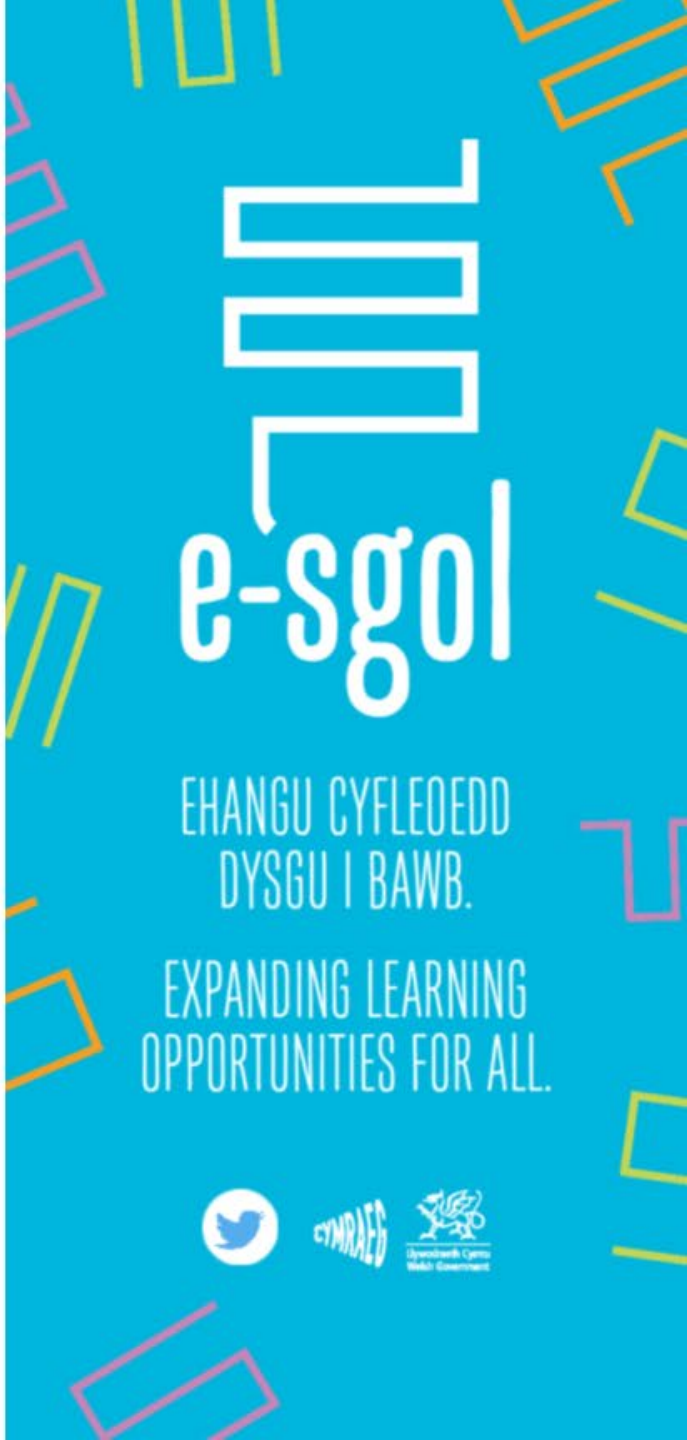
e-sgol General Manager

Gareth Lanagan
Ymgynghorydd e-sgol
e-sgol Consultant

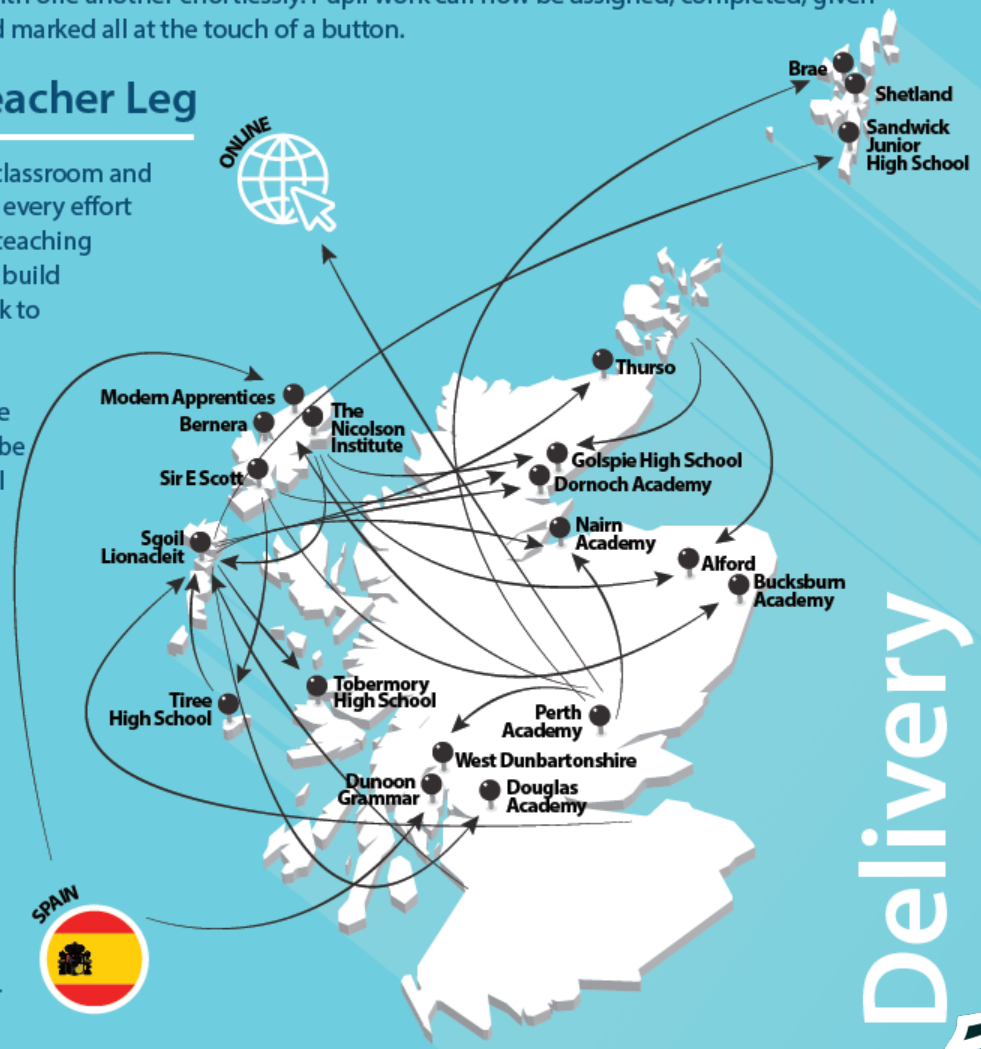


Freely available online collaboration tools allow for the creation of a digital classroom where pupils and teachers can communicate with one another effortlessly. Pupil work can now be assigned, completed, given 'live' feedback, submitted and marked all at the touch of a button.

The Teacher Leg

Relationships are key to any classroom and the e-Sgoil teacher will make every effort to visit pupils before remote teaching begins. This teacher will then build upon the school visit and seek to further develop relationships through regular in-class conversations and one-to-one interactions. The teacher will be the leader of learning and will ensure that lessons cover all areas of curricular content and are delivered in an engaging and interactive manner.

The role of the in-class facilitator is to provide in-class supervision and offer support as and when required. They will have a role in keeping pupils focussed, on task and will provide regular feedback to the e-Sgoil teacher based on their observations.



Delivery

e-sgol

The aims of e-Sgoil are:

broadening and extending a range of subjects in Western Isles secondary schools

To support Gaelic medium education at local and national level

create a network of different subject teachers with the ability to teach online across the country

assisting the Comhairle nan Eilean Siar workforce plan in relation to adult education and New Apprenticeships.

e-sgoil

EHANGU CYFLEOEDD DYSGU I BAWB.

EXPANDING LEARNING OPPORTUNITIES FOR ALL.
