with the Protected Characteristics. The Lampeter Wellbeing Centre will be one of the primary locations for the delivery of services from across the Through Age Programme
